Bloody Panico! Geoffrey Wheatcroft, 2024-05-28 The most successful political party in history The Tory Party has been in power for eighty five of the past 135 years In 2019 they won their largest parliamentary majority in more than three decades They have had a long way to fall since and they've done it at incredible speed As Geoffrey Wheatcroft shows we have witnessed not simply the collapse of the party but the shattering of its very foundations Bloody Panico opens the sorry tale with the Tories return to power in 2010 with Call Me Dave Cameron at the helm The turmoil of the referendum followed as Boris championed a Leave campaign he didn't believe in for supporters with no clear idea what they were demanding Beyond the pantomime of Boris Truss's kamikaze premiership and the squirming managerial tedium of Sunak the party is riven by resentment and confusion It is a maelstrom of petty and shameless infighting The Tories' ancient instinct for survival has deserted them along with any shred of concern for public well being The next general election could see them cast into the wilderness for decades Leading political commentator Geoffrey Wheatcroft argues that this is an existential crisis for the party a tipping point in British political history
