What Is Hanukkah A Lift The Flap Story:

The Storytime Handbook Nina Schatzkamer Miller, 2014-01-27 Fresh fun ideas for children's storytime fill this book. The author, a long-time storytime facilitator, has put together 52 weekly themes plus additional plans for holidays, all with detailed instructions for talking about the theme and choosing the books, crafts, songs, poems, games, and snacks. Each storytime idea is illustrated with photographs of a suggested craft and snack for easy reference. Libraries, bookstores, preschools, and parents alike can use this book to offer themed storytimes that include discussion, literature, art, music, movement, and food. Options are provided for each storytime so the ideas can be used year after year.

Pop-Up Books Nancy Larson Bluemel, Rhonda Harris Taylor, 2012-02-02 A convincing explanation of why interactive or movable books should be included in the library collection that documents their value as motivational instructional tools in all areas of the school curriculum across many grade levels. Pop-up books possess universal appeal. Everyone from preschoolers to adults loves to see and tactilely experience the beautiful three-dimensional work of Robert Sabuda, David A. Carter, and other pop-up book creators. Sabuda himself was inspired to become a pop-up book artist after experiencing the 1972 classic pop-up *The Adventures of Super Pickle*. The effect of these movable books on young minds is uniquely powerful. Besides riveting children's attention, pop-up books can also help build motor skills, teach cause and effect, and develop spatial understanding of objects. Based on their direct experience and many presentations to teachers and librarians, the authors have provided template lesson plans with curriculum and standards links for using the best pop-up books currently available in the instructional program of the school. The book also includes profiles of the most notable authors, a history of the format, definitions of terms such as flap book and paper engineer, and information on how to create movable books. Librarians will find the section regarding collection development with the format, how and where to acquire them, proper storage methods, and the annotated listing of the authors' 50 favorite pop-ups extremely helpful.

L'histoire de 'Hanoucca' Lisa Rojany-Buccieri, 1993 Explains the origin of the holiday of Hanukkah through a pop-up and lift-the-flap rebus format.

Teaching Jewish Holidays Behrman House, Robert Goodman, 2005-06 The consummate encyclopedia of holiday activities.

Pop-up and Movable Books Ann Rothwell Montanaro, 1993 For historians of printing and book design, students of children's literature, and book collectors, this record of 19th and 20th-century English language books containing movable illustrations identifies indexes and describes some 1,600 titles. The volume is arranged alphabetically by title and has three separate indexes sorted by publication date, personal names of contributors, and series titles.
