Gastronomic Judaism as Culinary Midrash Jonathan D. Brumberg-Kraus, 2018-10-29 This book is about what makes food Jewish or better who and how one makes food Jewish Making food Jewish is to negotiate between the local regional and now global foods available to eat and the portable Jewish taste preferences Jews have inherited from their sacred texts and calendars What makes Jewish food Jewish and what makes Jewish eating practices continually viable and meaningful are not fixed dietary rules and norms but rather culinary interpretations and adaptations of them to new times and places culinary midrash Jewish cuisine is a fusion of interactions a reflection of displacement and intentional positioning and re positioning vis a vis sacred texts old and new lands Jewish and non Jewish neighbors old and new family combinations re imaginings of our personal ethnic gender and other identities Jonathan Brumberg Kraus questions Jewish identity in particular and identity generally as something fixed stable and singular and unintentional Jewish food choices are situational often temporary expressions of Jewish identity It addresses the tension between what Jewish authoritative textual sources and their proponents say is Jewish food and Jewish eating and what Jews actually eat So while discussing connections between ancient religious texts and modern Jewish food preferences this book does not stop there Using examples from his experience Brumberg Kraus describes the improvisational characteristics of gastronomic Judaism as the interplay of texts tastes artifacts and everyday practices not only in the classic sacred texts but also in Jewish cookbooks and internet blogs on Jewish home cooking seasonal intensification of Jewish food choices e g latkes at Chanukah or keeping kosher for Passover safe treif the fusion cultural appropriation of diasporic Biblical and Palestinian foods in new Israeli cuisine and the impact of the environmentalist New Jewish Food movement on contemporary Jewish food choices and identity **Orthodox by Design** Jeremy Stolow, 2010 This is the first thorough study of the ArtScroll publishing phenomenon which is a major force in contemporary English speaking Jewish life It is deeply and richly informed by interdisciplinary work on semiotics textuality

and mediation It will be quite useful to those working in areas such as religion and media contemporary Jewish studies history of print sociology of religion and American religion And it should fascinate those who are regular if not always uncritical users of ArtScroll publications Jonathan Boyarin University of North Carolina Chapel Hill With stunning clarity wit and originality Jeremy Stolow takes us into the deeply influential but largely unexplored world of ArtScroll a company that has cornered the market on the publishing of Orthodox religious prayer books as well as a host of related works from cookbooks to self help texts With ethnographic and scholarly skill and his characteristic attention to both detail and the big picture Stolow reveals a social universe that is astonishingly complex political and profitable This inviting and groundbreaking book is a remarkable contribution to the fields of religion media studies and Judaic studies Faye Ginsburg New York University Destined to become the classical study of print piety and politics in the digital age Orthodox by Design will force us to rethink many taken for granted assumptions about globalization secularization and orthodoxy A comprehensive investigation of global publishing it offers fresh insight into the politics of translation the emergence of a Jewish public sphere and the expanding influence of Haredi intellectuals Bryan S Turner editor of The Routledge International Handbook of Globalization Studies Orthodox by Design is a singular contribution to Jewish studies and the emergent field of religion and media Stolow s masterful account of the Artscroll enterprise and its reception shows how materiality and media matter in the formation of religious sensibilities practices and everyday life in the contemporary world Elizabeth A Castelli author of Martyrdom and Memory Early Christian Culture Making This carefully crafted imaginative study of Artscroll offers a theoretically powerful perspective on the limitations of textual approaches of book religions Its relevance far exceeds the field of Jewish studies I am thrilled by Stolow s deployment of design as a key theoretical concept that leads beyond usual oppositions of spirit matter content form or message medium Located at the intersection of religious studies media studies and social sciences Orthodox by Design is an outstanding path breaking intervention in broader debates about religion media and materiality Birgit Meyer author of Aesthetic Formations Media Religion and the Senses
