Tocqueville James T. Schleifer, 2018-10-22 Alexis de Tocqueville a French aristocrat paradoxically famous for his insights into democracy and equality is one of history's greatest analysts of American society and politics His contributions to political theory and

sociology are of enduring significance This book from one of the world's leading experts is a clearly written and accessible introduction to Tocqueville's social and political theories Schleifer guides readers through his two major works *Democracy in America* 1835-40 and *The Old Regime and the Revolution* 1856 as well as his working papers correspondence and other writings Schleifer examines Tocqueville's essential themes and explores the various meanings of his key terms including equality democracy liberty and revolution He combines a skillful exposition of Tocqueville's analysis of the beneficial and harmful consequences of democracy with a crystal clear discussion of his often overlooked economic ideas and social reform proposals Schleifer traces both the overall unity and the significant changes in Tocqueville's ideas demonstrating the complexity and subtlety of his thought and the importance of his legacy It will be essential reading for all scholars students and general readers interested in the history of political thought political theory American politics and sociology

Democracy in America: The Arthur Goldhammer Translation, Volume Two Alexis de Tocqueville, 2012-02-16 *Democracy in America* is arguably the most perceptive and influential book ever written about American politics and society The Library of America now presents Arthur Goldhammer's acclaimed translation in a two volume Paperback Classics edition Winner of the 2004 Translation Prize awarded by the French American Foundation Goldhammer's elegant rendering is the first to capture fully the precision and grace of Tocqueville's style and the full force of his profound ideas and observations Volume One 1835 and Volume Two 1840 are published separately each with its own introductory essay by historian Olivier Zunz Why the American Century exploring the creation and evolution of Tocqueville's masterpiece Tocqueville's Political Economy Richard Swedberg, 2018-02-27 Alexis de Tocqueville 1805-59 has long been recognized as a major political and social thinker as well as historian but his writings also contain a wealth of little known insights into economic life and its connection to the rest of society In *Tocqueville's Political Economy* Richard Swedberg shows that Tocqueville had a highly original and suggestive approach to economics one that still has much to teach us today Through careful readings of Tocqueville's two major books and many of his other writings Swedberg lays bare Tocqueville's ingenious way of thinking about major economic phenomena At the center of *Democracy in America* Tocqueville produced a magnificent analysis of the emerging entrepreneurial economy that he found during his 1831-32 visit to the United States More than two decades later in *The Old Regime and the Revolution* Tocqueville made the complementary argument that it was France's blocked economy and society that led to the Revolution of 1789 In between the publication of these great works Tocqueville also produced many lesser known writings on such topics as property consumption and moral factors in economic life When examined together Swedberg argues these books and other writings constitute an interesting alternative model of economic thinking as well as a major contribution to political economy that deserves a place in contemporary discussions about the social effects of economics **Feminist Interpretations of Alexis de Tocqueville** Jill Locke, Eileen Hunt Botting, 2010-11-01 **Reading Tocqueville** R. Geenens, A. De Dijn, Annelien De Dijn, 2007-11-09 This volume sets up a dialogue between the historical and

the contemporary Tocqueville How does a contextualization of Tocqueville or a focus on his embeddedness in nineteenth century political culture add to our understanding of his political thought How has the use of his writings in political debate influenced the reception of his work **Democracy in America (Deluxe Library Binding) (Annotated)** Alexis de Tocqueville,2020-12-08 Democracy in America examines the democratic revolution Tocqueville observed over the previous several hundred years The focus of the book is on why democracy has succeeded in the United States while failing in so many other places Conversations with Tocqueville Aurelian Craiutu,Sheldon Gellar,2009-02-16 The questions and issues raised by Tocqueville in his monumental studies of France and America are just as crucial for understanding the evolution of democracy in the West and the development of democracy in the non western world They clearly show the breadth of Tocqueville s contributions to the development of modern social sciences Among the questions addressed by Tocqueville were How does the weight of the past affect the evolution of political institutions and political behavior What impact do differences in physical environment have on the organization of society What are the relationships between social equality freedom and democracy To what extent does centralization destroy the capacity for local initiative and self governance What conditions are needed to nurture the flourishing of self governing communities What safeguards are needed to preserve freedom and to prevent incipient democracies from becoming dictatorships Why has democracy had such a problem taking hold in many parts of the non western world How should one study democracy in non western settings Tocquevillian analytics can help us provide answers Addressed to a wider audience than Tocqueville scholars the book argues that Tocquevillian analytics can be used to understand developments in non western as well as western societies and be updated to address such issues as globalization ethnicity New World Old World comparisons and East West dynamics The first part of the book examines the basic components of Tocquevillian analytics outlining its stepwise interdisciplinary approach to understanding societies and nations The second part applies the Tocquevillian conceptual framework to the contemporary world and contains individual chapters on various regions of the world North America Russia Western Europe Asia Africa and Latin America Unlike previous collective works on Tocqueville *Conversations with Tocqueville* does not offer a survey of the authors views but instead focuses on presenting a cohesive *American Environmentalism* J. Michael Martinez,2013-06-20 Protecting the natural environment and promoting sustainability have become important objectives but achieving such goals presents myriad challenges for even the most committed environmentalist *American Environmentalism* Philosophy History and Public Policy examines whether competing interests can be reconciled while developing consistent cohe

Eventually, you will agreed discover a other experience and deed by spending more cash. yet when? accomplish you understand that you require to get those every needs past having significantly cash?
