The Twelve Sacred Principles Of Karma:

The Twelve Sacred Principles of Karma Steven L. Hairfield, 2009-06 Taking in a sweeping introspection from the abusive beginnings of my childhood to my military deployment into Vietnam to my incredible sojourn in the Far East I fully realized that my journey was set in motion at the very moment of my birth This is absolutely remarkable Who would have figured out that from my early experiences with my father I would come to honor and thank him for all what he had given me Who would have known that I would meet my first teacher a Zen Master living close to a war torn village who would guide me to follow my intuitive senses Who had pre planned and planted the urge for me to fly to India of all places so I could meet my Master Teachers and walk the path of the Master Christ all the while teaching me to interact with consciousness to utilize meditation and to fully understand Karma Admit it now if not Karma did you plan all this for me Individual life is such a truly wondrous gift such a perfect tool to use as our body of perfection moves forward and evolves throughout its journey I have had the opportunity to study with the most magnificent people ever placed in this world Tibetan Monks My life began from very difficult beginnings which ultimately led me to the halls of monasteries in the Far East to learn the truths of life These truths are now being shared with you in the pages of this book They contain not only the information on Karma but also to the way they are taught Some of these stories are very humorous in the techniques which were used by my teachers The words contained within the pages are to enlighten and to empower you in all that you do I had the wonderful opportunity to study the Tibetan Buddhist path to full consciousness in this life and it is my humble desire to share that knowledge with you Many years have passed since my sojourn in the Far East but the knowledge is more ingrained in me today than when originally taught I have since traveled the halls of academia until achieving my Ph D and know that academia is not able to teach a person who they truly are along with the magnificence of being human It is my desire today through writing seminars and interacting with people to get them to reach for their own divine nature Read more at [www innercirclepublishing com](http://www.innercirclepublishing.com) or [www hairfield com](http://www.hairfield.com)

Wheel of Initiation Julie Tallard Johnson, 2010-07-12 A guide to personal spiritual initiation through the transformation of habitual patterns apathy and resistance Based on the Native American medicine wheel the Vedic wheel and the universal initiatory mandala Enables readers from any tradition to initiate themselves through practices of thought transformation narrative medicine meditation exercises rituals and journaling Facilitates breaking through personal and societal illusions that perpetuate resistance and apathy Intentions and spiritual principles meditation and contemplation ritual and risk taking are the conditions that comprise an initiated life Regrettably in modern society we do not have rites of initiation that break

through the personal and societal illusions that instill and perpetuate negative habits that keep us in states of resistance. Lacking initiation practices we often remain trapped in ways of being in the world that were formed by our past conditions and attachments. We tend to identify too strongly with the status quo which must be challenged to prevent stagnation and to encourage happiness and authenticity. Julie Tallard Johnson shows how to become initiated into an authentic life through practices of thought transformation, cultivating attention, journaling, storytelling, and rituals found in the four directions of the universal mandala. She begins the Wheel of Initiation in the South where initiates set their intentions, then moves into the West where they free themselves from habitual patterns and core beliefs, then into the North, the direction of cultivating attention and unity, and finishes in the East, the direction of regeneration and initiation. Drawing upon the life experiences of those who have successfully navigated the wheel, Johnson demonstrates that once fears, assumptions, and ingrained beliefs are confronted and transformed, initiates emerge ready to reenter society with renewed energy and vision that will enrich their own lives and their communities.

Reality/The Inconceivable Truth Michael Duncan, 2014-01-16. This book's aim is to impart the ultimate purpose of human existence and that goal is called self-realization; it is to restore our lost connection with our divine friend who is and has always been situated within the core of our hearts. The conscious effort of reviving one's relationship with the Lord's localized feature is also known as the dovetailing process. The author, Mike Duncan, seeks to imbue to his readers a taste of the stunning truth about God, a taste said to be so sweet that it is sure to motivate the sincere truth-seeking soul to investigate the eternal, transcendental science by which one can come to know everything about Him. The author concludes that this science of self-realization, established personally by God, is the eternally approved method of approaching Him. It is the only means by which one can rise above the illusory, bodily conception of life to the spiritual platform, the platform of reality on which everything is known. In the present, degraded age of Kali, the age of quarrel, there is a special potency which is available to persons who accept the descending spiritual authority. His Divine Grace Srila Prabhupada is the latest descendant from the spiritual world who is authorized by the Lord to present Him to the inhabitants of this mortal world. His Grace is instructing as follows: One who is ignorant of the scientific knowledge of the soul does not look inside the body to find happiness in the soul. The living being, covered by the material body, does not see the happiness within himself but runs after happiness in the material world. When one understands his real identity as spiritual being, he can understand the supreme spiritual being, Krishna, and the real happiness exchanged between Krishna and one's self. SB 7.13.29.
