Life! Why We Exist... and What We Must Do to Survive Martin G. Walker, 2007-02 Have you ever wondered why we re here what it all means In *Life Why We Exist And What We Must Do to Survive* Martin Walker reveals that the laws of space and time shape our form and purpose and that by acting on this purpose we can ensure the continued survival of life on earth Life guides us toward the inescapable conclusion that life s persistence is our number one goal this goal not only shapes everything we do think and feel but holds our future in the balance With its compelling and fascinating description of the origins of morality spirituality politics and love Life stands on its own as a work of great literature In its contribution to human understanding it is the most important book since Darwin s *The Origin of Species* Why do we exist Why does anything exist Rationalists would argue that the answer lies in a complete and comprehensive understanding of the physical aspects of the universe Those with a more spiritual outlook might claim that science only tells part of the story that the ultimate answer rests on faith And philosophers may raise an eyebrow at any attempt to achieve an ultimate answer But

The Silent Voice of Grief P. R. Hernon,2022-04-19 The Silent Voice of Grief is a collection of free verse poetry and prose that chronicles the spiritual journey of grief and sorrow after the death of a loved one The poems were written during a two year span after the death of the author s son as a way to turn grief and sorrow into acquiescence and loving remembrance Nineteen years later Hernon is finally ready to release this deeply personal work into the world She hopes that other parents who have lost a child to death from addiction or other causes may find solace and understanding in the lines of this work The depth of sadness that one feels after loss is not often understood by those who stand outside the tragedy and there is comfort to be had in seeing those experiences reflected in the written word
