The Story Of The Scrolls:

The Story of the Scrolls Geza Vermes, 2010-02-04 The discovery of the Dead Sea Scrolls in Qumran Palestine in 1947 was one of the greatest archaeological finds of all time Written in Hebrew Aramaic and Greek and hidden in caves by an ancient Jewish sect these mysterious manuscripts revolutionized our understanding of the Bible of Judaism and the early Christian world Geza Vermes is the world's leading Dead Sea Scrolls scholar whose English translations brought these extraordinary documents to thousands and whose life has been inextricably interwoven with the scrolls for over sixty years In this illuminating book he relates the controversial story of their discovery and publication around the world revealing cover ups blunders and academic in fighting but also the passion and dedication of many of those involved He shares what he has learned about the scrolls and evaluating passages from them gives his views on their true significance and what they can teach us as well as those areas where scholarly consensus has not yet been reached Few scholars have been as closely associated with the Dead Sea Scrolls as Vermes Writing with candour and unique authority he has created an ideal introduction to understanding these miraculous documents *The Great Discovery: The Story of the Dead Sea Scrolls* Azriel Eisenberg, 2009-07 The new edition of this bestseller book is enhanced with updated references to VMS The authors have responded to suggestions made by readers of previous editions They cover both Tru64 UNIX and the full range of other UNIX implementations now available **The Great Discovery** Azriel Eisenberg, 2013-10 This is a new release of the original 1956 edition *When Nephilim Giants Ruled the World: Revelations From the Holy Bible, the Book of Enoch, and Other Sources* Aylmer Von Fleischer, We are told in Genesis 6 of the Bible about the sons of God angels who had sexual relations with human women and produced formidable giants According to some sources like the Book of Enoch these giants imparted certain knowledge to humans that brought about a lot of depravity and chaos on earth Incensed God brought about the flood to wipe out all living things The giants were highly intelligent beings and are said to have built famous ancient structures throughout the world Among other things this book also discusses whether the angels of Genesis 6 were extraterrestrials as some claim This book also provides adequate evidence to prove that the Book of Enoch said by some to be heretical does not contradict the Bible *Digging through History Again* Richard A. Freund, 2023-01-07 Digging through History Again New Discoveries from Atlantis to the Holocaust follows archaeologist Richard Freund's journey through some of the most fascinating archaeological sites of human history including the mysterious Atlantis Qumran and the Dead Sea Scrolls a medieval synagogue in northern Spain and the long buried Holocaust camp Sobibor and long neglected sites of the Holocaust Each chapter takes readers through a different archaeological site showing what we can learn about past religious life and religious faith through the artifacts found there as well as what has given each site such strong staying power over time It also highlights the technological developments in geoscience and archaeology of the last 25 years that allows us to uncover more with less time expense and labor while observing the sensitivities associated with Jewish traditions Digging Through

History Again further explores just how expansive the lost Atlantis Civilization really is expands upon information known about the Dead Sea Scrolls and the newly discovered caves where more scrolls will be found and uncovers new excavations of the death camp of Sobibor the secrets of the Warsaw Ghetto and escapes from Sobibor Ponar and Fort IX that will help set a standard for future archaeology of the Holocaust Richard Freund and the research in Digging through History are featured in the National Geographic documentary Atlantis Rising which premiered on National Geographic in 2017 and a documentary follows Oscar winning executive producer James Cameron and Emmy winning filmmaker Simcha Jacobovici as they investigate the myths and realities of Atlantis The chapter on the Archaeology of Jewish Resistance during the Holocaust is also a part of the new television documentary Resistance They Fought Back set to air in 2023 Digging through History is the only book that details Freund s groundbreaking research on Atlantis and on Jewish resistance during the Holocaust that is featured in the films

The Story of Sacrifice Liane M. Feldman,2020-09-21 The sacrificial instructions and purity laws in Leviticus have often been seen as later or secondary additions to an originally sparse Priestly narrative In this volume Liane M Feldman argues that the ritual and narrative elements of the Pentateuchal Priestly source are mutually dependent and that the internal logic and structure of the Priestly narrative makes sense only when they are read together Bringing together insights from the fields of ritual theory and narratology the author argues that the ritual materials in Leviticus should be understood and analyzed as literature At the core of her study is the assertion that these sacrificial instructions and purity laws form the backbone of the Priestly story world and that when these materials are read within their broader narrative context the Priestly narrative is first and foremost a story about the origins and purpose of sacrifice
