Tobruk The Great Siege Reassessed:

Tobruk Frank Harrison,1996 This is a study of one of the major actions of World War II Tobruk the longest siege in British military history overseas This reassessment describes the role of the Australians holding the siege Rommel's part in creating the situation and the part played by the 70th British Division an often overlooked action which broke the stalemate and invincibility of Rommel *Battle Story: Tobruk 1941* Pier Paolo Battistelli,2011-11-30 The siege of Tobruk lasted 240 days during which the gallant garrison of Allied soldiers including the famous Desert Rats held out against constant attacks from Rommel's Afrika Korps The battle became one of the longest sieges in British military history and a potent symbol of British resistance To understand what happened and why read Battle Story Diary extracts and quotes offer a real insight into what it was like for the Allied soldiers to live under siege Maps highlight the adversities of the terrain and the strategic importance of the Tobruk fortress Rare photographs place you on the frontline of the unfolding action Orders of battle reveal the composition of the opposing forces armies Packed with fact boxes this short introduction is the perfect way to explore this important battle *Tobruk's Easter Battle 1941* John H. G. Mackenzie-Smith,2011 The initial Australian and British victory over Rommel's Afrika Korps on Easter Monday 1941 at Tobruk was Germany's first defeat in World War II Incongruously the vital actions of Queensland's 2/15 Battalion on that day have been generally ignored For the first time this investigation places that lost body of infantrymen nearly four miles from the outer perimeter near El Adem crossroads There they were dug in around two gallant Royal Horse Artillery batteries which incurred heavy losses in turning around a concerted Panzer attack In that battle the 2/15 A Company delivered the final blow to the accompanying German infantry led by the formerly invincible Lt Colonel Gustav Ponath who was killed in the field This ably researched and intriguing episode redresses the brave 2/15's subsequent sense of injustice *Tobruk* William F Buckingham,2008-04-01 The siege of Tobruk was the longest in British military history The coastal fortress and deep water port was of crucial importance to the battle for North Africa and the key that would unlock the way to Egypt and the Suez Canal For almost a year the isolated garrison held out against all attempts to take it and in the process Tobruk assumed a propaganda role that outweighed its great strategic value becoming a potent symbol of resistance when the war was going badly for the British Goebbels referred to the garrison as rats and they proudly adopted the insult as a title and became the Rats of Tobruk When it finally fell to German tanks on 21 June 1942 with the loss of 25 000 men Churchill said it was one of the heaviest blows I can recall during the war William F Buckingham's startling account drawing extensively on official records and first hand accounts from both sides is a comprehensive history of this epic struggle and essential reading for anyone with an interest in the Western Desert Campaign **Great Sieges in World History** Spencer C. Tucker,2021-02-15 This impressive collection of 100 of the most decisive and important sieges spans human history and covers conflicts in Africa Asia Europe and the Americas This engaging reference work provides readers with detailed coverage on the sieges that have had the biggest impact on world

A Very British Experience Andrew Stewart, 2020-01-29 In terms of the Second World War and Britain s wartime strategy three elements deserve close scrutiny the paramount importance of defending the British mainland and its population the challenges of building and maintaining coalitions and alliances and the central role the African continent assumed in all British strategic planning A concluding essay reflects upon the degree to which in the face of an often uncertain and unconvincing approach these critical themes underpinned the British experience of the conflict Topics addressed include 1940 and the Defence of Britain relations with the United States the British Empire Air Training Plan General Boy Browning and Operation Market Garden the recall of General Alan Cunningham from Libya in 1941 plans for defending the Royal Family Exercise Genesis which turned west London into a battleground for a day in May 1942 and the role of the Eastern Fleet off Africa Andrew Stewart provides a compelling chapter on the loss of the Tobruk garrison in June 1942 one of the worst military disasters suffered by the British Empire during the Second World War The essay on Tobruk demonstrates how all three defining elements of wartime experience converged the loss of public confidence about how the war was being conducted its impact on the relationship with the Union of South Africa a key partner in the Dominion wartime coalition and the absolute necessity that existed for deep strategic planning on the African continent subsequently to be realised at the final battle at El Alamein
