The Spiritist Fallacy Collected Works Of Rene Guenon:

The Spiritist Fallacy René Guénon, 2003 Ren Gu non 1886 1951 is undoubtedly one of the luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of recent philosophies His oeuvre of 26 volumes is providential for the modern seeker pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents at the same time it directs the reader to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization Many readers of Gu non s doctrinal works have hoped for translations of his detailed expos s of Theosophy and Spiritism Sophia Perennis is pleased now to make available both these important titles as part of the Collected Works of Ren Gu non Whereas Theosophy History of a Pseudo Religion centers primarily on historical details The Spiritist Fallacy though also packed with arcane facts is unique in revealing how one of the greatest metaphysicians of our age interprets the phenomena real or alleged of Spiritism The doctrinal expositions that accompany his astonishing account of Spiritism offer extraordinarily prescient insight into many deviations and psychological afflictions of the modern mind and should be as valuable to psychiatrists and spiritual counselors as to historians of esoteric history And it also offers a profound corrective to the many brands of New Age therapy that all too unwittingly invoke many of the same elements whose nefarious origins Gu non so clearly pointed out many years ago

The Essential Rene Guenon John Herlihy, 2009-10-15 A prolific writer and author of over 24 books Rene Guenon was the founder of the Perennialist Traditionalist school of comparative religious thought Known for his discourses on the intellectual and spiritual bankruptcy of the modern world symbolism tradition and the inner or spiritual dimension of religion this book is a compilation of his most important writings A key component of his thought was the assertion that universal truths manifest themselves in various forms in the world s religions and his writings on Hinduism Taoism and Sufism are particularly illuminating in this regard

The Crisis of the Modern World René Guénon, 2001 It is no longer news that the Western world is in a crisis a crisis that has spread far beyond its point of origin and become global in nature In 1927 Ren Gu non responded to this crisis with the closest thing he ever wrote to a manifesto and call to action The Crisis of the Modern World was his most direct and complete application of traditional metaphysical principles particularly that of the age of darkness preceding the end of the present world to social criticism surpassed only by The Reign of Quantity and the Signs of the Times his magnum opus In the present work Gu non ruthlessly exposes the Western deviation its loss of tradition its exaltation of action over knowledge its rampant individualism and general social chaos His response to these conditions was not activist however but purely intellectual envisioning the coming together of Western intellectual leaders capable under favorable circumstances of returning the West to its traditional roots most likely via the Catholic Church or under less favorable ones of at least preserving the seeds of

Tradition for the time to come **The King of the World** René Guénon, 2001 This remarkable book grew out of a conference headed by Ren Gu non the sinologist Ren Grousset and the neo Thomist Jacques Maritain on questions raised by Ferdinand Ossendowski s thrilling account in his Men Beast and Gods of an escape through Central Asia during which he foils enemies and encounters shamans and Mongolian lamas whose marvels he describes The book caused a great sensation especially the closing chapters where Ossendowski recounts legends allegedly entrusted to him concerning the King of the World and his subterranean kingdom Agarttha The present book one of Gu non s most controversial was written in response to this conference and develops the theme of the King of the World from the point of view of traditional metaphysics Chapters include Western Ideas about Agarttha Shekinah and Metatron The Three Supreme Functions Symbolism of the Grail Melki Tsedeq Luz Abode of Immortality The Supreme Center concealed during the Kali Yuga and The Omphalos and Sacred Stones

Rene Guenon and the Future of the West Robin Waterfield, 2005-03 Reni Guinon 1886 1951 is undoubtedly one of the luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of recent philosophies His oeuvre of 26 volumes is providential for the modern seeker pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents at the same time it directs the reader to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization This is the only biographical introduction to Guinon currently available in English Sophia Perennis will soon publish another biography The Simple Life of Reni Guinon written shortly after Guinon s death by his close friend and publisher Paul Chacornac After a lonely childhood often interrupted by ill health Guinon navigated the seductive half truths of occultism toward a deeper unified vision offering a way out from the confusion and fragmentation of our time Against the seemingly inexorable process of dissolution the twentieth century experienced Guinon pointed to the transcendent unity of all religious faiths and the abiding Truth that contains them all **East and West** René Guénon, 2004-05 In East and West Gu non diagnoses the fundamental abnormality of Western civilization vis vis the traditional civilizations of the East suggests avenues by which the West might be re oriented toward the fundamental metaphysical principles it has largely abandoned and outlines the possible role of a restoration of true intellectuality in this task Of course East and West are no longer what they were in Guenon s time The aggressive rationalism and materialism of post Christian Western culture has become a worldwide phenomenon and no longer corrodes the philosophical and cultural underpinnings of the West only it has infiltrated distorted forms of Eastern spirituality and metaphysics incited fundamentalist reactions the world over and thanks to the pervasive internet wields previously unheard of influence And so today we have an East largely inflamed with a desire to surpass the West in materialism and a West sodden with moral and spiritual degeneracy Nonetheless fruitful exchanges between traditional

Christianity and Eastern religions have also taken place on an unprecedented scale though marred by an ongoing temptation to ill informed syncretism In such a milieu Gu non s East and West read with an eye to events of recent decades delivers a stunning intellectual punch But the East is always the East the place where the sun rises the point of recollection and return to the Source And the West is always the West the place of the full manifestation of possibilities including the most degenerate of the tendency to dissipation and dissolution the point where the sun sets In postmodern global culture we are all more or less forced to be Westerners outwardly our only recourse under these circumstances may be to become Easterners within

False Dawn Lee Penn, 2004 The interfaith movement which began with the 1893 World s Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright

scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion.org **American Book Publishing Record**, 2002 **Spiritism II** Guenon Y. Pedro Rodea, 2020-06-22 Many readers of Gu non s doctrinal works have hoped for translations of his detailed expos s of Theosophy and Spiritism Sophia Perennis is pleased to make available both these important titles as part of the Collected Works of Ren Gu non Whereas Theosophy History of a Pseudo Religion centers primarily on historical details The Spiritist Fallacy though packed also with arcane facts is unique in revealing how one of the greatest metaphysicians of our age interprets the phenomena real or alleged of Spiritism The doctrinal expositions that accompany his astonishing account offer extraordinarily prescient insight into many deviations and psychological afflictions of the modern mind and will be as valuable to psychological practitioners and spiritual counselors as to historians of esoteric history It also offers a profound corrective to the many brands of New Age therapy that all too unwittingly invoke many of the same elements whose nefarious origins Gu non so clearly described many years ago *The Simple Life of René Guénon* Paul Chacornac, 2005-05-26 Ren Gu non 1886 1951 is undoubtedly one of the luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of recent philosophies His oeuvre of 26 volumes is providential for the modern seeker pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents at the same time it directs the reader to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization The present volume first published in 1958 by Gu non s friend and collaborator Paul Chacornac whose bookstore journal first called Le Voile d Isis later changed to tudes Traditionnelles and publishing venture ditions Traditionnelles were so instrumental in furthering Gu non s work was the first full length biography of this extraordinary man to appear and has served as the foundation for the many later biographies that have appeared in French as well as the lone biography in English Ren Gu non and the Future of the West by Robin Waterfield Its translation and publication in conjunction with The Collected Works of Ren Gu non represents an important step in the effort to bring Gu non s oeuvre before a wider public **St. Nersess Theological Review**, 2001 *Theosophy* René Guénon, 2001 Ren Gu non 1886 1951 was one of the great luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of intellectual fashion His extensive writings now finally available in English are a providential treasure trove for the modern seeker while pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and

including also Alchemy Hermeticism and other esoteric currents they direct the reader also to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization Many readers of Gu non s later doctrinal works have longed to hear the tale of his earlier entanglement and disentanglement from the luxuriant undergrowth of so called esoteric societies in late nineteenth century Paris and elsewhere The present work documents in excoriating detail Gu non s findings on what did and did not lie behind the Theosophical Society founded by Madame Blavatsky and Colonel Olcott in 1875 Much further information has of course come to light during the 80 years since this book was written but it has never been superseded as a fascinating record of the path of a master metaphysician through this maze A sampling of chapter titles will convey a sense of the depth of this remarkable work Madame Blavatsky s Antecedents The Theosophical Society and Rosicrucianism The Question of the Mahatmas The Society for Psychical Research Esoteric Buddhism Esoteric Christianity The Future Messiah The Trials of Alcyone The Anthroposophy of Rudolf Steiner The Order of the Star of the East Theosophy and Freemasonry The Political Role of the Theosophical Society A particularly unusual feature is its extensive treatment of the Hermetic Brotherhood of Luxor which has recently attracted the attention of scholars of the occult The Collected Works of Ren Gu non brings together the writings of one of the greatest prophets of our time whose voice is even more important today than when he was alive Huston Smith author of *The World s Religions* etc *Forthcoming Books* Rose Arny,2002-04

Staying Connected Rudolf Steiner,1999 The idea of maintaining continuing and enhancing our relationships with those who have died was a fundamental part of Rudolf Steiner s work This volume collects a rich harvest of Steiner s thoughts on this subject gathered over many years Steiner speaks from his own experiences providing some of the meditation practices and verses that worked for him We learn of the value of reading to the dead of using verbs rather than nouns when talking with them of the importance of the sacred moments while falling asleep and awaking for asking questions and receiving answers of the way our memories of the dead are like art to them and of key moods we must develop community with the world gratitude confidence in the current of life *Subject Guide to Books in Print* ,1991 [Cracks in the Great Wall](#) Charles Upton,2005 Can we really know what UFO s are The answer is Yes but only if we study them armed with a kind of knowledge that explains the true and complete structure of the universe spiritual psychic and material a knowledge that only traditional metaphysics can provide Science can supply one piece of the puzzle detective work another psychic investigation still another But only metaphysics can put the puzzle together and give us a complete and satisfying picture of the UFO phenomenon *Cracks in the Great Wall* analyzes of the findings of UFO researcher Jacques Vallee and some of his colleagues in light of the teachings of Ren Gunon particularly as expressed in his prophetic masterpiece *The Reign of Quantity and the Signs of the Times* According to Gunon one of the signs of the End Times is the erosion of the energy barrier or Great Wall between the material plane and the world of subtle realities which is why our world is now being invaded by infra psychic

forces of a terribly destructive nature Author Charles Upton shows how one of the most obvious examples of this invasion is the UFO phenomenon including the experience of alien abduction A lifetime student of comparative religion and mysticism he explains the true nature of UFOs the quality of the world they come from and also something about the agenda these beings or some of them are trying to impose upon our world If you want to remain merely mystified or fascinated by the UFO phenomenon this book is not for you But if you want to understand it Cracks in the Great Wall will give you the conceptual tools you need With the help of UFOlogists Jacques Vallee and John E Mack Christian writers C S Lewis and Seraphim Rose Kaballah authority Leo Schaya and traditionalist writers Ren Gunon and Whitall Perry Charles Upton has provided the most comprehensive explanation of the UFO phenomenon yet written It is difficult to be objective in areas outside our collective view of reality but if as the author contends his argument is based on sound principles it deserves serious consideration by all who are interested in the UFO phenomenon and its effect on our world Charles Upton is a serious writer from whom I have learned much His writing deserves close attention Prof Huston Smith author of The World s Religions etc
