Using Graphic Novels in the English Language Arts Classroom William Boerman-Cornell, Jung Kim, 2020-10-01 Shortlisted for the UK Literacy Association s Academic Book Award 2021 There is an increasing trend in teachers using graphic novels to get their students excited about reading and writing using both original stories and adaptations of classic works by authors such as Homer Shakespeare and the Brontes However there is surprisingly little research available about which pedagogies and classroom practices are proven to be effective This book draws on cutting edge research surveys and classroom observations to provide a set of effective methods for teaching with graphic novels in the secondary English language arts classroom These methods can be applied to a broad base of uses ranging from understanding literary criticism critical reading multimodal composition to learning literary devices like foreshadowing and irony The book begins by looking at what English language arts teachers hope to achieve in the classroom It then considers the affordances and constraints of using graphic novels to achieve these specific goals using some of the most successful graphic novels as examples including *Maus* *Persepolis* *The Nameless City* and *American Born Chinese* and series such as *Manga Shakespeare* Finally it helps the teacher navigate through the planning process to figure out how to best use graphic novels in their own classroom Drawing on their extensive teaching experience the authors offer examples from real classrooms suggested lesson plans and a list of teachable graphic novels organized by purpose of teaching

Last Things Marissa Moss, 2017-05-01 Last Things is the true and intensely personal story of how one woman coped with the devastating effects of a catastrophic illness in her family Using her trademark mix of words and pictures to sharp effect Marissa Moss presents the story of how she her husband and her three young sons struggled to maintain their sense of selves and wholeness as a family and how they continued on with everyday life when the earth shifted beneath their feet After returning home from a year abroad Marissa's husband Harvey was diagnosed with ALS The disease progressed quickly and Marissa was soon consumed with caring for Harvey while trying to keep life as normal as possible for her young children ALS stole the man who was her husband the father of her children and her best friend in less than 7 months This is not a story about the redemptive power of a terminal illness It is a story of resilience of how a family managed to survive a terrible loss and grow in spite of it Although it's a sad story it's powerfully told and ultimately uplifting as a guide to strength and perseverance to staying connected to those who matter most in the midst of a bleak upheaval If you've ever wondered how you would cope with a dire diagnosis this book can provide a powerful example of what it feels like and how to come through the darkness into the light Last Things is one of the most amazingly poignant and honest memoirs graphic or otherwise I've ever encountered This book which I read in one insatiable sitting tore my heart in two Moss handles the material with such a delicate sensibility both with her drawings and her text I couldn't help but let her carry me along on her journey of love and loss Katie Hafner contributing writer to The New York Times and author of Mother Daughter Me A Memoir
