Liberalism Versus Conservatism François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title and author

Liberating Liberals Bill Branyon, 2010-09-22 Liberating Liberals Catapult to the exhilarating and terrifying outer limits of freethinking then glide back to the inner infinity of philosophical calm this time with liberal guilt totally eliminated and liberal happiness and effectiveness greatly increased All while finding the definite answers to God vs no God capitalism vs socialism and Paris Hilton vs Meryl Streep

Liberty Means Freedom for All Steven H. Propp, 2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It's an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand's philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place
