The Summer We Came To Life:

The Summer We Came to Life Deborah Cloyed, 2011-05-31 Every summer Samantha Wheland joins her childhood friends Isabel Kendra and Mina on a vacation somewhere exotic and fabulous Together with their mixed bag of parents they've created a lifetime of memories This year it's a beach house in Honduras But for the first time their clan is not complete Mina lost her battle against cancer six months ago and the friends she left behind are still struggling to find their way forward without her For Samantha the vacation just feels wrong without Mina Despite being surrounded by her friends the closest thing she has to family Mina's death has left Sam a little lost Unsure what direction her life should take Fearful that whatever decision she makes about her wealthy French boyfriend's surprise proposal it'll be the wrong one The answers aren't in the journal Mina gave Sam before she died Or in the messages Sam believes Mina is sending as guideposts Before the trip ends the bonds of friendship with her living friends the older generation's stories of love and loss and Sam's glimpse into a world far removed from the one in which she belongs will convince her to trust her heart And follow it *The Life and Adventures*

Dear, 2020-03-10 The words Second World War evoke strong images of a time that very few of us have experienced directly. But these images are shaped by the thousands of TV programmes, films and books that document this time from an adult's perspective. Children, unless they were directly involved in momentous events such as the evacuation or the blitz, are rarely heard, especially if they lived in the country rather than towns or cities. My dad Harold is one of those unheard children whose perspective on the war was very different. Rather than sadness and hardship, it brought fun and excitement. These are his memories from Ampney Crucis, a small village in South Gloucestershire that few people have heard of and fewer can spell. It describes a life with Lords of the Manor and the power they had over the community as well as the lives of his own family who have lived in the village for hundreds of years. Events of the war, the attacks, crashes and victory celebrations are described from his perspective as are the daily pre-occupations of a child: school, food and fun. After the war, he, Harold, became Harold and Joan, and together they describe how the social changes of the 1950s and 60s allowed them to use their skills to break away from tied cottages and build their own home. Along the way, they recall how the village has changed, highlighting what we have gained now in our modern life but also what we have lost.
