A Life of Picasso Volume II John Richardson, 2011-09-30 John Richardson draws on the same combination of lively writing critical astuteness exhaustive research and personal experience which made a bestseller out of the first volume and vividly recreates the artist's life and work during the crucial decade of 1907-17 a period during which Pablo Picasso and Georges Braque invented Cubism and to that extent engendered modernism Richardson has had unique access to untapped sources and unpublished material By harnessing biography to art history he has managed to crack the code of cubism more successfully than any of his predecessors And by bringing a fresh light to bear on the artist's often too sensationalised private life he has succeeded in coming up with a totally new view of this paradoxical man of his paradoxical work Never before has Picasso's prodigious technique his incisive vision and not least his sardonic humour been analysed with such clarity

Lauder Collection now a promised gift to The Metropolitan Museum of Art The eighty works featured in this volume by Georges Braque Juan Gris Fernand Léger and Pablo Picasso are among the most important and visually arresting in the movement's history These masterpieces critical to the development of Cubism include such groundbreaking paintings as Braque's *Trees at L'Estaque* considered one of the very first Cubist pictures Picasso's *Still Life with Fan* Léger's pendant one of the first to introduce typography Gris's noirish uncanny *The Man at the Café* one of his most celebrated collages and Léger's uniquely ambitious *Composition: The Typographer* Written by renowned experts on this subject the essays trace the evolution of Cubism from its origins in the still lifes portraits and collages of Braque and Picasso through the precisely delineated compositions by Gris that prefigure the Synthetic Cubism of

the war years to Leger's distinctive intersections of spherical cylindrical and cubic forms that evoke the syncopated rhythms of modern life Also included are a fascinating interview in which Leonard Lauder discusses his approach to collecting an investigative essay on the information gleaned from the backs of the works themselves and an authoritative catalogue that further establishes the lives of these magnificent objects A publication to place alongside the great histories of Modernism this comprehensive book will stand as the resource for understanding Cubism for many years to come Artists' Lives Michael Peppiatt, 2024-09-05 Praised by the Art Newspaper as the best art writer of his generation Michael Peppiatt has encountered many European modern artists over more than fifty years This selection of some of his best biographical writing covers a wide spectrum of modern art from Van Gogh and Pierre Bonnard to personal conversations with painter Sonia Delaunay artist Dora Maar who was Picassos lover in the 1930s and 1940s and Francis Bacon perhaps the most famous of the many artists with whom Peppiatt has formed personal friendships Michael Peppiatts lively engaging writing takes us into the company of many notable art world personalities such as the Catalan painter Antoni Tpies whom he visits in his studio and moments of disillusion such as his meeting with the self mythologizing artist Balthus Art criticism blends with anecdote riding with Lucian Freud in his Bentley drinking with Bacon in Soho discussing Picassos trousers with David Hockney This collection of Peppiatts most perceptive texts includes under recognized artists such as Dachau survivor Zoran Music or Montenegrin artist Dado whose retrospective Peppiatt curated at the 2009 Venice Biennale Remarkably varied in their scope and lucidly written for a general reader these selected essays not only provide us with perceptive commentary and acute critical judgment they also give a unique personal insight into some of the greatest creative minds of the modern era

Rogues' Gallery Philip Hook, 2021-04-30 This expert and elegantly written book reveals how dealers have been a major force in art history from the Renaissance to the avant garde The Guardian UK Philip Hook's riveting narrative takes us from the early days of art dealing in Antwerp where paintings were sold by weight to the unassailable hauteur of contemporary galleries in New York London Paris and beyond Along the way we meet a surprisingly wide ranging cast of characters from tailors spies and the occasional anarchist to scholars aristocrats and connoisseurs some compelled by greed some by their own vision of art and some by the art of the deal Among them are Joseph Duveen who almost single handedly brought the Old Masters to America Paul Durand Ruel the Impressionists champion Daniel Henry Kahnweiler high priest of Cubism Leo Castelli dealer midwife to Abstract Expressionism and Pop Art and Peter Wilson the charismatic Sotheby's chairman who made a theater of the auction room Full of unforgettable anecdotes and astute insight *Rogue's Gallery* offers a front row seat and a backstage pass to this arcane and obsessively secretive profession Hannah Rothschild Mail on Sunday UK Bristles with colorful characters and dysfunctional dynasties Hook weaves history with racy twists opening the door to a secretive world No rogue emerges unscathed The Wall Street Journal When Harry Met Pablo Matthew Algeo, 2023-11-14 Truman and Picasso were contemporaries and were both shaped by and shapers of the great events of the twentieth century the man who

painted Guernica and the man who authorized the use of atomic bombs against civilians But in most ways they couldn't have been more different Picasso was a communist and probably the only thing Harry Truman hated more than communists was modern art Picasso was an indifferent father a womanizer and a millionaire Truman was utterly devoted to his family and despite his fame far from a rich man How did they come to be shaking hands in front of Picasso's studio in the south of France Truman's meeting with Picasso was quietly arranged by Alfred H Barr Jr the founding director of New York's Museum of Modern Art and an early champion of Picasso Barr knew that if he could convince these two ideological antipodes the straight talking politician from Missouri and the Cubist painter from Mlaga to simply shake hands it would send a powerful message not just to reactionary Republicans pushing McCarthyism at home but to the whole world modern art was not evil Truman author Matthew Algeo retraced the Trumans' Mediterranean vacation and visited the places they went with Picasso including Picasso's villa Picasso's ceramics studio in Vallauris and Chateau Grimaldi a museum in Antibes A rigorous history with a heartwarming center When Harry Met Pablo intertwines the biographies of Truman and Picasso the history of modern art and twentieth century American politics but at its core it is the touching story of two old men who meet for the first time and realize they have more in common and are more alike than they ever imagined

Cubism and Its Histories David Cottingham, 2004 Cubism was the most influential artistic movement that emerged in the twentieth century Yet just what cubism was or stood for at the time of its emergence is still in dispute while the explanations offered for its importance for twentieth century art and its legacy for the present are bewildering in their variety This fascinating book offers a way beyond this confusion a narrative of its beginnings consolidation and dissemination that takes into account not only what the style and the movement signified at the time of its emergence but also the principal writings through which cubism's significance for modernism has been established Visually stunning with over 100 illustrations this is an essential work for all students and teachers of modern art history

Francis Bacon Mark Stevens, Annalyn Swan, 2021-03-23 THE TIMES BEST ART BOOK OF THE YEAR FINALIST FOR THE PLUTARCH AWARD AND THE APOLLO AWARD There are not many biographical masterpieces but Mark Stevens and Annalyn Swan have produced one wrote the novelist John Banville of Francis Bacon Revelations By the Pulitzer prize winning authors of de Kooning An American Master this acclaimed biography contains a wealth of never before known details about one of the iconic artists of the 20th century a singularly private darkly funny eruptive man and his extraordinary art whose iconoclastic charm keeps the pages turning The Washington Post Francis Bacon created an indelible image of mankind in modern times and played an outsized role in both twentieth century art and life from his public emergence with his legendary Triptych 1944 its images so unrelievedly awful that people fled the gallery to his death in Madrid in 1992 Bacon was a witty free spirit and unabashed homosexual at a time when many others remained closeted and his exploits were as unforgettable as his images He moved among the worlds of London's Soho and East End the literary salons of London and Paris and the homosexual life of Tangier Through hundreds of interviews and

extensive new research the authors probe Bacon's childhood in Ireland he earned his father's lasting disdain because his asthma prevented him from hunting his increasingly open homosexuality his early design career never before explored in detail the formation of his vision his early failure as an artist his uneasy relationship with American abstract art and his improbable late emergence onto the international stage as one of the great visionaries of the twentieth century In all Francis Bacon Revelations gives us a more complete and nuanced and more international portrait than ever before of this singularly private darkly funny eruptive man and his equally eruptive extraordinary art Bacon was not just an influential artist he helped remake the twentieth century figure **Clive Bell and the Making of Modernism** Mark Hussey,2021-04-01
