The Spinster And Her Enemies:

The Spinster and Her Enemies Sheila Jeffreys, 1997 Annotation This feminist text is released here with a revised and updated introduction It examines the activities of feminist campaigners around such issues as child abuse and prostitution and how these campaigns shaped social purity in the 1880s and 1890s **Spinster and Her Enemies** Sheila Jeffreys,

Spinster Tales and Womanly Possibilities Naomi Braun Rosenthal, 2012-02-01 The spinster once a ubiquitous figure in American popular culture has all but vanished from the scene Intrigued by the fact that her disappearance seems to have gone unnoticed Naomi Braun Rosenthal traces the spinster's life and demise by using stories from the Ladies Home Journal from 1890 1913 and 1933 along with Hollywood films from the 1940s and 1950s such as *It's a Wonderful Life* *Now Voyager* and *Summertime* among others Originally invoked as a symbol of female independence a hundred years ago when marriage and career were considered to be incompatible choices for women spinsterhood was advocated as an alternate path by some and viewed as a threat to family life by others Today there are few traces of the spinster's existence the options open to women have dramatically changed but we continue to grapple with concerns about women's desires and the future of the family

The Women's Movements in the United States and Britain from the 1790s to the 1920s Christine Bolt, 2014-09-25 This book presents a study of the development of the feminist movement in Britain and America during the 19th century Acknowledging the similar social conditions in both countries during that period the author suggests that a real sense of distinctiveness did exist between British and American feminists American feminists were inspired by their own perception of the superiority of their social circumstances for example whereas British feminists found their cause complicated by traditional considerations of class Christine Bolt aims to show that the story of the American and British women's movement is one of national distinctiveness within an international cause This book should be of interest to students and teachers of American and British political history and women's studies *Step-daughters of England* Jane Garrity, 2003

By reading the work of the British modernists Dorothy Richardson Sylvia Townsend Warner Mary Butts and Virginia Woolf through the lens of material culture this text argues that women's imaginative work is inseparable from their ambivalent

complicated relation to Britain's imperial history **Women's Literary Portraits in the Victorian and Neo-Victorian Novel**

Aleksandra Tryniecka, 2023-01-10 *Women's Literary Portraits in the Victorian and Neo-Victorian Novel* is a dialogical and intertextual journey through the pages of nineteenth century novels and their modern revisionary counterparts It is the book not only dedicated to the readers associated with academia but also to all literature enthusiasts students of literature and those readers who are fascinated by the Victorian novel as well as by its current neo-Victorian revival The focus of this work revolves around the literary portrayals of Victorian and neo-Victorian women who as the authoress believes are located in the centre of socio-cultural and historical narratives shaping both the past and the present Nineteenth century narratives concerning women's placement and status in the Victorian social landscape are currently revived on the pages of neo

Victorian novels thus attesting to the unceasing interest in the bygone While neo Victorian revisionary fiction endows nineteenth century women with a redemptive potential it also exposes modern paradoxes and ambiguities connected with universal expectations towards women what further approximates our contemporaneity to the Victorian past While examining these socio cultural ambivalences the authoress celebrates Victorian and neo Victorian women characters in their attempts to thrive as individuals Consequently the book studies Victorian and neo Victorian women characters in relation to their identities unique voices and textual garments

Women Teachers and Feminist Politics, 1900-39 Alison Oram, 1996 Women teachers were key players in twentieth century feminism They fought for women s suffrage before the First World War and continued their vigorous campaigns for equal pay equal promotion opportunities and abolition of the marriage bar into the less promising political environment of the 1920s and 1930s This book is the first to offer a detailed assessment of why women teachers were so politically active and makes an important contribution to the literature on women s politicisation Drawing on interviews with women teachers in state elementary and secondary schools as well as the records of teachers associations and central and local government it explores the tensions in the relationship between their position at the workplace and their family lives and unravels the connections and dissonances between how they saw themselves as both women and professional teachers

Abortion in England 1900-1967 Barbara Brookes, 2012-12-12 Over the decades from 1900 to 1967 abortion was transformed from an important female centred form of fertility control into a medical event closely monitored by the State This transition the author argues here took place against a background of debate over fertility control and its implications for women s maternal role The book originally published in 1988 suggests that the inter war years saw a crucial mapping of boundaries in the debates over abortion The distinction between methods of fertility control used before and after conception was more sharply drawn The abortion law was difficult to enforce and in 1936 the Abortion Law Reform Association was founded by feminists to call for safe legal abortion as a woman s right Resort to criminal abortion continued in the post war years and the number of therapeutic abortions also began to increase The medical profession s attempt to create a distinction between worthy medical and spurious social reasons for fertility control gave way in the face of women s demands for safe and effective means to plan when and if they would have children After a hard fought battle the abortion law was reformed in 1967 The abortion decision however remained firmly in the hands of the medical profession

Citizen, Invert, Queer Deborah Cohler, In late nineteenth century England mannish women were considered socially deviant but not homosexual A half century later such masculinity equaled lesbianism in the public imagination How did this shift occur Citizen Invert Queer illustrates that the equation of female masculinity with female homosexuality is a relatively recent phenomenon a result of changes in national and racial as well as sexual discourses in early twentieth century public culture Incorporating cultural histories of prewar women s suffrage debates British sexology women s work on the home front during World War I and discussions of interwar literary representations of female

homosexuality Deborah Cohler maps the emergence of lesbian representations in relation to the decline of empire and the rise of eugenics in England Cohler integrates discussions of the histories of male and female same sex erotics in her readings of New Woman representations of male and female suffragists wartime trials of pacifist novelists and seditious artists and the interwar infamy of novels such as Radclyffe Hall's *The Well of Loneliness* and Virginia Woolf's *Orlando* By examining the shifting intersections of nationalism and sexuality before during and after the Great War this book illuminates profound transformations in our ideas about female homosexuality Women's History: Britain, 1850-1945 June Purvis, 2008

Emma Goldman Bonnie Haaland, 1993 This book focuses on the ideas of Emma Goldman as they relate to the centrality of sexuality and reproduction and as such are relevant to the current feminist debates BOOK JACKET **Pets and**

Domesticity in Victorian Literature and Culture Monica Flegel, 2015-02-11 Addressing the significance of the pet in the Victorian period this book examines the role played by the domestic pet in delineating relations for each member of the natural family home Flegel explores the pet in relation to the couple at the head of the house to the children who make up the family's dependents and to the common familial outcasts who populate Victorian literature and culture the orphan the spinster the bachelor and the same sex couple Drawing upon both animal studies and queer theory this study stresses the importance of the domestic pet in elucidating normative sexuality and reproductivity within the familial home and reveals how the family pet operates as a means of identifying aberrant failed or perverse familial and gender performances The family pet that is was an important signifier in Victorian familial ideology of the individual family unit's ability to support or threaten the health and morality of the nation in the Victorian period Texts by authors such as Clara Balfour Juliana Horatia Ewing E Burrows Bessie Rayner Parkes Anne Bront George Eliot Frederick Marryat and Charles Dickens speak to the centrality of the domestic pet to negotiations of gender power and sexuality within the home that both reify and challenge the imaginary structure known as the natural family in the Victorian period This book highlights the possibilities for a familial elsewhere outside of normative and restrictive models of heterosexuality reproduction and the natural family and will be of interest to those studying Victorian literature and culture animal studies queer studies and beyond Gender and

Representation in British 'Golden Age' Crime Fiction Megan Hoffman, 2016-05-17 This book provides an original and compelling analysis of the ways in which British women's golden age crime narratives negotiate the conflicting social and cultural forces that influenced depictions of gender in popular culture in the 1920s until the late 1940s The book explores a wide variety of texts produced both by writers who have been the focus of a relatively large amount of critical attention such as Agatha Christie Dorothy L Sayers and Margery Allingham but also those who have received comparatively little such as Christianna Brand Ngaio Marsh Gladys Mitchell Josephine Tey and Patricia Wentworth Through its original readings this book explores the ambivalent nature of modes of femininity depicted in golden age crime fiction and shows that seemingly conservative resolutions are often attempts to provide a modern yet safe solution to the conflicts raised in the texts

Spiritualism and British Society Between the Wars Jenny Hazelgrove, 2000-09-02 Historians of modern British culture have long assumed that under pressure from secular forces interest in spiritualism had faded by the end of the Great War Jenny Hazelgrove challenges this assumption and shows how spiritualism grew between the wars and became part of the fabric of popular culture This book provides a fascinating and lively insight into an alternative culture that flourished and continues to flourish alongside more conventional outlets for spiritual beliefs and needs

Winifred Holtby's Social Vision Lisa Regan, 2015-10-06 Winifred Holtby 1898 1935 is best known today for her friendship with fellow feminist and pacifist Vera Brittain and for her last novel *South Riding* This is the first monograph to provide a literary criticism of Holtby's social philosophy and presents in depth readings of all her major works as well as some of her less well known writing

In Their Time Marlene LeGates, 2001-08-31 Marlene LeGates has written a thorough lively and accessible overview of Western feminist movements from the Middle Ages through the latter twentieth century With each chapter containing a timeline and brief excerpts from primary source documents the text serve as an ideal basis for a history of feminism or women's studies course or as a supple

Lilian Baylis Elizabeth Schafer, 2006 Lilian Baylis was much more than the manager of the Old Vic and Sadler's Wells This biography sets out to discover how Baylis was able to manage two theatres and three companies bringing what was considered the very best of high culture to working people and still haul her theatres into profit

Sexology in Culture Lucy Bland, Laura Doan, 1998 With *Sexology in Culture* leading historians in a range of relevant fields have been brought together to examine the impact of key writings by sexologists on English speaking culture from the 1880s to the early 1940s

Deviations Gayle Rubin, 2011-11-28 Collection of writings by Gayle S Rubin an American theorist and activist in feminist lesbian and gay queer and sexuality studies since the 1970s

Conduct Books and the History of the Ideal Woman Tabitha Kenlon, 2020-03-31 The longest running war is the battle over how women should behave *Conduct Books and the History of the Ideal Woman* examines six centuries of advice literature analyzing the print origins of gendered expectations that continue to inform our thinking about women's roles and abilities Close readings of numerous conduct manuals from Britain and America written by men and women explain and contextualize the legacy of sexism as represented in prescriptive writing for women from 1372 to the present While existing period specific studies of conduct manuals consider advice literature within the society that wrote and read them *Conduct Books and the History of the Ideal Woman* provides the only analysis of both the volumes themselves and the larger debates taking place within their pages across the centuries Combining textual literary analysis with a social history sensibility while remaining accessible to expert and novice this book will help readers understand the on going debate about the often contradictory guidelines for female behavior

Yeah, reviewing a ebook **The Spinster And Her Enemies** could amass your close associates listings. This is just one of the solutions for you to be successful. As understood, talent does not recommend that you have astounding points.
