The Unicorn And The Black Panther:

The Unicorn and the Black Panther Carol Dozier, 2007-02-23 In a towering castle overlooking the sea in 18th century England a love story evolves between an innocent young heiress and a formidable lord Secret rendezvous smoldering passions and sinful sensations rule their thoughts and emotions The medieval fortress is haunted by a beautiful ghost and on storm swept nights the ethereal apparition can be seen floating eerily over the Dover cliffs in search of her lover of long ago Haunting memories of her past help to predict events of the future Mystery and intrigue surround Crystalena and after her life is threatened by desperadoes and she overhears a plot to have her married off to an old man she escapes the castle on horseback Later that evening amid thunder and lightning Devlin finds the raven haired beauty lying unconscious in the road with a black stallion and an Irish Wolfhound standing guard on either side of her motionless body The destiny of the young lovers are forever intertwined much in the same way as the symbolic creatures of Black Heath Castles coat of arms THE UNICORN AND THE BLACK PANTHER

Black Panther Terence McSweeney, 2021-11-01 Named a Nonfiction Book Awards Gold Winner by the Nonfiction Authors Association Gold Winner of the 2022 eLit Book Award for Popular Culture Winner of a National Indie Excellence Award in the category of Movies TV Book of the Year 2021 in African Studies awarded by CESTAF Winner of the 2022 Best Book Award in the category of Performing Arts Black Panther is one of the most financially successful and culturally impactful films to emerge from the American film industry in recent years When it was released in 2018 it broke numerous records and resonated with audiences all around the world in ways that transcended the dimensions of the superhero film In Black Panther Interrogating a Cultural Phenomenon author Terence McSweeney explores the film from a diverse range of perspectives seeing it as not only a comic book adaptation and a superhero film but also a dynamic contribution to the discourse of both African and African American studies McSweeney argues that Black Panther is one of the defining American films of the last decade and the most remarkable title in the Marvel Cinematic Universe 2008 The MCU has become the largest film franchise in the history of the medium and has even shaped the contours of the contemporary blockbuster but the narratives within it have almost exclusively perpetuated largely unambiguous fantasies of American heroism and exceptionalism In contrast Black Panther complicates this by engaging in an entirely different mythos in its portrayal of an African nation never colonized by Europe as the most powerful and technologically advanced in the world McSweeney charts how and why Black Panther became a cultural phenomenon and also a battleground on which a war of meaning was waged at a very particular time in American history
