The Spiritual Society What Lurks Beyond Postmodernism:

The Spiritual Society Frederic W. Baue, 2001 In recent decades American Christians have been subjected to a series of different worldviews all of them hostile to biblical faith And there are clear signs that a cultural shift is again taking place bringing in a system that is religious in outlook though by no means Christian Frederic Baue describes this newly emerging worldview and recommends an appropriate response for the church Applying insights from great thinkers and carefully observing cultural shifts he presents a glimpse of the future to help prepare God's people for the challenges that are to come

A Sociology of Spirituality Peter C. Jupp, 2016-03-16 The emergence of spirituality in contemporary culture in holistic forms suggests that organised religions have failed This thesis is explored and disputed in this book in ways that mark important critical divisions This is the first collection of essays to assess the significance of spirituality in the sociology of religion The authors explore the relationship of spirituality to the visual individualism gender identity politics education and cultural capital The relationship between secularisation and spirituality is examined and consideration is given to the significance of Simmel in relation to a sociology of spirituality Problems of defining spirituality are debated with reference to its expression in the UK the USA France and Holland This timely original and well structured volume provides undergraduates postgraduates and researchers with a scholarly appraisal of a phenomenon that can only increase in sociological significance

Confronting Kingdom Challenges Samuel T. Logan Jr., 2007-08-09 It takes only one look at today's news page or one listen to the news shows to understand that clearly there is no shortage of kingdom challenges for the twenty first century church at large for Christian organizations and agencies or for us as individuals In the face of such enormous problems as the rise of pagan world religions AIDS sexual abuse and trafficking urban poverty and ethnic and religious conflict what can you and your fellow Christians do According to the diverse group of contributors in this book you can choose to get involved sharing not only the kingdom burdens but the kingdom opportunities with other brothers and sisters in Christ so that no Christian no church no ministry no nation has to confront these challenges alone But how can you join in doing the work you are called to do The superb analysis biblical solutions and reality tested ideas put forth in this book by some of the leaders of the global Reformed and evangelical church will show you Coming from the fields of religion education medicine broadcasting psychology urban ministry and missions these fellow Christians are encountering the challenges daily Their suggestions will give you a grasp of not only what is necessary to be a global evangelical Christian today but how to respond to the physical social emotional and spiritual needs of others around the world and perhaps in your own backyard

Above All Earthly Powers David F. Wells, 2006-08 In this prophetic call to the evangelical church Wells stresses that Christians need to confess Christ as the center in a society lacking a center as the sovereign in a world seemingly ruled by chance and as the one who can give meaning in a nihilistic culture

Great Commission, Great Confusion, or Great Confession? Lucas V. Woodford, 2012-04-26 There is a great debate going on in the church today It

centers on one question What is the mission of the church From culturally relevant emerging congregations to strategic methods of organization and outreach many claim they have the answer They say the mission must become missional Yet the churches of North America continue to struggle Uncertainty is growing What does it really mean to be missional Competing claims abound Get the message out Get the message right Great confusion has set in particularly in the postmodern North American church The Gospel is getting lost Yet throughout the ages the creedal confession of the Holy Christian Church has carried her through uncertainty and struggle The Apostles Creed has steadied and stayed the mission of the church for centuries It centers on the Gospel of Jesus Christ and the work of the Holy Spirit the communion of saints the forgiveness of sins the resurrection of the body and the life everlasting This book celebrates the historic mission of the Holy Christian Church and it invites the North American church to do the same

Christian Prophecy Niels Christian Hvidt, 2007-04-19 Throughout the Hebrew Bible God guides and saves his people through the words of his prophets When the prophets are silenced the people easily lose their way What happened after the incarnation death and resurrection of Christ Did God fall silent The dominant position in Christian theology is that prophecy did indeed cease at some point in the past if not with the Old Testament prophets then with John the Baptist with Jesus with the last apostle or with the closure of the canon of the New Testament Nevertheless throughout the history of Christianity there have always been acclaimed saints and mystics most of them women who displayed prophetic traits In recent years the charismatic revival in both Protestant and Catholic circles has once again raised the question of the place and function of prophecy in Christianity Scholarly theological attitudes toward Christian prophecy range from modest recognition to contempt Mainstream systematic theology both Protestant and Catholic has mostly marginalized or ignored the gift of prophecy In this book however Niels Christian Hvidt argues that prophecy has persisted in Christianity as an inherent and continuous feature in the life of the church Prophecy never died he argues but rather proved its dynamism by mutating to meet new historical conditions He presents a comprehensive history of prophecy from ancient Israel to the present and closely examines the development of the theological discourse that surrounds it Throughout though there is always an awareness of the critical discernment required when evaluating the charism of prophecy The debate about prophecy Hvidt shows leads to some profound insights about the very nature of Christianity and the church For example some have argued that Christianity is a perfect state and that all that is required for salvation is acceptance of its doctrines Others have emphasized how God continues to intervene and guide his people onto the right path as the full implementation of God's salvation in Christ is still far away This is the position that Hvidt forcefully and persuasively defends and develops in this ambitious and important work

Entertainment Theology (Cultural Exegesis) Barry Taylor, 2008-03-01 It's the end of the church as we know it In a digitally connected world people are seeking spiritual answers through pop culture Instead of retreating Christians must rethink the sacred and enter global conversations about God in film literature TV and music or face extinction argues Barry Taylor in Entertainment Theology Taking snapshots

from theology cultural studies sociology and pop culture Taylor explores a myriad of factors affecting religious life since the 1970s including technology fashion celebrity and global communications He exhorts a move away from traditional Christian religion proposing instead a manifestation of Christianity as a religion not of the past but of the present and the future For scholars seminary students culture watchers and emerging church readers Entertainment Theology offers thought provoking hope for Christianity s future

Rationality, Humility, and Spirituality in Christian Life Dennis Hiebert, 2020-02-27 As Euro American culture turns resolutely away from religiosity toward spirituality and becomes increasingly post Christian the ordinary everyday practice of Christian life is ever more questioned and in need of scrutiny In this interdisciplinary analysis Christians are first called to comprehend the excessive rationality that modernity has built into both the cognitive and organizational structure of contemporary Christian life They are then summoned to personify an authentic attitude of humility and in particular the virtue of intellectual humility that is most challenged and tested by religious convictions Going forward Christians are subsequently invited to live their faith more as an internally differentiated and open spirituality rather than an externally determined and regulated religiosity When we exhaust our rationality and are confronted with its limitations we are humbled by our finitude and animated by our spirituality
