century Britain and plays a crucial role in the literary strategies of Georgian novels This book is the first to investigate the literary representation of music in these works and explores the structural dramatic and metaphorical roles of music in novels by authors ranging from Richardson to Austen Pierre Dubois explores the meaning of musical scenes by framing them within contemporary cultural issues such as the critique of Italian opera or the theoretical shift from mimesis to the alleged autonomy and mystery of music Focusing upon both eighteenth century theories of music and the way specific musical instruments were perceived in the collective imagination Dubois suggests new interpretative perspectives for a whole range of novels of the Georgian era This book will be of interest to a wide readership interested not only in literature but also in music and cultural history at large

The Miracles of Antichrist: A Novel Selma Lagerlöf,2020-09-28 It was at the time when Augustus was emperor in Rome and Herod was king in Jerusalem It happened once upon a time that a very great and holy night sank down over the earth It was the darkest night ever seen by man it seemed as if the whole earth had passed under a vault It was impossible to distinguish water from land or to find the way on the most familiar paths And it could not be otherwise for not a ray of light came from the sky All the stars stayed in their houses and the fair moon kept her face turned away And just as intense as the darkness was the silence and the calm The rivers stood still in their course the wind did not stir and even the leaves of the aspen ceased to tremble Any one walking by the sea would have found that the waves no longer broke on the shore and the sand of the desert did not crunch under the wanderer s foot Everything was as if turned to stone and without motion in order not to disturb the holy night The grass did not dare to grow the dew could not fall and the flowers feared to exhale their perfume During that night the beasts of prey did not hunt the serpents did not sting the dogs did not bay And what was even more wonderful none of the inanimate things would have disturbed the holiness of the night by lending themselves to an evil deed No false key could open a lock and no knife could shed blood In Rome on that very night a little group of people came down from the emperor s palace on the Palatine and made their way over the Forum to the Capitol During the day just completed his councillors had asked the emperor if they might not raise a temple to him on Rome s holy mountain But Augustus had not immediately given his consent He did not know if it would be pleasing to the gods for him to possess a temple next to theirs and he had answered that he wished first to discover by a nocturnal sacrifice to his genius what their wishes were Followed by a few faithful retainers he was now on his way to perform that sacrifice Augustus was carried in his litter for he was old and the long stairs to the Capitol fatigued him He held the cage of doves which was his offering Neither priests nor soldiers nor councillors accompanied him only his nearest friends Torch bearers walked in front of him as if to force a way through the darkness of the night and behind him followed slaves carrying the tripod the charcoal the knives the holy fire and everything needed for the sacrifice On the way the emperor chatted gayly with his retainers and none of them noticed the infinite silence and calm of the night It was only on reaching the open place on the top of the Capitol which had been thought of for the new temple that it was revealed to them that something unusual was occurring
