The Splendor Of The Church:

The Splendor of the Church Henri de Lubac, 1999-01-01 Considered by many the bright jewel among the many enriching books of Cardinal Henri de Lubac this work is a hymn to the beauty of the Church under some of whose leaders for a time he unjustly suffered *The Splendor of the Church* is in a sense a personal testimony of the great theologian's humility and love of the Church of Christ It is also a classic work in the theology of the Church Indeed de Lubac's profound insights significantly contributed to Vatican II's Dogmatic Constitution on the Church *Lumen Gentium* especially in its treatment on the Church as mystery and as the Sacrament of Christ Chapters I The Church as Mystery II The Dimensions of the Mystery III The Two Aspects of the Church IV The Heart of the Church V The Church in the World VI The Sacrament of Christ VII *Ecclesia Mater* VIII Our Temptations concerning the Church IX The Church and Our Lady *The Splendor of the Church* ,1963 **The Splendour of the Church** Henri de 1896-1991 Lubac, 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Splendor of the Church in Mary* Theresa Marie Chau Nguyen, 2023-05-05 Henri de Lubac SJ 1896-1991 is one of the most renowned theologians of the twentieth century Numerous studies have been undertaken to examine his many contributions to theology but little attention has been paid to the specific topic of the relationship of the Blessed Virgin Mary and the Church in his writings This was a topic that gave rise to contentious discussion at the Second Vatican Council and although the Council fathers approved the integration of Marian doctrine into the Dogmatic Constitution on the Church this synthesis of Mariology and ecclesiology has been largely neglected in theology today *The Splendor of the Church in Mary* retrieves de Lubac's Marian ecclesiology and revives an understanding and appreciation of its enduring influence at the Vatican Council and beyond The first part examines de Lubac's pre conciliar works which evince a steady biblical and patristic ressourcement of Marian themes It also explores his writings on Teilhard de Chardin's Eternal Feminine Christian mysticism and Amida Buddhism and discovers in them the essential building blocks of his Marian thought The second part turns to the Second Vatican Council and post conciliar developments Rereading the debates and texts of *Lumen Gentium* through a Marian lens brings to light the extent of de Lubac's influence Meditation sur l'Eglise 1953 his principal work on Mary and the Church anticipated the structure and content of *Lumen Gentium* a decade before the Council De Lubac's writings provided a theological compass for the Council

fathers and they continue to provide direction and orientation for ecclesiological discourse today The Splendor of the Church in Mary culminates in a constructive analysis of one of the most pressing pastoral and ecclesiological questions of our times the question of the relationship of the universal and particular churches Directly engaging the crucial debate between then Cardinal Ratzinger and Cardinal Kasper it proposes that de Lubac's Mariology effectively offers a new perspective and a refreshing path forward Attentive to the mystical identification of Mary and the Church de Lubac's ressourcement has the potential to re-enchant and advance contemporary theology in new and significant ways The Literary Digest Edward Jewitt Wheeler, Isaac Kaufman Funk, William Seaver Woods, Arthur Stimson Draper, Wilfred John Funk, 1903 *The Splendor of Israel* Robert Payne, 1963 *Contemporary Theology* Urban J.
