The Direct Path to Self-Realisation and Beyond Cliff Bunnig, 2011-04-05 This is a book about spiritual development your spiritual development actually It is about empowering you so that you can take charge of your own spiritual development so as to have a meaningful and deeply rewarding spiritual life You don't need to join any organisation or even leave your own home in order to achieve your full spiritual destiny Surprising as it might seem this unique book sets out how you can achieve Self Realisation enlightenment in as little as one to two years This is something that normally takes many decades or whole

lifetimes to achieve using traditional methods How is it done By learning a simple easily mastered method of contacting and mentally talking with in a two way mode any high level spiritual being you want to It s called channelling but there is no spirit taking over your body or funny stuff like that So you get spiritual guidance tailored to your own individual needs from whomever you like as often as you like on a 24 7 basis and entirely at no cost to you You can see why it is called The Direct Path to Self Realisation and Beyond What does the Direct Path require of you Just a strong desire to achieve your full spiritual potential as a human being The book is written in a warm personal style so it is accessible to everyone and usable by anyone The way forward is all laid out for you The only question is Are you up for the challenge *The War Within - Between Good and Evil* Bhimeswara Challa, The human has always prided himself as an exceptional moral species but has always been haunted by two questions Why am I not good when I want to be why do I do bad when I don t want to This is at the heart of what scriptures and sages have long alluded to as the eternal internal struggle between good and evil that wages in the human consciousness The book posits that much of our confusion and angst stems from our inability to recognize the ramifications of this war between two sides of our own self It is because we are ignoring this war between two sides of our own self It is because we are ignoring this war that we are losing all other wars of the world That ignorance is the primary source of all the horrors malevolence and violence that fill us with so much dread But a favorable outcome is possible only if the forces of goodness are aided to get an upper hand consistently and that calls for two cathartic changes consciousness change by inducing a turn from the mind to the heart and contextual change by radically reconstructing the roles of morality money and mortality in our everyday lives The book offers a menu of insights and options we all can use to tilt the scales in the war waging inside each of us *A Higher Purpose* Jim Reger, 2012-02-01 This is a book of thoughts Ive always been intrigued by thoughts And now in my mid sixties after a few successful careers watching my kids grow into adults and having celebrated my 40th wedding anniversary it has become clear to me that my life is definitely a direct reflection of the thoughts that I have held over all those years I have read about this notion and while intuitively it made sense to me I now can say with clarity that my life is living proof that the emotional intensity and amount of time that I applied to a thought had a direct relationship to what results showed up in my life My life has been a search for meaning and significance The thoughts and quotes in this book have provided me with the greatest inspiration for reflection I hope you take this book home pick it up put it down reflect and pick it up again and again **False Dawn** Lee Penn, 2004 The interfaith movement which began with the 1893 World s Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these

movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion.org
