The Independent Filmmaker's Law and Business Guide Jon M. Garon, 2021-08-03

Today's independent and digital filmmaking demands a clear guide to the business and legal aspects of the art. What fundraising options are available to a filmmaker? When should a filmmaker establish a corporation or limited liability company? How do screenwriters protect their work? What are a director's legal obligations to the producer, cast and crew, and what are their obligations in return? This indispensable resource addresses the legal, financial and organizational questions that an independent or guerrilla filmmaker must face and the problems that will doom a project if left unanswered. It demystifies issues such as founding a film company, obtaining financing, preparing a budget, securing locations, shooting, granting screen credits and distributing, exhibiting and marketing a film. Newly updated and expanded, this third edition explores concepts such as integrating social media, crowd funding and nonprofit status, funding, diversity, inclusion and compensation equity and distribution via streaming services.
