The Securitization of Migration and Refugee Women Alison Gerard, 2014-05-16 Humanised accounts of restrictions on mobility are rarely the focus of debates on irregular migration Very little is heard from refugees themselves about why they migrate their experiences whilst entering the EU or how they navigate reception conditions upon arrival particularly from a gendered perspective *The Securitization of Migration and Refugee Women* fills this gap and explores the journey made by refugee women who have travelled from Somalia to the EU to seek asylum This book reveals the humanised impact of the securitization of migration the dominant policy response to irregular migration pursued by governments across the Globe The Southern EU Member State of Malta finds itself on the frontline of policing and securing Europe's southern external borders against transnational migrants and preventing migrants on migration to other Member States within the EU The securitization of migration has been responsible for restricting access to asylum diluting rights and entitlements to refugee protection and punishing those who arrive in the EU without valid passports a visibly racialised and gendered population The stories of the refugee women interviewed for this research detail the ways in which refugee protection is being eroded selectively applied and in some cases specifically designed to exclude In contrast to the majority of migration literature which has largely focused on the male experience this book focuses on the experiences of refugee women and aims to contribute to the volume of work dedicated to analysing borders from the perspective of those who cross them This research strengthens existing criminological literature and has the potential to offer insights to policy makers around the world It will be of interest to academics and students interested in International Crime and Justice Securitisation Refugee Law and Border Control as well as the general reader **An**

Unexpected Kind of Love Hayden Stone, 2021-08-09 Bookstore owner Aubrey Barnes likes his quiet orderly London life thank you very much His shop may be struggling his only employee is a menace and his plumbing is one creaky pipe away from disaster but he can handle it Maybe He cannot however handle the film company that s thrown his Soho street into chaos And he definitely can t handle the charismatic American actor Blake Sinclair Which is why he s extremely reluctant to lease out his shop as a set for Blake s film but it s his one opportunity to save his business Now he can t get away from the distractingly hot actor Then Aubrey finds himself alone with Blake in a trailer and what happens next turns London s heat wave into an inferno that leaves him breathless Aubrey is not cut out for the high profile life of celebrity dating especially an American actor who s not even out yet Good thing their tryst is absolutely not going anywhere But expecting nothing can be complicated especially when it starts to mean everything Each book in the When Snow Falls series is **STANDALONE** An Unexpected Kind of Love When London Snow Falls *Metafiction and Myth in the Novels of Peter Ackroyd* Susana Onega Jaén, 1999 Providing detailed analysis of the recurrent structural and thematic traits in Peter Ackroyd s first nine novels this work sets out to show how they grow out of the tension created by two apparently contradictory tendencies These are on the one hand the metafictional tendency to blur the boundaries between story telling and history to enhance the linguistic component of writing and to underline the constructedness of the world created in a way that aligns Ackroyd with other postmodernist writers of historiographic metafiction and on the other the attempt to achieve mythical closure expressed for example in Ackroyd s fictional treatment of London as a mystic centre of power This mythical element evinces the influence of high modernists such as Ezra Pound and T S Eliot and links Ackroyd s work to transition to postmodern writers such as Lawrence Durrell Maureen Duffy Doris Lessing and John Fowles *Introduce Bible Topics from Another Angle* Kelly Carr, 2008-09 This collection of culturally relevant creative drama sketches for student ministry or drama ministries with teens will help the leader introduce Bible topics from unique perspectives **The Canadian Mining and Metallurgical Bulletin** ,1952 **Articles in ITJEMAST 15(1) 2024** ,2024-05-01 Latest 2024 research articles from International Transaction Journal of Engineering Management Applied Sciences Technologies International Transaction Journal of Engineering Management Applied Sciences Technologies publishes a wide spectrum of research and technical articles as well as reviews experiments experiences modelings simulations designs and innovations from engineering sciences life sciences and related disciplines as well as interdisciplinary cross disciplinary multidisciplinary subjects Original work is required The article submitted must not be under consideration by other publishers for publication **Peter Ackroyd J. Gibson, J. Wolfreys**, 2000-04-07 Peter Ackroyd The Ludic and Labyrinthine Text offers the reader the first major critical study in English of one of Britain s most inventive playful and significant writers of the twentieth century This study playfully yet rigorously engages with these aspects of literary stylistics and personal and national identity so important in Ackroyd s work Rejecting the postmodern label previously attached to the author Gibson and Wolfreys provide a consideration of all Ackroyd

s writing to date from his poetry and critical thought to his novels and biographies offering an indispensable account to anyone interested in Ackroyd and the condition of the novel at the end of the twentieth century *The Oxford Handbook of Contemporary British and Irish Poetry* Peter Robinson, 2013-09-26 The Oxford Handbook of Contemporary British and Irish Poetry offers thirty eight chapters of ground breaking research that form a collaborative guide to the many groupings and movements the locations and styles as well as concerns aesthetic political cultural and ethical that have helped shape contemporary poetry in Britain and Ireland The book s introduction offers an anthropological participant observer approach to its variously conflicted subjects while exploring the limits and openness of the contemporary as a shifting and never wholly knowable category The five ensuing sections explore a history of the period s poetic movements its engagement with form technique and the other arts its association with particular locations and places its connection with and difference from poetry in other parts of the world and its circling around such ethical issues as whether poetry can perform actions in the world can atone redress or repair and how its significance is inseparable from acts of evaluation in both poets and readers Though the book is not structured to feature chapters on authors thought to be canonical on the principle that contemporary writers are by definition not yet canonical the volume contains commentary on many prominent poets as well as finding space for its contributors enthusiasms for numerous less familiar figures It has been organized to be read from cover to cover as an ever deepening exploration of a complex field to be read in one or more of its five thematically structured sections or indeed to be read by picking out single chapters or discussions of poets that particularly interest its individual readers
