The Speeches In Acts Their Content Context And Concerns:

The Speeches in Acts Marion L. Soards, 1994-01-01 This historical reappraisal of the Acts of the Apostles written in narrative form allows the reader to understand the biblical author's worldview historical and ideological assumptions and purposes as they were communicated through portions of this work Marion Soards analyzes the speech texts by comparing them to writings from ancient history rhetoric and midrashic interpretation of scripture He points out the interesting features in the speeches and highlights the thematic similarities Soards provides a clear picture of the manner of writings in Acts the theology and the encompassing history of the early Christian period and he supplies a sound basis for contemporary Jewish Christian relations *Recovering the Full Mission of God* Dean Flemming, 2013-10-04 Should our proclamation of the gospel be in words or deeds or both What do the Scriptures say New Testament scholar and missionary Dean Flemming takes a look at this disputed question Rooted in the Old Testament and covering the Gospels Paul Acts Peter and Revelation Flemming provides a biblically sound basis for holistic evangelism *The Politics of Salvation* Timothy W. Reardon, 2021-01-14 Timothy W. Reardon uncovers the salvation narrative developed within Luke Acts and its key themes as they develop within the Lukan presentation of time and space while being attentive to overcoming a facile compartmentalization of religion and politics Reardon argues that Luke Acts offers a complete holistic embodied and theopolitical soteriology cosmic in scope that includes both the what and how of salvation In contrast to recent arguments for some form of vicarious expiation in Luke Acts Reardon instead suggests that Luke Acts presentation of salvation though exhibiting elements of multiple atonement models noticeably takes a Christus Victor form using Irenaeus's Christus Victor paradigm in particular as a point of comparison Throughout this book Reardon repeatedly demonstrates that Lukan soteriology is political examining Jesus' role as herald of God's kingdom the salvific space of heaven and the Church and the mission of salvation Reardon concludes that Luke Acts is a theopolitical salvation unfolding in space aiming toward the reconciliation of all things Jesus and the Heritage of Israel David P. Moessner, 1999-11-01 Seventeen leading international scholars collaborate in forming an emerging new consensus at the dawn of the millennium that Luke is the interpreter of Israel *Paul Against the Idols* Flavien Pardigon, 2019-02-01 The story of Paul's visit to the city of Athens with its speech delivered before the Areopagus council is one of the best known and most celebrated passages of the Acts of the Apostles Being the only complete example of an apostolic address to pure pagans recorded it has consistently attracted the attention of historians biblical scholars theologians missionaries apologists artists and believers over the centuries Interpretations of the pericope are many and variegated with opinions ranging from deeming the speech to be a foreign body in the New Testament to acclaiming it as the ideal model of translation of the Christian kerygma into a foreign idiom At the heart of the debate is whether the various parts of the speech must be understood as Hellenistic or biblical in nature or both Paul Against the Idols defends and develops an integrated contextual study of the episode Reading the story in its Lukan theological intertextual narrative

linguistic and historical context enables an interpretation that accounts for its apparent ambivalence This book thus contributes to the ongoing hermeneutical and exegetical scholarly discussions surrounding this locus classicus and suggests ways in which it can contribute to a Christian theology of religions and missiology

Jesus and His Promised Second Coming Tucker S. Ferda, 2024-09-12 In this pioneering study of Scripture and reception history Tucker S Ferda shows that the hope for Jesus's second coming originated in his own message about the coming of the kingdom after a time of distress Most historical Jesus scholars take for granted that Jesus's second coming was invented by his zealous early followers In *Jesus and His Promised Second Coming* Tucker S Ferda challenges this critical consensus Using innovative methodology Ferda works backward through reception history to Paul and the Gospels to argue that the hope for the second coming originated in Jesus's own grappling with the prospect of death and his conviction that the kingdom was near he expected a return that would coincide with the final judgment and the end of the age within the space of a generation Ferda also makes a major contribution to the reception history of the Bible shedding light on how Christians distinguished their faith from Judaism by deriding Jewish messianism as earthly minded and militaristic In the early modern period critics found an expedient way to distance Jesus from this caricature of Jewish messianism they pinned the expectation for the second coming on Jesus's early followers A new appreciation for the diversity of Judaism and messianism in the Second Temple period makes possible a fresh reconstruction of Jesus Bold and historically astute *Jesus and His Promised Second Coming* breathes new life into a long stagnant conversation It also offers readers fresh insight into the history of Jewish Christian relations Students and scholars of the New Testament will need to read and engage with Ferda's provocative argument

Luke's Rhetorical Compositions Paul Elbert, 2022-07-19 *Luke's Rhetorical Compositions* offers new ideas in Lukan scholarship especially in regard to Aelius Theon's first century rhetoric manual *Progymnasmata* and inter textual Lukan Pauline biblical studies Two chapters deserve special mention the material in chapter 3 is a groundbreaking discussion of Acts 2:38 in which its Greek verb tense speaks to the subsequent reception of the gift of the Holy Spirit following salvation not coincident with salvation In Acts 2:38 it is Luke's intention to portray Peter as promising the gift of the Holy Spirit to hearers and to those beyond narrative time as a Pentecostal experience Chapter 9 discusses Luke's use of progymnasmatic examples in his descriptions of the salvation experience It also discusses Luke's clarification of Paul using narrative persuasion from Jesus tradition and history Also Luke's use of basic soteriological vocabulary provides clarity and plausibility His distinctive selection of examples from the Jesus tradition and his duplication of Paul's soteriological vocabulary is very helpful

Peter as Apostolic Bedrock Hans Bayer, 2019-05-28 Drawing on relevant New Testament and extra biblical texts Peter arises as the preeminent guarantor of the early Christian witness especially as he displays the striking confluence of Christology identity and character formation

The Apostle Paul Porter, 2016 There are many introductions to the life thought and letters of Paul the apostle Some concentrate upon his life while others focus upon his thought and still others on his letters A few of

them like this book try to integrate all three of them including on occasion material from the book of Acts into a useful portrait of the man and what he said and thought as revealed through his letters from preface

Picturing Christian Witness Stanley H. Skreslet, 2006-05-03 Christian mission in previous centuries often drew on images of imperial expansion and war While few today would describe the gospel task in such imperialistic terms have we developed appropriate alternate images to associate with the good news of Jesus Christ In *Picturing Christian Witness* missiologist Stanley Skreslet searches for new more holistic images of mission from Scripture Undertaking a novel exegetical study of mission in the New Testament he highlights five actions that depict the witness of Jesus first followers announcing good news sharing Christ with friends interpreting the gospel shepherding and building planting After carefully examining key biblical passages Skreslet draws out the implications of these five images for the theology of mission and lets each image take shape visually through an array of Western and non Western art *Picturing Christian Witness* will provoke readers to imagine what mission will look like when actively embodied by contemporary disciples of Jesus

Christobiography Craig S. Keener, 2019-08-27 Are the canonical Gospels historically reliable The four canonical Gospels are ancient biographies narratives of Jesus s life The authors of these Gospels were intentional in how they handled historical information and sources Building on recent work in the study of ancient biographies Craig Keener argues that the writers of the canonical Gospels followed the literary practices of other biographers in their day In *Christobiography* he explores the character of ancient biography and urges students and scholars to appreciate the Gospel writers method and degree of accuracy in recounting the life and ministry of Jesus Keener s *Christobiography* has far reaching implications for the study of the canonical Gospels and historical Jesus research He concludes that the four canonical Gospels are historically reliable ancient biographies

Gentile Christian Identity from Cornelius to Constantine Terence L. Donaldson, 2020-11-05 Originally an ascribed identity that cast non Jewish Christ believers as an ethnic other gentile soon evolved into a much more complex aspect of early Christian identity *Gentile Christian Identity from Cornelius to Constantine* is a full historical account of this trajectory showing how in the context of

the parting of the ways the early church increasingly identified itself as a distinctly gentile and anti Judaic entity even as it also crafted itself as an alternative to the cosmopolitan project of the Roman Empire This process of identity construction shaped Christianity s legacy paradoxically establishing it as both a counter empire and a mimicker of Rome s imperial ideology Drawing on social identity theory and ethnography Terence Donaldson offers an analysis of gentile Christianity that is thorough and highly relevant to today s discourses surrounding identity ethnicity and Christian Jewish relations As Donaldson shows a full understanding of the term gentile is key to understanding the modern Western world and the church as we know it

And I Turned to See the Voice () Edith M. Humphrey,2007-11-01 Vision reports in the New Testament Stephen s vision at his stoning Paul s experience in the third heaven John s apocalyptic visions on the isle of Patmos pull readers and listeners into a dramatic and dynamic thought world Author Edith M Humphrey takes a literary rhetorical approach to examine how word and image work together in understanding vision reports demonstrating how biblical visions convey and reinforce messages that deeply affect readers Visions Humphrey believes have not only been seen and heard but also can be transmitted as more than teaching And I Turned to See the Voice uncovers a fascinating combination of beauty potency and mystery behind New Testament vision accounts

Contextualization of the Gospel Andrew James Prince,2017-06-07 There has been heightened interest and prolific publication by missiologists about contextualization since the term was first coined in 1972 There has been ongoing debate particularly amongst evangelicals themselves regarding which of these meanings methods and models of contextualization are acceptable to use Much of the debate has been carried out by academics and practitioners whose observations and conclusions have been largely shaped by the social sciences and practical theology In contrast the disciplines of biblical studies and Christian thought have not featured significantly in the debate The purpose of this research is to establish that biblical studies and Christian thought in general and Scripture and the church fathers in particular have an essential contribution to make in the contextualization debate and should form part of an evangelical approach to contextualization of the gospel alongside the social sciences and practical theology Following a review of the literature on contextualization over the past forty years the research examines the book of Acts as representative of Scripture and the work of John Chrysostom as a representative church father Contextual principles that are consistent with an evangelical approach to contextualization of the gospel are drawn from each work establishing the value of biblical studies and Christian thought in contextualization

Paul the Reluctant Witness Blake Shipp,2005-11-01 In this stimulating analysis Shipp provides the reader with an introduction and critique of literary rhetorical analysis as well as an in depth treatment of the triple account of Paul s Damascus Road experience in Acts Luke used the repetition of the Damascus narrative as a literary device identifying Pauline disobedience and resistance and the transformation of these characteristics With the first Damascus narrative Luke provided the reader with a paradigmatic image of resistance transformed Luke used the Damascus narratives and these themes to bracket the Paulusbild fashioning the trial narrative into an extended period of

transformation of Pauline resistance Beginning in 19 21 Paul resisted the leading of the Holy Spirit and his appointed location of witness He was an intentionally forceful actor resisting God God bound this intentionally forceful actor in chains In this opening scene of the Paulusbild Luke included the second Damascus narrative 21 33 22 24a The themes emphasized in the narrative were those of Saul intentionally resisting gospel expansion and God s subsequent overcoming of Saul Saul was physically restored through Ananias but not fully transformed He is not yet an empowered and intentionally forceful witness At the end of the Paulusbild as Paul is headed to Rome Luke included the final Damascus narrative 25 23 26 32 Paul was headed to Rome but not in the freedom intended by God He remained in chains because of his own actions Thus his character was one of tension The Damascus narrative that Luke included demonstrates Saul s intentionally forceful resistance to the gospel However the vacating of power and overcoming of Saul is suppressed and the theme of the transformation of resistance to empowered witness is emphasized Nonetheless the character of Saul in the speech does not match the character of Paul in the narrative Tension remains but the projected direction of transformation is evident Paul is headed to Rome The vision of grace has effected a transformation in Saul but not yet in Paul If the trajectory of transformation continues then Paul should once again be an intentionally forceful empowered witness for the gospel when he arrives in Rome from Chapter 5

Peter and Cornelius vanThanh Nguyen SVD,2012-11-29 The mission to the Gentiles and their conversion into the church gave rise to conflict in the early Christian community Acts 11 1 18 indicates that there was clearly dissension over the issue of Peter going to the house of Cornelius and participating in table fellowship with him The issue was no small matter since it could have split the church How then does Luke portray the resolution of the conflict Instead of writing a long theological treatise the author employs the art of storytelling The study of Luke Acts has long been dominated by historical critical methods focusing on Luke as a historian and theologian This work however proposes a paradigm shift by looking at Luke as a storyteller Since narrative criticism is concerned with the work of the writer as author and not simply redactor and since it treats narrative precisely as narrative the time has come to apply the narrative critical approach to Acts 10 1 11 18 This approach explores a different set of questions What is the story of Peter and Cornelius about How is the story told What effect does the story have on the reader and why

New Testament Christology Frank J. Luke's Christology of Divine Identity Nina Henrichs-Tarasenkova, 2015-11-19 Henrichs Tarasenkova argues against a long tradition of scholars about how best to represent Luke's Christology When read against the backdrop of ancient ways of constructing personal identity key texts in the Lukan narrative demonstrate that Luke indirectly characterizes Jesus as the one God of Israel together with YHWH Henrichs Tarasenkova employs a narrative approach that takes into consideration recent studies of narrative and history and enables her to construct characters of YHWH and Jesus within the Lukan narrative She employs Richard Bauckham's concept of divine identity that she evaluates against her study of how one might speak of personal identity in the Greco Roman world She engages in close reading of key texts to demonstrate how Luke speaks of YHWH as God in order to demonstrate that Luke Acts upholds a traditional Jewish view that only the God of Israel is the one living God and to eliminate false expectations for how Luke should speak of Jesus as God This analysis establishes how Luke binds Jesus identity to the divine identity of YHWH and concludes that the Lukan narrative in fact does portray Jesus as God when it shows that Jesus shares YHWH's divine identity
