Modern Management based on Big Data II and Machine Learning and Intelligent Systems III Antonio J. Tallón-Ballesteros,2021-12-15 It is data that guides the path of applications and Big Data technologies are enabling new paths which can deal with information in a reasonable time to arrive at an approximate solution rather than a more exact result in an unacceptably long time This can be particularly important when dealing with an urgent issue such as that of the COVID 19 pandemic This book presents the proceedings of two conferences MMBD 2021 and MLIS 2021 The MMBD conference deals with two main subjects those of Big Data and Modern Management The MLIS conference aims to provide a platform for knowledge exchange of the most recent scientific and technological advances in the field of machine learning and intelligent systems Both conferences were originally scheduled to be held from 8 11 November 2021 in Quanzhou China and Xiamen China respectively Both conferences were ultimately held fully online on the same dates hosted by Huaqiao University in Quanzhou and Xiamen respectively The book is in two parts and contains a total of 78 papers 54 from MMBD2021 and 24 from MLIS2021 selected after rigorous review from a total of some 300 submissions The reviewers bore in mind the breadth and depth of the research topics that fall within the scope of MMBD and MLIS and selected the 78 most promising and FAIA mainstream relevant contributions for inclusion in this two part volume All the papers present original ideas or results of general significance supported by clear reasoning compelling evidence and rigorous methods

Construction Management Daniel W. Halpin,2010-10-18 The construction professional has to be a jack of all trades and master of all This text covers a wide range of subjects reflecting the breadth of knowledge needed to understand the dynamics of this large and complex industry This edition introduces extended coverage in the scheduling area to address more advanced and practice oriented procedures such as Start to Start Finish to Finish and similar relationship between activities in a network schedule

Managing Public Sector Projects David S. Kassel,2016-09-13 Filling a gap in project management literature this book supplies managers and administrators at all levels

of government with expert guidance on all aspects of public sector project management From properly allocating risks in drafting contracts to dealing with downsized staffs and privatized services this book clearly explains the technical concepts and the political issues public managers need to understand In line with the principles of Total Quality Management TQM and the PMBOK Guide David S Kassel establishes a framework those in the public sector may follow to ensure the success of their public projects and programs The book supplies more than 30 real life examples to illustrate the concepts behind the framework including reconstruction projects in Iraq the Big Dig project in Boston local sewer system and library construction projects and software technology This second edition includes all new extended case studies examining recent issues including the rollout of healthcare gov the controversial California High Speed Rail system and refurbishing the Harvard Town Hall Contributing to critical discussions on budgeting for capital projects and cost benefit analysis for preliminary planning this authoritative new edition provides strategic recommendations for effective planning execution and maintenance of public projects In an age of downsized government and in the face of a general distrust of public service this book is a dependable guide for avoiding common pitfalls and for delivering projects on cost on schedule and of the highest quality
