Edward A. Alpers

The Straits Of Malacca Gateway Or Gauntlet:

Straits of Malacca Donald B. Freeman, 2003 For centuries the Straits of Malacca a narrow waterway between the Malay peninsula and the island of Sumatra has been both a major conduit for long distance trade between Asia and the West and one of the most dangerous areas for commercial shipping Casting a broad net across several disciplines particularly geography and political economy Donald Freeman examines the significance of the Straits as both a trade gateway and a choke point that has forced generations of sailors to run the gauntlet Rather than the more conventional historical narrative approach he offers an innovative adoption of an interdisciplinary analytical perspective through his use of detailed case studies of trading systems and shipping hazards

Negotiating Abolition Shawna Herzog, 2020-12-10 Negotiating Abolition The Antislavery Project in the British Straits Settlements 1786 1843 explores how sex and gender complicated the enforcement of colonial anti slavery policies in the region the challenges local officials faced in identifying slave populations and how European reclassification of slave labor to systems of indenture or free labor created a new illicit trade for women and girls to the Straits Settlements of Southeast Asia Through a history of early 19th century slavery and abolition in this often overlooked region in British imperial history Herzog bridges a historiographical gap between colonial and modern slave systems She discusses the dynamic intersectionality between perceptions of race class gender and civilization within the Straits and how this informed behavior and policy regarding slavery abolition and prostitution within the settlement This book provides an important new perspective for scholars of slavery interested in Southeast Asia British imperialism in the Indian Ocean world and Asia the East India Company in the Straits and gender and sexuality in the context of empire

Connected Heritages Mareike Pampus, 2025-04-05 Connected Heritages The Inner Life of Penang in the Indian Ocean World opens up the interdisciplinary possibilities of transnational and oceanic historical inquiry paired with granular ethnographic research Departing from conventional land and nation centric approaches the book situates Penang Malaysia and particularly its historic core George Town within the fluid realm of lateral networks revealing the profound influence of the sea on the port city's political economic social and cultural landscape It does so by integrating ethnographic depth offering readers an intimate and immersive journey into the lived experiences of George Town's diverse communities notably its two major Peranakan groups with a broader historical and transnational understanding of the circulations that have shaped the inner life of the port city Through the careful observation and interpretation of everyday practices habits and stories this singular study paints a vivid portrait of the port city's complex connections and identities shaped by its maritime connections In doing so the book offers an anthropology of the everyday and its utility for developing our understanding of the ways in which people and communities in Penang perceive and interpret their contemporary reality

Monsoon Robert D. Kaplan, 2011-09-13 On the world maps common in America the Western Hemisphere lies front and center while the Indian Ocean region all but disappears This convention reveals the geopolitical focus of the now departed twentieth century but in

the twenty first century that focus will fundamentally change In this pivotal examination of the countries known as Monsoon Asia which include India Pakistan China Indonesia Burma Oman Sri Lanka Bangladesh and Tanzania bestselling author Robert D Kaplan shows how crucial this dynamic area has become to American power It is here that the fight for democracy energy independence and religious freedom will be lost or won and it is here that American foreign policy must concentrate if the United States is to remain relevant in an ever changing world From the Horn of Africa to the Indonesian archipelago and beyond Kaplan exposes the effects of population growth climate change and extremist politics on this unstable region demonstrating why Americans can no longer afford to ignore this important area of the world

Port, Maritime and Hinterland Development in Southeast Asia (UUM Press) Ahmad Bashawir Abdul Ghani ,2014-10-01 This book addresses myriad of issues and challenges in the field of port maritime and hinterland development in Southeast Asia from multidisciplinary perspectives Instead of focusing on only certain aspects of the maritime discipline the book presents a range of different viewpoint from business and management historical development geography law and others Although the book is made in the form of an edited book readers will benefit and gain knowledge on many important issues in the field of port maritime and hinterland development in Southeast Asia This book will also be beneficial to all parties in this area including policy and decision makers government officials port authorities port operators or terminal operators maritime related service providers such as freight forwarders in port ship agents navigation officers customs brokers stevedores and other port users shippers passengers and carriers This book is also catered for those involved in maritime research or students who take maritime subject or to the public who are interested in maritime issues The contributors of this book are experts from diverse backgrounds with extensive experience in the fields of port maritime and hinterland development This is because we believe that maritime studies are intertwined with many aspects of life from environmental management to disputes at the sea which will affect the maritime trade industry Hence issues in this book are also various However the emphasis is on the development of port maritime and hinterland sector in Southeast Asia

Recentring Asia Jacob Edmond, Henry Johnson, Jacqueline Leckie, 2011-07-27 These essays argue that recentring Asia necessitates a revision not only of notions of Asia but also of the centre itself On the one hand recentring Asia asserts the centrality of overlooked Asian histories encounters and identities to world history culture and geopolitics On the other hand recentring provides a way to address and rethink the concept of the centre a term critical to Asian Studies area studies and more broadly to the study of globalization postcolonialism diaspora modernism and modernity Drawing on new approaches in these fields Recentring Asia asks the reader to rethink the centre not as a single site towards which all is oriented but as a zone of encounter exchange and contestation

Routledge Handbook of Naval Strategy and Security Joachim Krause,Sebastian Bruns,2016-03-17 This new handbook provides a comprehensive overview of the issues facing naval strategy and security in the twenty first century Featuring contributions from some of the world s premier researchers and practitioners in the field of naval strategy and security this handbook covers naval security issues in diverse regions of the world from the Indian Ocean and the Mediterranean to the Arctic and the piracy prone waters off East Africa s coast It outlines major policy challenges arising from competing claims transnational organized crime and maritime terrorism and details national and alliance reactions to these problems While this volume provides detailed analyses on operational judicial and legislative

consequences that contemporary maritime security threats pose it also places a specific emphasis on naval strategy With a public very much focused on the softer constabulary roles naval forces play such as humanitarian assistance disaster relief naval diplomacy maintenance of good order at sea the overarching hard power role of navies has been pushed into the background In fact navies and seapower have been notably absent from many recent academic discussions and deliberations of maritime security This handbook provides a much desired addition to the literature for researchers and analysts in the social sciences on the relationship between security policy and military means on land and from the sea It comprehensively explains the state of naval security in this maritime century and the role of naval forces in it This book will be of much interest to students of naval security and naval strategy security studies and IR as well as practitioners in the field

Globalization and Its Counter-forces in Southeast Asia Terence Chong, 2008 Presents a multidimensional perspective of globalisation in Southeast Asia Looks at political economic security social and cultural dimensions of globalisation and local responses showing evidence of complex interfacing between the global and the local championing the need for a multidisciplinary approach to globalisation studies *Modern Piracy* David F. Marley, 2010-11-02 This reference text explains what modern piracy is where and why it happens and what measures are being taken to combat it While piracy today typically occurs in specific areas such as Somalia and Southeast Asia a single pirate attack can involve and affect many different countries For example a supertanker traveling in the South China Sea might be owned by a Saudi Arabian oil company built in South Korea registered in Liberia captained by an Italian and crewed by Filipinos And as reports of attacks on commercial vessels and cruise liners become more common the topic of modern piracy receives ever increasing international scrutiny This chapter based reference handbook examines modern piracy from the mid 1970s to today The subject is addressed from a global perspective covering both the causes and consequences of present day piracy and evaluating its impact on a number of related issues including international law commercial shipping and terrorism **The Geography of Southeast Asia** Thomas A. Rumney, 2010-04-07 In *The Geography of Southeast Asia* Rumney discusses an area that has long been of interest to geographers and other academics As interest in Southeast Asia has grown particularly over the past forty years the volume and variety of scholarly publications on the varied geographical aspects of the region have also increased This collection is an attempt to identify organize and present as many of these works as possible The region as a whole and each individual country of the area are covered in individual chapters Each chapter is further systematically organized by topic including general works cultural social geography economic geography historical geography physical geography political geography and urban geography This book presents a myriad of sources such as atlases books chapters articles dissertations and theses are included as well as works written in English French German and other languages providing the reader with a thorough view of Southeast Asian geography *India and the Global Game of Gas Pipelines* Gulshan Dietl, 2016-11-03 Cover Title Copyright Contents List of figures Abbreviations Introduction Part 1

Resource and routes 1 Natural gas geology geography and markets 2 Gas pipeline commodity container and carrier Part II The gas troika 3 Iran gas pipelines under after sanctions 4 Russia an energy superpower 5 Turkmenistan pawn and player in the game of chess Part III The home truths 6 India not a single transnational pipeline yet Conclusions legacy leads and lessons Bibliography Index Oil on Water Paul French, Sam Chambers, 2010-05-13 Out of sight out of mind That's the general reaction to the crucial movement of oil around the world's oceans Yet this vital supply chain that allows the world to function is constantly under enormous largely unreported pressure The uninterrupted flow of oil is essential to globalisation and increasingly so as manufacturing and markets move Eastwards to Asia However it is threatened by conflicts between nation states pirates and global warming All too often the movement of oil by ocean is something taken for granted by the majority of the world yet it is fraught with difficulty and could haemorrhage global growth if issues covered in this book are not resolved or allowed to escalate From reporting onboard giant tankers to looking at the geopolitical shift in oil consumption *Oil on Water* is holistic all encompassing and engrossing look at the way oil is moved and consumed mixing reportage examples and hard hitting facts *India's Naval Strategy and Asian Security* Anit Mukherjee, C. Raja Mohan, 2015-11-19 This book examines India's naval strategy within the context of Asian regional security Amidst the intensifying geopolitical contestation in the waters of Asia this book investigates the growing strategic salience of the Indian Navy Delhi's expanding economic and military strength has generated a widespread debate on India's prospects for shaping the balance of power in Asia This volume provides much needed texture to the abstract debate on India's rise by focusing on the changing nature of India's maritime orientation the recent evolution of its naval strategy and its emerging defence diplomacy In tracing the drift of the Navy from the margins of Delhi's national security consciousness to a central position analysing the tension between its maritime possibilities and the continentalist mind set and in examining the gap between the growing external demands for its security contributions and internal ambivalence this volume offers rare insights into India's strategic direction at a critical moment in the nation's evolution By examining the internal and external dimensions of the Indian naval future both of which are in dynamic flux the essays here help a deeper understanding of India's changing international possibilities and its impact on Asian and global security This book will be of much interest to students of naval strategy Asian politics security studies and IR in general **Pacific Worlds** Matt K. Matsuda, 2012-01-19 Essential single volume history of the Pacific region and the global interactions which define it **Western Power in Asia** Arthur Cotterell, 2011-08-04 For centuries the major powers of the West were seduced by the allure of the countries of the Far East Spices textiles silk and tea were the staples of East West trade But competition between Western traders eventually caused military intervention in Asian affairs and the establishment of colonial empires These actions have shaped the history of mankind and left a legacy that still reverberates throughout Asia *Western Power in Asia* is a unique contribution to the understanding of present day Asia Essential reading for anyone interested in world history Arthur Cotterell offers fascinating

insights into five hundred extraordinary years of power and influence by the West which disappeared spectacularly after the Second World War The author s ability to tell both sides of the story with the aid of contemporary illustrations as well as quotations makes this book a tremendous resource for students of Asian history And because the entire colonial experience is covered for the first time within a single volume Western Power in Asia also provides the general reader with an unusual and invaluable perspective on East West relations As countries such as China and India become key players on the world stage Western Power in Asia provides a timely reminder of the path that led to their present positions while allowing a poignant opportunity to reflect on how they might in future treat their Western trading partners The Other Kuala Lumpur Yeoh Seng Guan,2014-02-05 Kuala Lumpur like many Southeast Asian cities has changed very significantly in the last two or three decades expanding its size and modernising and globalising its built environment For many people these changes represent progress and development This book however focuses on the more marginalised residents of Kuala Lumpur Among others it considers street hawkers and vendors refugees the urban poor religious minorities and a sexuality rights group and explores how their everyday lives have been adversely affected by these recent changes The book shows how urban renewal the law and ethno religious nationalism can work against these groups in wanting to live and work in the capital city of Malaysia
