The Socio Economic Impacts Of Artisanal And Small Scale Mining In Developing Countries:

The Socio-Economic Impacts of Artisanal and Small-Scale Mining in Developing Countries G.M. Hilson, 2003-01-01 The purpose of this book is to examine both the positive and negative socioeconomic impacts of artisanal and small scale mining in developing countries In recent years a number of governments have attempted to formalize this rudimentary sector of industry recognizing its socioeconomic importance However the industry continues to be plagued by **Women Miners in Developing Countries** Martha Macintyre, 2017-05-15 Contrary to their masculine portrayal mines have always employed women in valuable and productive roles Yet pit life continues to be represented as a masculine world of work legitimizing men as the only mineworkers and large mechanized and capitalized operations as the only form of mining Bringing together a range of case studies of women miners from past and present in Asia the Pacific region Latin America and Africa this book makes visible the roles and contributions of women as miners It also highlights the importance of engendering small and informal mining in the developing world as compared to the early European and American mines The book shows that women are engaged in various kinds of mining and illustrates how gender and inequality are constructed and sustained in the mines and also how ethnic identities intersect with those gendered identities **The Untold Story of Zama Zama Miners in South Africa** Vidette Bester, 2025-04-30 This book results from a decade of in depth research on the complexities of Zama Zama mining in South Africa which has become a pressing issue of late It critiques the overly simplistic portrayal of the miners negatively and as illegal immigrants Through a sociological lens this book explores the broader socio economic conditions the profound impact of South Africa s mining history particularly the migrant labor system on today s Zama Zama miners and the role of women in the sector This book is not just about mining it interrogates issues around language poverty and power It challenges dominant societal narratives and examines how labels can further marginalize vulnerable groups Inspired by the works of Pierre Bourdieu and Michel Foucault on classification and language the book questions who holds the power to label and shape mainstream discourses Amplifying the voices of the Zama Zamas themselves the book transforms the conversation around Zama Zama mining in South Africa and beyond providing fresh insights into this complex and marginalized sector This book is more than an original and insightful study on informal mining it offers practical initiatives for businesses government and civil society to engage with and address this marginalized sector more sustainably *Natural Resource Investment and Africa's Development* Francis N. Botchway, 2011-01-01 This book makes a significant contribution to the literature on natural resource law and governance by engaging specifically with the issues arising in the African region It covers a wide spectrum of issues that are key to the sustainable use of natural resources in the region thus making it an important resource for anyone interested in natural resource governance and economic development in the African region Philippe Cullet University of London UK This well researched book covers a wide spectrum of important issues that are central to investment in natural resources and ultimately economic development of Africa Francis Botchway and the

expert contributors analyse the relationships between good governance and resource management as well as the existing commercial and financial agreements The environmental implication of resource exploitation and the international dimensions of the industry are also explored in this insightful study Each comprehensive and concise contribution highlights the importance of transparency and equity in investment and management of natural resources Natural Resource Investment and Africa's Development is essential material for scholars and students of development environmental law international economic law and dispute resolution as well as any international investor in natural resources

Mining, Materials, and the Sustainable Development Goals (SDGs) Cristian Parra, Brandon Lewis, Saleem H. Ali, 2020-10-13 Mining Materials and the Sustainable Development Goals SDGs 2030 and Beyond provides a systematic assessment of how the mining and materials sector contributes to the 17 sustainable development goals SDGs set forth by the United Nations in 2015 While the target date of 2030 is considered a benchmark for reaching these goals the book looks beyond this date and considers a longer term vision FEATURES Written by a consortium of authors from developing and developed countries Offers coverage of environmental economic and social dimensions of the SDGs Follows the 17 SDGs and includes a short chapter on each followed by a case example Includes longer conceptual chapters that consider cross cutting issues as well Aimed at those working in minerals mining and materials this work offers readers a practical vision of how these sectors can have a positive impact on meeting these vital global targets

Gender and the Political Economy of Conflict in Africa Meredeth Turshen, 2016-01-29 Violence affects the economy of production and the ecology of reproduction the production of economic goods and services and the generational reproduction of workers the regeneration of the capacity to work and maintenance of workers on a daily basis and the renewal of culture and society through community relations and the education of children Gender and the Political Economy of Conflict in Africa explores the persistence of violence in conflict zones in Africa using a political economy framework This framework employs an analysis of violence on both edges of the spectrum a macro economic analysis of violence against workers and a micro political analysis of the violence in women's reproductive lives These analyses come together to create a new explanation of why violence persists a new political economy of violence against women and a new theoretical understanding of the relation between production and reproduction Three case studies are discussed the Democratic Republic of the Congo violence in an era of conflict Sierra Leone violence post conflict and Tanzania which has not seen armed conflict on the mainland This book fills a significant gap on the political economy of war and women gender for advanced undergraduate and postgraduate students as well as researchers in African Studies Gender Studies and Peace and Conflict Studies
