The Sport Of The Gods Signet Classics:

The Sport of the Gods Paul Laurence Dunbar, 2020-07-17 Reproduction of the original *The Sport of the Gods* by Paul Laurence Dunbar *Black Folklore and the Politics of Racial Representation* Shirley Moody-Turner, 2013-10-02 Before the innovative work of Zora Neale Hurston folklorists from the Hampton Institute collected studied and wrote about African American folklore Like Hurston these folklorists worked within but also beyond the bounds of white mainstream institutions They often called into question the meaning of the very folklore projects in which they were engaged Shirley Moody Turner analyzes this output along with the contributions of a disparate group of African American authors and scholars She explores how black authors and folklorists were active participants rather than passive observers in conversations about the politics of representing black folklore Examining literary texts folklore documents cultural performances legal discourse and political rhetoric *Black Folklore and the Politics of Racial Representation* demonstrates how folklore studies became a battleground across which issues of racial identity and difference were asserted and debated at the turn of the twentieth century The study is framed by two questions of historical and continuing import What role have representations of black folklore played in constructing racial identity And how have those ideas impacted the way African Americans think about and creatively engage black traditions Moody Turner renders established historical facts in a new light and context taking figures we thought we knew such as Charles Chesnutt Anna Julia Cooper and Paul Laurence Dunbar and recasting their place in African American intellectual and cultural history *Slumming in New York* Robert M. Dowling, 2007 This remarkable exploration of the underbelly of New York City life from 1880 to 1930 takes readers through the city s inexhaustible variety of distinctive neighborhood cultures *Slumming in New York* shows how the city s rich and poor foreign born and native born competed for a voice from such diverse vantage points as the East Side waterfront the Bowery the Tenderloin s black bohemia the Jewish Lower East Side and mythic Harlem Investigating a wide range of New York slumming narratives in which mainstream outsiders write about marginalized urban insiders Robert M Dowling shows how literary works transformed moral threats into cultural treasures *English Journal* ,1999 *The Nadir and the Zenith* Anna Pochmara, 2021-05-01 *The Nadir and the Zenith* is a study of temperance and melodramatic excess in African American fiction before the Harlem Renaissance Anna Pochmara combines formal analysis with attention to the historical context which in addition to postbellum race relations in the United States includes white and black temperance movements and their discourses Despite its proliferation and popularity at the time African American fiction between Reconstruction and World War I has not attracted nearly as much scholarly attention as the Harlem Renaissance Pochmara provocatively suggests that the historical moment when black people s status in American society reached its lowest point what historian Rayford Logan called the Nadir coincides with the zenith of black novelistic productivity before World War II Pochmara examines authors such as William Wells Brown Charles W Chesnutt Paul Laurence Dunbar Frances Ellen Watkins Harper Pauline Elizabeth Hopkins and Amelia E Johnson Together

Beyond Lift Every Voice and Sing Paula Marie Seniors,2009 Paula Marie Seniors s *Beyond Lift Every Voice and Sing* is an engaging and well researched book that explores the realities of African American life and history as refracted through the musical theater productions of one of the most prolific black song writing teams of the early twentieth century James Weldon Johnson J Rosamond Johnson and Bob Cole combined conservative and progressive ideas in a complex and historically specific strategy for overcoming racism and its effects In *Shoo Fly Regiment* 1906 1908 and *The Red Moon* 1908 1910 theater uplift and politics collided as the team tried to communicate a politics of uplift racial pride gender equality and interethnic coalitions The overarching question of this study is how roles and representations in black musical theater both reflected and challenged the dominant social order While some scholars dismiss the team as conformists Seniors s contention is that they used the very tools of hegemony to make progressive political statements and to create a distinctly black theater informed by black politics history and culture These men were writers musicians actors and vaudevillians who strove to change the perception of African Americans on stage from one of minstrelsy buffoonery to one of dignity and professionalism *African American Review* ,2000
