 resist these offerings of the Montgomery Ward catalogue the one book that was read avidly year after year by millions of
 Americans on farms and in small towns across the nation The Montgomery Ward catalogue provides one of the few
 irrefutably accurate pictures of what life was really like in the gay nineties for it described and illustrated almost anything
 that anybody could possibly need or want in the way of store bought goods In fact in that pre department store era it was
 usually the only source for such goods Imagine if Montgomery Ward had issued an illustrated catalogue in the days of Louis
 XIV or Elizabeth I or Charlemagne what insights would we have into the daily life of the common folk the farmers and
 shopkeeper housewives and schoolchildren what sources of information for historians and scholars collectors and dealers
 what models for artists and designers In 1895 Montgomery Ward was the oldest largest and most representative mail order
 house in the country The brainchild of a former traveling salesman it issued its first catalogue in 1872 a one page listing of
 items By 1895 the catalogue reprinted here had grown to 624 pages and listed some 25 000 items almost all of them
 illustrated with live drawings Montgomery Ward was by then a multi million dollar business that profoundly affected the
 American economy and since it reached the most isolated farms and backwoods cabins its effect on American culture was
 almost as great Now once again available it is our truest most unbiased record of the spirit of the 1890s An introduction on
 the history of the Montgomery Ward Company and its catalogue has been prepared especially for this edition by Boris Emmet
