Theological and Hermeneutical Explorations from Australia Jione Havea, 2020-11-12 This book presents theological cultural ecclesial and hermeneutical explorations from a specific context Australia It invites reimagining of theology and hermeneutics against the horizons of indigeneity and sovereignty contingencies of context feminist theologies multiculturalism and intercultural theologies sexual abuse and ecclesial cover ups suicide and worship tradition ing s and betrayal art and popular cultures climate effects and climate in justice disability theories Islamic insights migration and the images of home and heaps of contextual matters in between The chapters are organized into three sections 1 Roots presents some of the starting points for contextual thinking in Australia and beyond 2 Wounds attends to the demands of bodies on the line upon theological biblical and ecclesial engagements and 3 Shifts pokes at thinkers and critics Sex These Days Jon Davies, Gerard Loughlin, 1997-06-01 What has been lost what has been gained in replacing sexual orthodoxy with the heresies of postmodern sexualities In the recent past even within living memory sex has usually been a matter of monogamous heterosexual marriage and the procreation of children Other sexual practices were seen as deviations from the patriarchal norm Today things are different and western liberal societies promote and celebrate a growing multiplicity of sexual familial and procreational practices and relationships Nine writers assess the directions in which our societies are being led *And Still We Wait* Riyako Cecilia Hikota, 2018-01-30 In response to the recent critiques made against Balthasar s interpretation of Christ s descent into hell on Holy Saturday this book argues that Balthasar does not intend to present a radical

reinterpretation of the doctrine in contrast to the traditional teachings but rather intends to fully appreciate the in betweenness of Holy Saturday as the day of transition from the cross to the resurrection from the old aeon to the new The book further argues that this awareness of the in betweenness can be detected throughout Balthasar s theological corpus and provides a clue to interpret his thoughts on Christian discipleship and suffering After all the Christian existence is also characterized by the transition from the old aeon to the new from suffering to victory The Christian believes that their victory is already here and not here yet In this sense the Christian still lives in Holy Saturday Eventually we can deepen our understanding of Christian discipleship and suffering in the light of Holy Saturday In short we could patiently endure our Holy Saturday because of Christ s Holy Saturday in hell

Garland,2011-03-01 The NIV Application Commentary helps you communicate and apply biblical text effectively in today s context To bring the ancient messages of the Bible into today s world each passage is treated in three sections Original Meaning Concise exegesis to help readers understand the original meaning of the biblical text in its historical literary and cultural context Bridging Contexts A bridge between the world of the Bible and the world of today built by discerning what is timeless in the timely pages of the Bible Contemporary Significance This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved This unique award winning commentary is the ideal resource for today s preachers teachers and serious students of the Bible giving them the tools ideas and insights they need to communicate God s Word with the same powerful impact it had when it was first written *A Guide to the Spiritual Dimension of Care for People with Alzheimer's Disease and Related Dementia* Eileen Shamy,2003-02-15 This sensitive and informative book provides guidelines for pastoral visits to people with dementia showing how to empathise with and support individuals during a visit Emphasising the importance of retaining dignity and freedom of choice it also presents practical advice and provides frameworks for leading worship for those with dementia **Waiting in Christian Traditions** Joanne Robinson,2015-12-17 Christians wait for prayers to be answered for an afterlife in heaven for the Virgin Mary to appear and for God to speak They wait to be liberated from oppression to be saved or born again for Easter morning to dawn for healing for conversion and for baptism Waiting and the disappointment and hope that often accompany it are explained in terms that are at first glance remarkably invariant across Christian traditions what will happen will happen on God s time A study of sources from across Christian traditions shows that there is considerable complexity beneath this surface claim Understandings of free will and personal agency alongside shifts in institutional and theological commitments change the ways waiting is understood and valued Waiting is often considered a positive state to be endured as long as God wills and that fundamental understanding helps keep the promises at the heart of Christianity alive Scholars have long overlooked the problem and promise of waiting despite or perhaps because of its prevalence Indeed there are relatively few mystics few who have undergone sudden conversion and few who have attained saintly status Many however have waited and that problem remains prominent and its solutions remain influential in Christian traditions today Touching God Peter Kevern,2025-05-27 The dread of dementia has a unique hold over us because dementia seems to eat away at what makes us

human If we lose our capacity to remember to think to act and even to speak what is left of us And where is the God who promised to be with us These are profound theological questions that go beyond a need for better pastoral care or more welcoming churches they hold up a mirror to what we really believe about human beings about God and about dementia itself The purpose of this book is to explore what these questions have to teach us by reflecting theologically on the faith journey of people who live with dementia It is a personal theological pilgrimage digging down into the theological meaning of dementia itself looking for hidden pearls of insight But it is also an attempt to look past the details to see the big picture of God's grace and faithfulness embodied in the person and life of the crucified and risen Christ It will speak not just to people who are challenged or troubled by dementia but to anybody seeking to grapple with their faith in challenging times **Between**

Cross and Resurrection Alan E. Lewis, 2003-06-20 For much of Christian history the church has given no place to Holy Saturday in its liturgy or worship Yet the space dividing Calvary and the Garden may be the best place from which to reflect on the meaning of Christ's death and resurrection This superb work by the late Alan Lewis develops on a grand scale and in great detail a theology of Holy Saturday The first comprehensive theology of Holy Saturday ever written *Between Cross and Resurrection* shows that at the center of the biblical story and the church's creed lies a three day narrative Lewis explores the meaning of Holy Saturday the restless day of burial and waiting from the perspectives of narrative hearing the story doctrine thinking the story and ethics living the story Along the way he visits as many spiritual themes as possible in order to demonstrate the range of topics that take on fresh meaning when viewed from the vantage point of Holy Saturday *Between Cross and Resurrection* is not only incisive and elegantly written but it is also a uniquely moving work deeply rooted in Christian experience While writing this book Lewis experienced his own Holy Saturday in suffering from and finally succumbing to cancer He considered *Between Cross and Resurrection* to be the culmination of his life's work *Sabbath*

Rest as Vocation Autumn Alcott Ridenour, 2018-06-14 Autumn Alcott Ridenour offers a Christian theological discussion on the meaning of aging toward death with purpose identity and communal significance Drawing from both explicit claims and constructive interpretations of St Augustine's and Karl Barth's understanding of death and aging this volume describes moral virtue as participation in Christ across generations culminating in preparation for Sabbath rest during the aging stage of life Addressing the inevitability of aging the prospect of mortality the importance of contemplative action and expanding upon the virtues of growing older Ridenour analyzes how locating moral agency as union with Christ results in virtuous practices for aging individuals and their surrounding communities By responding with constructive theology to challenges from transhumanist bioethical and medical arenas the volume highlights implications not only for virtue ethics but also for the goals of medicine *Do Not Be Afraid* Rachel Mann, 2024-09-19 Waiting can be beautiful and at least sometimes it takes us to the heart of the Holy As much at home with *Strictly Come Dancing* as the mystical writings of Julian of Norwich Rachel Mann writes with disarming verve of something we all experience waiting It may seem unlikely when you're stuck on a train

or nervously anticipating hospital treatment or simply fearful of an uncertain future that there is treasure to be found in the waiting Yet the Psalmist says I waited patiently for the Lord he inclined to me and heard my cry These luminous meditations tell stories of God waiting with us when we re in fear or distress of coming bidden or unbidden to relieve our loneliness of disconcerting us desiring us and surprising us with joy Most of all they remind us that Jesus Christ comes into the world as one long waited for as the servant who waits on others as the one on whom we are adoringly called to wait Covering 4 weeks each meditation ends with a prayer and questions for reflection which may be used by individuals or groups The New Asceticism Sarah Coakley,2015-11-05 Sarah Coakley draws both liberal and conservative camps into a new and serious reflection on ascetical theology Each chapter of The New Asceticism concentrates on a contentious issue in contemporary theology the role of women in the churches homosexuality and the priesthood celibacy and the future of Christian asceticism in an original thesis about the nature of desire which may start to heal many contemporary wounds Professor Coakley is as familiar with the Bible and the Early Fathers as she is with the writings of Freud and Jung and she draws heavily on Gregory of Nyssa s theology of desire in what she proposes She points the way through the false modern alternatives of repression and libertinism agape and eros recovering a way in which desire can be freed from associations with promiscuity and disorder and forging a new ascetical vision founded in the disciplines of prayer and attention **Following the Celtic Way** Ian Bradley,2020-04-28 A quarter century after writing the acclaimed The Celtic Way Ian Bradley one of the foremost experts on the spiritual beliefs and practices of the indigenous Christian communities in the British Isles in the early Middle Ages revisits the original sources and makes a substantial reappraisal of Celtic spirituality Following the Celtic Way challenges many of the myths and romanticized portrayals of Celtic Christianity and shows evidence of the harder edge and demanding austerity of the lives and spirituality of believers from this time This book sits among the most insightful and up to date introductions to this distinctive and evocative expression of faith and draws out its themes that are most relevant to us today It also offers practical spiritual guidance on how to follow the Celtic Way in the contemporary world
