The Study of the Bayeux Tapestry Richard Gameson,1997 Key articles on the Bayeux tapestry collected in one volume providing a comprehensive companion to its study **An Archaeological Study of the Bayeux Tapestry** ,2016 *The Bayeux Tapestry Elucidated* John Collingwood Bruce,1856 **The Normans in Their Histories** Emily Albu,2001 The heirs of these pagan Northmen contrived a brilliant transformation of themselves into Christian warriors and went on to conquer England southern Italy and Sicily and even distant Antioch in the process carving out a formidable reputation throughout Western Europe and the Mediterranean *The Bayeux Tapestry* Helen Louise Jackson,1970 The Bayeux Tapestry Carola Hicks,2011-07-31 The vivid scenes on the Bayeux Tapestry depict the events leading up to the Battle of Hastings in 1066 It is one of Europe s greatest treasures and its own story is full of drama and surprise Who commissioned the tapestry Was it Bishop Odo William s ruthless half brother Or Harold s dynamic sister Edith juggling for a place in the new court Hicks shows us this world and the miracle of the tapestry s making the stitches dyes and strange details in the margins For centuries it lay ignored in Bayeux cathedral until its discovery in the eighteenth century It became a symbol of power as well as art townsfolk saved it during the French Revolution Napoleon displayed it to promote his own conquest the Nazis strove to make it their own and its influence endures today This marvellous book packed with thrilling stories shows how we remake history in every age and how a great work of art has a life of its own **Reproducing the Bayeux Tapestry Over Three Centuries** Michael Twyman,2024 **The Bayeux Tapestry and Its Contexts** Elizabeth Carson Pastan,Stephen D. White,Kate Gilbert,2014 A full and provocative reappraisal of the Bayeux Tapestry its origins design and patronage Aspects of the Bayeux Tapestry in fact an embroidered hanging have always remained mysterious despite much scholarly investigation not least its design and patron Here in the first full length interdisciplinary approach to the subject the authors an art historian and a historian consider these and other issues Rejecting the prevalent view that it was commissioned by Odo the bishop of Bayeux and half brother of William the Conqueror or by some other comparable patron they bring new evidence to bear on the question of its relationship to the abbey of St Augustine s Canterbury From the study of art historical archeological literary historical and documentary materials they conclude that the monks of St Augustine s designed the hanging for display in their abbey church to tell their own story of how England was invaded and conquered in 1066 Elizabeth Carson Pastan is a Professor of Art History at Emory University Stephen D White is Asa G Candler Professor of Medieval History emeritus Emory University and an Honorary Professor of Mediaeval History at the University of St Andrews

The Bayeux Tapestry Gale R. Owen-Crocker,2023-05-31 This collection of fifteen papers ranges from the author s initial interest in the Tapestry as a source of information on early medieval dress through to her startling recognition of the embroidery s sophisticated narrative structure Developing the work of previous authors who had identified graphic models for some of the images she argues that not just the images themselves but the contexts from which they were drawn should

be taken in to account in reading the messages of the Tapestry In further investigating the minds and hands behind this the largest non architectural artefact surviving from the Middle Ages she ranges over the seams the embroidery stitches the language and artistry of the inscription the potential significance of borders and the gestures of the figures in the main register always scrutinising detail informatively She identifies an over riding conception and house style in the Tapestry but also sees different hands at work in both needlecraft and graphics Most intriguingly she recognises an sub contractor with a Roman source and a clownish wit The author is Professor of Anglo Saxon Culture at The University of Manchester UK a specialist in Old English poetry Anglo Saxon material culture and medieval dress and textiles

The Rhetoric of Power in the Bayeux Tapestry Suzanne Lewis,1998-09-28 In this study Suzanne Lewis argues that the Bayeux Tapestry is one of the first large scale visual narratives of the Middle Ages that moreover conveys medieval conceptions regarding the pictorialized text More than a reinterpretation of the historical evidence related to the Tapestry Lewis study explores the visual and textual strategies and conventions that have made this work such a powerful statement for audiences over the centuries

The Grounds of English Literature Christopher Cannon,2004-12-09 The centuries just after the Norman Conquest are the forgotten period of English literary history In fact the years 1066 1300 witnessed an unparalleled ingenuity in the creation of written forms for this was a time when almost every writer was unaware of the existence of other English writing In a series of detailed readings of the more important early Middle English works Cannon shows how the many and varied texts of the period laid the foundations for the project of English literature This richness is for the first time given credit in these readings by means of an innovative theory of literary form that accepts every written shape as itself a unique contribution to the history of ideas This theory also suggests that the impoverished understanding of literature we now commonly employ is itself a legacy of this early period an attribute of the single form we have learned to call romance A number of reading methods have lately taught us to be more generous in our understandings of what literature might be but this book shows us that the very variety we now strive to embrace anew actually formed the grounds of English literature a richness we only lost when we forgot how to recognize it

Decoding the Bayeux Tapestry Arthur Colin Wright, 2019-07-30 For the first time a scholar reveals the meaning of the marginal images on the Bayeux Tapestry unlocking a completely new meaning of the work The story of the Norman Conquest and the Battle of Hastings as shown in the Bayeux Tapestry is arguably the most widely known in the panoply of English history and over the last 200 years there have been hundreds of books on the Tapestry seeking to analyze its meanings Yet there is one aspect of the embroidery that has been virtually ignored or dismissed as unimportant by

historians the details in the margins The fables shown in the margins are neither just part of a decorative ribbon nor are they discontinuous They follow on in sequence When this is understood it becomes clear that they must relate to the action shown on the body of the Tapestry After careful examination the purpose of these images is to amplify elaborate or explain the main story In this groundbreaking study Arthur Wright reveals the significance of the images in the margins Now it is possible to see the whole story as never before enabling a more complete picture of the Bayeux Tapestry to be constructed Wright reexamines many of the scenes in the main body of the work showing that a number of the basic assumptions so often taught as facts have been based on nothing more than reasoned conjecture It might be thought that after so much has been written about the Bayeux Tapestry there was nothing more to be said but *Decoding the Bayeux Tapestry* shows how much there is still to be learned
