On the Plains of Moab Patrick Mazani PhD,2017-06-27 Signs are everywhere and are clear that we are heading toward uncertainty People are speculative on either our immediate or long term future Our life situation is deteriorating momentarily We admit that we are in a crisis The author addresses our contemporary plight by drawing our attention to the final moments of ancient Israel on their forty year journey from Egypt to Canaan The author focuses on this historical biblical event and draws practical lessons that amazingly impact people today who are living in the very last stages of the earths history He shows that we can learn from past history and avoid the impending consequences We are living in the time of the end Just like ancient Israel camping by the Jordan River ready to cross over we are just on the brink of eternity There is a need for readiness for our own transition into heaven The inquisitive mind on how things shall turn out will find in this book helpful insights that

inspire hope and preparedness for the future
