The Unknown Craftsman A Japanese Insight Into Beauty:

The Unknown Craftsman Muneyoshi Yanagi, Bernard Leach, 1989 Mr Yanagi sees folk art as a manifestation of the essential world from which art philosophy and religion arise and in which the barriers between them disappear The implications of the author's ideas are both far reaching and practical **The Unknown Craftsman** Soetsu Yanagi, Bernard Leach, 1972 **The Unknown Craftsman** Muneyoshi Yanagi, 1978 **The Unknown Craftsman : a Japanese Insight Into Beauty** Soetsu Yanagi Hamada (Bernard Leach, Shoji), 1972 **The Unknown Craftsman** Muneyoshi Yanagi, 1976

Unknown Craftsman Soetsu Yanagi, 1982 *The Aesthetics of Japanese Fascism* Alan Tansman, 2009-08-12 In this wide ranging study of Japanese cultural expression Alan Tansman reveals how a particular often seemingly innocent aesthetic sensibility present in novels essays popular songs film and political writings helped create an aesthetic of fascism in the years leading up to World War II Evoking beautiful moments of violence both real and imagined these works did not lead to fascism in any instrumental sense Yet Tansman suggests they expressed and inspired spiritual longings quenchable only through acts in the real world Tansman traces this lineage of aesthetic fascism from its beginnings in the 1920s through its flowering in the 1930s to its afterlife in postwar Japan **The Culture of Spontaneity** Daniel Belgrad, 1998-06-08 In the first comprehensive history of the postwar avant garde Belgrad contributes valuable insight and original scholarship to the study of projective and spontaneous aesthetics among cutting edge art movements of the American midcentury Tom Clark author of Jack Kerouac A Biography 8 color plates 28 halftones *Paul Tillich - Journey to Japan in 1960* Tomoaki Fukai, 2013-10-29 In the summer of 1960 Paul Tillich visited Japan Together with his wife Hannah he spent eight weeks in the country sightseeing lecturing and having discussions with local scholars This monograph provides the first comprehensive documentation of Tillich's journey highlighting the political context and the itinerary of his visit Moreover Tomoaki Fukai presents the manuscripts of Tillich's lectures his conversations with leading Buddhists in Kyoto and his correspondence with his Japanese hosts **The Japanese Arts and Self-Cultivation** Robert Edgar Carter, 2008-01-01 Explores how spiritual values are learned and mind and body developed through the practice of the Japanese arts **Listening to Clay** Alice North, Halsey North, Louise Allison Cort, 2022-06-14 The first book to tell the stories of some of the most revered living Japanese ceramists of the century tracing the evolution of modern and contemporary craft and art in Japan and the artists considerable influence which far transcends national borders *Listening to Clay Conversations with Contemporary Japanese Ceramic Artists* is the first book to present conversations with some of the most important living Japanese ceramic artists Tracing the evolution of modern and contemporary craft and art in Japan this groundbreaking volume highlights sixteen individuals whose unparalleled skill and creative brilliance have lent them an influence that far transcends national borders Despite forging illustrious careers and earning international recognition for their work these sixteen artists have been little known in terms of their personal stories Ranging in age from sixty three to ninety three they embody the diverse experiences

of several generations who have been active and successful from the late 1940s to the present day a period of massive change Now sharing their stories for the first time in *Listening to Clay* they not only describe their distinctive processes inspirations and relationships with clay but together trace a seismic cultural shift through a field in which centuries old but exclusionary potting traditions opened to new practitioners and kinds of practices *Listening to Clay* includes conversations with artists born into pottery making families as well as with some of the first women admitted to the ceramics department of Tokyo University of the Arts telling a larger story about ingenuity and trailblazing that has shaped contemporary art in Japan and around the world Each artist is represented by an entry including a brief introduction a portrait selected examples of their work and an intimate interview conducted by the authors over several in person visits from 2004 to 2019 At the core of each story is the artist's personal relationship to clay often described as a collaboration with the material rather than an imposing of intention The oldest artist interviewed Hayashi Yasuo enlisted in the army during WWII at age fifteen and trained as a kamikaze pilot He was born into a family that had fired ceramics in cooperative kilns for generations but he rejected traditional modes and went on to be the first artist in Japan to make truly abstract ceramic sculpture In the late 1960s another artist Mishima Kimiyo developed a technique of silkscreening on clay and began making ceramic newspapers to comment on the proliferation of the media She became fascinated with trash recreating it out of clay and worked in relative obscurity for decades until she had a major exhibition in Tokyo in 2015 Featuring a preface by curator writer and historian Glenn Adamson and a foreword by Monika Bincsik the Associate Curator for Japanese Decorative Arts at The Metropolitan Museum of Art *Listening to Clay* has been a project more than fifteen years in the making for authors Alice and Halsey North respected and knowledgeable collectors and patrons of contemporary Japanese ceramics and Louise Allison Cort Curator Emerita of Ceramics National Museum of Asian Art Smithsonian Institution The book also includes conversations with five important dealers of contemporary Japanese ceramics who have played and are playing a critical role in introducing the work of these artists to the world several detailed appendices and a glossary of terms relevant people and relationships *Listening to Clay* is a long overdue and insightful book that for the first time spotlights some of Japan's most celebrated contemporary ceramic artists through personal idiosyncratic accounts of their day to day lives giving special access to their creative process and artistic development

Moral Agency in Eastern and Western Thought Jonathan Jacobs, Heinz-Dieter Meyer, 2024-07-30 This volume explores how individuals use moral agency to craft the moral dispositions and moral capabilities needed for living well lived lives It draws on Eastern and Western philosophical and ethical traditions to formulate and address key issues concerning character development and moral agency In both Eastern and Western traditions the complexities of shaping an individual's moral agency focus on sustained processes of inner self cultivation The chapters in this volume highlight the ways in which one is to manage and direct one's desires and aspirations and what is to count as the source of guidance for a well lived life They engage with key figures and traditions in the history of Eastern and

Western philosophy including Confucian Buddhist and Western sources from Aristotle to Kant The juxtaposition of sources from the different parts of the world highlights striking similarities and significant contrasts and provides rich conceptual resources for further exploration of these issues The volume provides a broader deeper pursuit of central issues of moral psychology and ethics in ways that highlight the inexhaustible resources in these traditions The focus on character is a way to draw together perspectives on ethical life theories of human agency views of fundamental life guiding values and relations between individuals and society and how persons see their place in the world Moral Agency in Eastern and Western Thought will appeal to scholars and advanced students working on virtue ethics moral psychology comparative philosophy and history of philosophy

Pure Land Buddhism in Modern Japanese Culture Elisabetta Porcu,2008-08-31 Despite being one of the most influential forms of Japanese Buddhism the Pure Land tradition and notably its impact on the development of Japanese cultural history has often been overlooked outside Japan Taking into account recent scholarship on orientalism and occidentalism this book written from the perspective of the Study of Religions provides an analysis of the impact that the Pure Land tradition in particular Shin Buddhism has exerted on mainstream forms of artistic expression especially creative arts literature and the tea ceremony in modern and contemporary Japan

Diversity in Japanese Culture and Language John C. Maher,Gaynor Macdonald,2012-11-12 This is the first in depth study of the other Japan the diverse and complex culture that belies the conventional portrayal of Japan as a homogenous entity Moving fascinating and surprising this book sets out the largely untold story of the cultural ethnic and linguistic diversity found in Japan today where members of marginal societal groups are ignored by the mainstream on the grounds of physical ethnic religious or other differences Among them are the Ainu Koreans Buraku women returnees and the deaf for all of whom this work serves as a forum to give eloquent voice to their history and present situation This unique study describes the existing plurality in Japan in order to start balancing the perspectives which currently exist in the non Japanese literature about Japan to challenge the myth of Japanese uniqueness by focusing on very common experiences that Japanese people share with peoples in other parts of the world and above all to counteract the common tendency to see complexity as a threat by illustrating the value to society as a whole of diversity and cultural plurality

Global Clay John A. Burrison,2017-06-16 For over 25 000 years humans across the globe have shaped decorated and fired clay Despite great differences in location and time universal themes appear in the world s ceramic traditions including religious influences human and animal representations and mortuary pottery In *Global Clay Themes in World Ceramic Traditions* noted pottery scholar John A Burrison explores the recurring artistic themes that tie humanity together explaining how and why those themes appear again and again in worldwide ceramic traditions The book is richly illustrated with over 200 full color cross cultural illustrations of ceramics from prehistory to the present Providing an introduction to different styles of folk pottery extensive suggestions for further reading and reflections on the future of traditional pottery around the world *Global Clay* is sure to become a classic for all who love art and pottery and all who are

intrigued by the human commonalities revealed through art **The Social Life of Art** Peter Stupples, Jane Venis, 2014-11-10 This study examines not only the objects and processes that make up the artworlds of human history but also the social and cultural circumstances the historicised contexts that bring about their making frame their functioning inform their properties and influence their effects both at the time of their creation and throughout their subsequent biographies In the short span that art has played a part in human life one may conceive of time as a social river with a strong current towards the capricious mainstream and eddies and quiet pools near the banks The current will flow faster in spate and slower in drought But it will be forever in motion It will be unpredictable Nothing will stop its inexorable force Art runs in that social river subject to the flow and chance of time The Routledge Companion to Design Studies Penny Sparke, Fiona Fisher, 2016-06-17 Since the 1990s in response to dramatic transformations in the worlds of technology and the economy design a once relatively definable discipline complete with a set of sub disciplines has become unrecognizable Consequently design scholars have begun to address new issues themes and sub disciplines such as sustainable design design for well being empathic design design activism design anthropology and many more The Routledge Companion to Design Studies charts this new expanded spectrum and embraces the wide range of scholarship relating to design theoretical practice related and historical that has emerged over the last four decades Comprised of forty three newly commissioned essays the Companion is organized into the following six sections Defining Design Discipline Process Defining Design Objects Spaces Designing Identities Gender Sexuality Age Nation Designing Society Empathy Responsibility Consumption the Everyday Design and Politics Activism Intervention Regulation Designing the World Globalization Transnationalism Translation Contributors include both established and emerging scholars and the essays offer an international scope covering work emanating from and relating to design in the United Kingdom mainland Europe North America Asia Australasia and Africa This comprehensive collection makes an original and significant contribution to the field of Design Studies

Fashionable Traditions Ayami Nakatani, 2020-01-28 Textiles play a decisive role in history attire not only indicates status gender ethnicity and religion but illustrates how such boundaries are continuously being negotiated shifted and recreated *Fashionable Traditions* captures the complex reality of Asian handmade textile production and consumption From traditionalist discourse and cultural authenticity to fashion and market trends the contributors to this collection demonstrate the multilayered influence of often contradictory forces In depth ethnographic case studies reveal the entangled relationships between local artisans external interventions and consumers while acknowledging the broader frameworks in which such relationships are situated Together these stories offer a vivid account of the socio economic political and cultural dynamics in various parts of Asia and emphasize that fashion is neither a Western prerogative nor do its roots reside solely in the West

The Encyclopedia of Contemporary Japanese Culture Sandra Buckley, 2009 This encyclopedia covers culture from the end of the Imperialist period in 1945 right up to date to reflect the vibrant nature of contemporary Japanese society and culture

Surf Craft Richard Kenvin, 2014-07-18 The evolution of the surfboard from traditional Hawaiian folk designs to masterpieces of mathematical engineering to mass produced fiberglass Surfboards were once made of wood and shaped by hand objects of both cultural and recreational significance Today most surfboards are mass produced with fiberglass and a stew of petrochemicals moving or floating billboards for athletes and their brands emphasizing the commercial rather than the cultural *Surf Craft* maps this evolution examining surfboard design and craft with 150 color images and an insightful text From the ancient Hawaiian alaia the traditional board of the common people to the unadorned boards designed with mathematical precision but built by hand by Bob Simmons to the store bought longboards popularized by the 1959 surf exploitation movie *Gidget* board design reflects both aesthetics and history The decline of traditional alaia board riding is not only an example of a lost art but also a metaphor for the disintegration of traditional culture after the Republic of Hawaii was overthrown and annexed in the 1890s In his text Richard Kenvin looks at the craft and design of surfboards from a historical and cultural perspective He views board design as an exemplary model of mingei or art of the people and the craft philosophy of Soetsu Yanagi Yanagi believed that a design's true beauty and purpose are revealed when it is put to its intended use In its purest form the craft of board building along with the act of surfing itself exemplifies mingei *Surf Craft* pays particular attention to Bob Simmons's boards which are striking examples of this kind of functional design mirroring the work of postwar modern California designers *Surf Craft* is published in conjunction with an exhibition at San Diego's Mingei International Museum
