Turners Paintbox Paul Morgan:

Turner's Paintbox Paul Morgan, 2007-04-02 When art dealer Gerard Moyne falls in love with the elusive Julia their attraction is as mysterious as the workings of art their affair too perfect to last Gerard has a passion for the genius of J M W Turner the painter of light whose story shadows his and Julia s For Gerard whose own perspective is beguiling if sometimes callous Turner is the ultimate aesthete the supreme technician the most devoted of artists Gerard delights in explaining him to Julia But rather than dutifully learning her lessons Julia sees something else in the painter She without knowing much about art knows something about life Lyrically stylish *Turner s Paintbox* is a tale of beauty and cruelty one that ponders whether we can love another and yet stay true to ourselves *Are Photographs Truthful? Whence Veracity?* Michael Shapter, 2018-10-09 For decades people have made certain assumptions about photographs the primary one being that they are truthful in depicting reality While this is true in many cases it is not always so This book traces the rise of photography s perceived veracity It shows why a combination of pre knowledge of early developments in imagery a persistent marketing campaign espousing the accuracy of photographs and a perception by users that what they got from their photographs was an accurate depiction acted to create the belief in the photograph s veracity The book uses philosophy physiology psychology and photography to tell this story and concludes by describing a system of identification that could be used to separate images that are not always what they seem The turbulence caused to photography with the introduction of digital imaging is described and is the impetus for the beginning of the discussion about where photography sits today amongst other images
