The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse

J. SCOULAR

The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse:

The Subject of Prostitution Jane Scoular, 2015-12-22 The Subject of Prostitution offers a distinctive analysis of the links between prostitution and social theory in order to advance a critical analysis of the relationship of law to sex work Using the lens of social theory to disrupt fixed meanings the book provides an advanced analytical framework through which to understand the complexity and contingencies of sex work in late modernity The book analyses contemporary citizenship discourse and the law's ability to meet the competing demands of empowerment by sex workers and protection by radical feminists who view prostitution as the epitome of patriarchal sexual and economic relations Its central focus is the role of law in both structuring and responding to the problem of prostitution By developing a distinctive constitutive approach to law the author offers a more advanced analytical framework from which to understand how law matters in contemporary debates and also suggests how law could matter in more imaginative justice reforms This is particularly pertinent in a period of unprecedented legal reform both internationally and nationally as legal norms simultaneously attempt to protect empower and criminalise parties involved in the purchase of sexual services The Subject of Prostitution aims to overcome the current aporia in these debates and suggest new ways to engage with the subject and law As such The Subject of Prostitution provides an advanced theoretical resource for policymakers researchers and activists involved in contemporary struggles over the meanings and place of sex work in late modernity

The Subject of Prostitution J. SCoular, 2008-06-01 The Subject of Prostitution offers a distinctive analysis of the links between prostitution and social theory using these insights to advance a critical analysis of the relationship of law to sex work Using the lens of social theory to disrupt fixed meanings the book provides an advanced analytical framework through which to understand the complexity and contingencies of sex work in late modernity Offering a selective genealogy of the subject of prostitution discrete chapters analyses key historical moments from the Contagious Diseases Acts and their relationship to modernity AIDs and risk to contemporary citizenship discourse and the competing demands of empowerment by sexworkers and protection by radical feminists who view prostitution as the epitome of patriarchal sexual and economic relations The author's central focus is the role of law in structuring and as a resource responding to the problem of prostitution This is particularly pertinent as we enter a period of unprecedented legal reform both internationally and nationally and legal norms simultaneously attempt to protect empower and criminalise parties involved in the purchase of sexual services The Subject of Prostitution aims to provide an advanced theoretical resource for policy makers researchers and activists involved in contemporary struggles over the meanings and place of sex work in late modernity Drawing on interdisciplinary insights this sustained critical analysis operates as a key node between studies prostitution and social theory more generally introducing the subject to a wider audience as it brings social theory to prostitution and prostitution to social theorists

Handbook on Sexual Violence Jennifer Brown, Sandra Walklate, 2011-10-19 This book situates the complexity of violence within its broader context and covers a wide span of sexual

violence including sexual harassment bullying and murder as well as domestic violence

Prostitution Research in

Context Marlene Spanger, May-Len Skilbrei, 2017-03-16 The starting point for this book is the question of how we research sex for sale and the implications of the choices we make in terms of epistemology and ethics Which dilemmas and ethical aspects need to be taken into account when producing qualitative data within a highly politicised and moral infected realm These two questions are exactly what Spanger and Skilbrei aim to unpack in this unusual interdisciplinary methodology book Prostitution Research in Context The book offers contributions from a number of scholars who based on their reflections on their own research practice and the existing knowledge field discuss ongoing methodological issues and challenges representative of international research on sex for sale Some chapters deal explicitly with methodological dilemmas in research others thematise the encounter between prostitution research and general texts on epistemology Other chapters again actively engage with the ethical dilemmas that research on the topic of sex for sale can entail The authors represent different disciplines but share an interest in engaging in reflexive research practices informed by feminism and feminist epistemologies An authoritative contribution to the field this innovative volume will appeal to international scholars and students from across the social sciences and humanities in areas such as sociology anthropology criminology media studies feminist studies human geography and history

Handbook of Sociology and Human Rights David L. Brunnsma, Keri E. Lyall Smith, Brian K Gran, 2015-10-23 Long the province of international law human rights now enjoys a renaissance of studies and new perspectives from the social sciences This landmark book is the first to synthesize and comprehensively evaluate this body of work It fosters an interdisciplinary international and critical engagement both in the social study of human rights and the establishment of a human rights approach throughout the field of sociology Sociological perspectives bring new questions to the interdisciplinary study of human rights as amply illustrated in this book The Handbook is indispensable to any interdisciplinary collection on human rights or on sociology This text Brings new perspectives to the study of human rights in an interdisciplinary fashion Offers state of the art summaries critical discussions of established human rights paradigms and a host of new insights and further research directions Fosters a comprehensive human rights approach to sociology topically representing all 45 sections of the American Sociological Association

Social Protection Programmes

Michela Semprebon, 2023-05-23 This book deals with social protection programmes targeted to people trafficked for the scope of sexual exploitation It provides empirical evidence on the N A Ve programme in the northeastern Italian Veneto Region and its evolution It elaborates on the programme by narrating the subjective experiences of practitioners and of a specific group of beneficiaries young Nigerian women some in transition towards the age of majority The book builds on qualitative research including a long ethnographic observation and semi structured interviews carried out in the period 2019 2021 before and during the COVID 19 pandemic It takes an intersectional social work and humanitarian governance perspective to examine the multiple dimensions of vulnerability age gender geographical origin type of exploitation characterising trafficked and

sexually exploited Nigerian women It draws attention to the precariousness of protection trajectories but also their variability stressing on the agency of these women This is done with a postcolonial feminist approach by building on the autonomy of migration and the critical humanitarian governance literature while shedding light on the temporal tensions between biographical and institutional times Calling for greater space for women s voices and for their involvement in the co development of protection programmes this book will appeal to scholars of sociology anthropology social work and politics as well as to practitioners and policymakers interested in migration and trafficking The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Movements for Human Rights David L. Brunsma,Keri Iyall Smith,Brian Gran,2016-09-07 How do people work together to advance human rights Do people form groups to prevent human rights from being enforced Why In what ways do circumstances matter to the work of individuals collectively working to shape human rights practices Human society is made of individuals within contexts tectonic plates not of the earth s crust but of groups and individuals who scrape and shift as we bump along competing for scarce resources and getting along These movements large and small are the products of actions individuals take in communities within families and legal structures These individuals are able to live longer yet continue to remain vulnerable to dangers arising from the environment substances struggles for power and a failure to understand that in most ways we are the same as our neighbors Yet it is because we live together in layers of diverse communities that we want our ability to speak to be unhindered by others use spirituality to help us understand ourselves and others possess a space and objects that are ours alone and join with groups that share our values and interests including circumstances where we do not know who our fellow neighbor is For this reason sociologists have identified the importance of movements and change in human societies When we collaborate in groups individuals can change the contours of their daily lives Within this book you will find the building blocks for human rights in our communities To understand why sometimes we enjoy human rights and other times we experience vulnerability and risk sociologists seek to understand the individual within her context Bringing together prominent sociologists to grapple with these questions *Movements for Human Rights Locally and Globally* offers insights into the ways that people move for and against human rights

Institutions Unbound David Brunsma,Keri Iyall Smith,Brian Gran,2016-03-02 Institutions like education family medicine culture and law are powerful social structures shaping how we live together As members of society we daily express our adherence to norms and values of institutions as we consciously and unconsciously reject and challenge them Our everyday experiences with institutions not only shape our connections with one another they can reinforce our binding to the status quo as we struggle to produce social change Institutions can help us do human rights Institutions that bridge nation states can offer resources including norms to advance human rights These institutions can serve as touch stones to changing minds and confronting human rights violations Institutions can also prevent us from doing

human rights We create institutions but institutions can be difficult to change Institutions can weaken if not outright prevent human rights establishment and implementation To release human rights from their institutional bindings sociologists must solve riddles of how institutions work and determine social life This book is a step forward in identifying means by which we can loosen human rights from institutional constraints **Chambers's Encyclopaedia**; ,1896 **Chambers's encyclopædia** Chambers W. and R., ltd,1901 **APAIS, Australian Public Affairs Information Service** ,1996 Vol for 1963 includes section Current Australian serials a subject list [British Humanities Index](#) ,2006 **The 'Subject' of Prostitution** Jane Scoular,2010 Prostitution is often viewed in feminist theory as the sine qua non of the female condition under patriarchy Frequently cited as the absolute embodiment of patriarchal male privilege Kesler 2002 19 the highly gendered nature of commercial sex appears to offer a graphic example of male domination exercised through the medium of sexuality This construction is however as convincing as it is problematic By reviewing the work of Shelia Jeffries Judith Walkowitz Gail Pheterson Shannon Bell Jo Doezema Kamala Kempadoo and Jo Phoenix I aim to illustrate that feminist writers by assuming different theoretical lenses offer diverse interpretations of the subject of prostitution both in terms of women s subjective positions and as a problem of a particular type Prostitution therefore rather than having a singular meaning is more usefully viewed as an important crucible for testing the central mainstays of feminist theory **America, History and Life** ,1994 Article abstracts and citations of reviews and dissertations covering the United States and Canada

Prostitution Teela Sanders,Maggie O'Neill,Jane Pitcher,2009-09-01 This imaginative and comprehensive introduction to the sex industry is as welcome as it is timely This is a rewarding and topical book that I would urge all interested parties to consult Graham Scambler Professor of Medical Sociology University College London A remarkably thorough analysis of prostitution in contemporary society Situating sex work at the intersection of economy occupation and emotion the authors illuminate the complex forces that shape prostitution within an emerging global order Bringing their analysis full circle they close with a helpful exploration of the methods by which researchers are able to investigate an area of such danger and controversy All in all a courageous and important book Jeff Ferrell Visiting Professor of Criminology University of Kent UK and Professor of Sociology Texas Christian University USA This excellent text fills a gap in the market as it explores the full range of issues covering sex work policy and politics A fascinating and informative text which will become the leading handbook in this area Dr Louise Westmarland Senior Lecturer in Criminology The Open University Many commentators have attempted to analyze and explain the nature of prostitution However this is the first textbook to offer a complete overview of the way it operates within contemporary society its characteristics organizational structures and cultural contexts The book also explores how criminal social and health policies have sought to regulate and control the selling of sex This introduction to the sociology and criminology of sex work is comprehensive covering all key areas common to the study of the female sex industry and also includes male and transgender sex work and the sexual exploitation of young people interdisciplinary

combining sociological approaches with criminology criminal justice studies social policy health research and sexuality studies comparative including the international context of the sex industry drawing on European and other examples of law regulation and systems that govern the sex industry student focused offering a lively writing style case studies summaries of relevant legislation study questions and guidance on further reading accessible assisting student learning and aiding lecturers in their teaching Written by leading experts with over 20 years experience in researching and teaching in the field this is a must for all criminology criminal justice and sociology students taking modules in sex industry and prostitution studies It will also appeal to those in gender studies and social policy Sex Work and Human Dignity Stewart

Cunningham,2020-11-02 The notion of human dignity is frequently yet enigmatically invoked in legal and political debates on sex work where many people use it without much elaboration on exactly what they mean by it Sex Work and Human Dignity Law Politics and Discourse sheds light on this enigma by exploring how dignity based discourses are used by those who write and talk about prostitution and also what role these discourses may play in shaping wider cultural understandings of sex work and sex workers The book draws on political discourse theory and is international in its scope with analysis of legal cases textual sources and empirical data gathered through interviews with activists from several different countries in the Global North and South The book traces how the concept of dignity is used in a range of legal and political discourses on sex work and ultimately asks to what extent dignity based discourses help to advance or hinder sex workers social inclusion This book will appeal to students and researchers interested in sex work and feminism as well as those who study human dignity Its interdisciplinary nature means it will appeal to those working in a range of disciplines including law sociology philosophy and political theory **Realising Justice for Sex Workers** , Sharron A. FitzGerald,Kathryn McGarry,2018-08-16 In the

past two decades feminist politics on prostitution has become more polarised and ideological On the one hand those on the radical spectrum of feminist politics have fought long and hard to criminalise sex purchase with the intention of ultimately abolishing prostitution Other feminists have lobbied the state to recognise and institutionalise sex workers human rights The collection is both a critical intervention in and a re orientation of the schism in contemporary feminist prostitution politics Contributors will use this schism as a platform from which to challenge current debates and think an alternative sex worker centred politics for social justice By placing sex workers lived experiences of prostitution at the centre of the conversation the book rejects the hegemony of neo abolitionism as the solution to the problem of sex work The book brings international trans disciplinary scholars together to address a rights based agenda for sex work law and policy and consequently for sex workers lives This collection offers an invaluable resource on the subject of how sex workers experience injustices and how we can mitigate this globally through a transformative vision of social justice Sex-Work, Prostitution and Policy Rebecca MF Hewer,2021-08-04 The topic of sex work prostitution has long generated contentious debate particularly within the broad church of feminism This antagonism is reflected in UK policy debates which are further complicated by their enactment in

spaces of neoliberal hegemony This book analyses the plurality of narratives which contribute to Westminster sex work prostitution policy debates and subsequently seeks to situate them within the social and political conditions of their production Hewer illustrates that contemporary sex work prostitution debates are constituted through a complex entanglement of ideologically hybrid perspectives which variously challenge and ingrain extant relations of power Moreover by drawing on a range of feminist and other critical social theories Hewer offers a way to think differently about both sex work prostitution debates and sex work prostitution itself The book will be a valuable resource for researchers and students from across the social sciences with an interest in the language used to talk about sex work and prostitution in policy debates

Dangerous Sex, Invisible Labor Prabha Kotiswaran, 2011-07-05 Popular representations of third world sex workers as sex slaves and vectors of HIV have spawned abolitionist legal reforms that are harmful and ineffective and public health initiatives that provide only marginal protection of sex workers rights In this book Prabha Kotiswaran asks how we might understand sex workers demands that they be treated as workers She contemplates questions of redistribution through law within the sex industry by examining the political economies and legal ethnographies of two archetypical urban sex markets in India Kotiswaran conducted in depth fieldwork among sex workers in Sonagachi Kolkata s largest red light area and Tirupati a temple town in southern India Providing new insights into the lives of these women many of whom are demanding the respect and legal protection that other workers get Kotiswaran builds a persuasive theoretical case for recognizing these women s sexual labor Moving beyond standard feminist discourse on prostitution she draws on a critical genealogy of materialist feminism for its sophisticated vocabulary of female reproductive and sexual labor and uses a legal realist approach to show why criminalization cannot succeed amid the informal social networks and economic structures of sex markets Based on this Kotiswaran assesses the law s redistributive potential by analyzing the possible economic consequences of partial decriminalization complete decriminalization and legalization She concludes with a theory of sex work from a postcolonial materialist feminist perspective

Criminalising the Purchase of Sex Jay Levy, 2014-09-15 In an attempt to abolish prostitution Sweden criminalised the purchase of sex in 1999 while simultaneously decriminalising its sale In so doing it set itself apart from other European states promoting itself as the pioneer of a radical approach to prostitution What has come to be referred to as the Swedish model has been enormously influential and has since been adopted and proposed by other countries This book establishes the outcomes of this law and the law s justifying narratives for the dynamics of Swedish sex work and upon the lives of sex workers Drawing on recent fieldwork undertaken in Sweden over several years including qualitative interviewing and participant observation Jay Levy argues that far from being a law to be emulated the Swedish model has had many detrimental impacts and has failed to demonstrably decrease levels of prostitution Criminalising the Purchase of Sex Lessons from Sweden utilises a wealth of respondent testimony and secondary research to redress the current lack of primary academic research and to contribute to academic discussion on this politically

charged and internationally relevant topic This original and timely work will be of interest to sex worker rights organisations policy makers and politicians as well as researchers academics and students across a number of related disciplines including law sociology criminology human geography and gender studies

The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse Introduction

In today's digital age, the availability of The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital

libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse books and manuals for download and embark on your journey of knowledge?

FAQs About The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse Books

1. Where can I buy The Subject Of Prostitution Sex Work Law And Social Theory Glasshouse books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
