Two Cities On Exile History And The Imagination:

Two Cities Adam Zagajewski, 2002 First published in the United States in 1995 by Farrar Strauss and Giroux

Through the Poet's Eye Bozena Shallcross, 2009-02-20 Though best known as poets Adam Zagajewski born 1945 Zbigniew Herbert 1924 98 and Joseph Brodsky 1940 96 wrote some of the most original prose of this century It is this prose remarkable for its cross cultural complexity and interdisciplinary richness that concerns Bozena Shallcross in *Through the Poet's Eye* The travels undertaken by these Eastern European poets who each journeyed to the West under different circumstances give Shallcross her point of departure as she explores the connections between the sensory experience of travel and the revelatory perception of the visual arts manifest in their writings Book Jacket **European Literary**

Immigration Into the French Language Tijana Miletić, 2008 The critical emotional and intellectual change which every immigrant is obliged to endure and confront is experienced with singular intensity by immigrant writers who have also adopted another language for their literary expression Concentrating on European authors of the second half of the twentieth century who have chosen French as a language for their literary expression and in particular the novels by Romain Gary Agota Kristof Milan Kundera and Jorge Semprun with reference to many others *European Literary Immigration into the French Language* explores some of the common elements in these works of fiction which despite the varied personal circumstances and literary aesthetics of the authors follow a similar path in the building of a literary identity and legitimacy in the new language The choice of the French language is inextricably linked with the subsequent literary choices of these writers This study charts a new territory within Francophone and European literary studies in treating the European immigrants as a separate group and in applying linguistic sociological and psychoanalytical ideas in the analysis of the works of fiction and thus represents a relevant contribution to the understanding of European cultural identity This volume is relevant to French and European literature scholars and anyone with interest in immigration European identity or second language adoption *The Crooked Mirror* Louise Steinman, 2013-11-05 A lyrical literary memoir that explores the

exhilarating discomfiting and ultimately healing process of Polish Jewish reconciliation taking place in Poland today Although an estimated 80 percent of American Jews are of Polish descent many in the postwar generation and those born later know little about their families connection to their ancestral home In fact many Jews continue to think of Poland as a bastion of anti-Semitism since nearly the entire population of Polish Jewry was killed in the Holocaust The reality is more complex although German occupied Poland was the site of great persecution towards Jews it was also the epicenter of European Jewish life for centuries Louise Steinman sets out to examine the burgeoning Polish Jewish reconciliation movement through the lens of her own family's history joining the ranks of Jews of Polish descent who are confronting both Poland's heroism and occupation afflicted atrocities and who are seeking to reconnect with their families Polish roots *The Routledge World Companion to Polish Literature* Tomasz Bilczewski, Stanley Bill, Magdalena Popiel, 2021-09-30 The Routledge

World Companion to Polish Literature offers an introduction to Polish literature through thirty three case studies covering works from the Middle Ages up to the present day Each chapter draws on a text or body of work examining its historical context as well as its international reception and position within world literature The book presents a dual perspective on Polish literature combining original readings of key texts with discussions of their two way connections with other literatures across the globe With a detailed introduction offering a narrative overview the book is divided into six sections offering a chronological pathway through the material Contributors from around the world examine the various cultural exchanges at play with each chapter including Definitions of key terms and brief overviews of historical and political events literary eras trends movements groups and institutions for those new to the area Analysis and notes on translations including their hidden dimensions and potential Textual focus on poetics such as strategies of composition style and genre A range of historical sociological political and economic contexts From medieval song through to the contemporary novel this book offers an interpretive history of Polish literature while also positioning its significance within world literature The detailed introductions make it accessible to beginners in the area while the original analysis and focused case studies will also be of interest to researchers

From Old Times to New Europe Agata Fijalkowski,2016-04-22 From Old Times to New Europe considers the post totalitarian legal framework in today s Europe arguing that the study of totalitarianism and post totalitarianism continues to be significant as ever Drawing mainly on the Polish experience this analysis focuses on the significant part played by history in the development of the region s identity and preferences concerning the role of the state in public and private life It examines the political socio economic and legal aspects of key events and draws comparisons with other CEE states whilst implementing key socio legal theories to explain trends and strains in this post Communist and post totalitarian period With the benefit of access to archival sources in Poland and Russia this book will be of interest to students and researchers of European law law and society and international criminal justice

The Elsewhere Adam Zachary Newton,2005-08-03 The Elsewhere Or midbar biblical Hebrew for both wilderness and speech A place of possession and dispossession loss and nostalgia But also a place that speaks Ingeniously using a Talmudic interpretive formula about the disposition of boundaries Newton explores narratives of place flight border and beyond The writers of The Elsewhere are a disparate company of twentieth century memoirists and fabulists from the Levant Palestine Israel Egypt and East Central Europe Together their texts cunningly paired so as to speak to one another in mutually revelatory ways narrate the paradox of the near distance

Into the Heart of European Poetry John Taylor,2017-07-05 John Taylor s brilliant new book examines the work of many of the major poets who have deeply marked modern and contemporary European literature Venturing far and wide from the France in which he has lived since the late 1970s the polyglot writer critic not only delves into the more widely translated literatures of Italy Greece Germany and Austria but also discovers impressive and overlooked work in Slovenia Bosnia Hungary Finland Norway and the Netherlands in this book that ranges over nearly all of Europe including

Russia While providing this stimulating and far ranging critical panorama Taylor brings to light key themes of European writing the depth of everyday life the quest of the thing in itself metaphysical aspiration and anxiety the dialectics of negativity and affirmation subjectivity and self effacement and uprootedness as a category that is as ontological as it is geographical historical political or cultural The book pays careful attention to the intersection of writing and history or politics as several poets featured here have faced the Second World War the Holocaust Communism the fall of Communism or the war in the former Yugoslavia Taylor gives the work of renowned upcoming and still little known poets a thorough look all the while scrutinizing recent translations of their verse He highlights several poets who are also masters of the prose poem He includes a few novelists who have fashioned a particularly original kind of poetic prose that stylistic category that has proved so difficult for critics to define Into the Heart of European Poetry should be of immediate interest to any reader curious about the aesthetic and philosophical ideas underlying major trends of contemporary European writing In a day and age when much too little is translated and thus known about foreign literature and when Europeans themselves are pondering the common denominators of their own culture this book is a The Book of Unknowing David S.

Herrstrom,2012-03-29 The Book of Unknowing meditates on John s confrontation with the incandescent Jesus a figure of our desire for immortality Guiding us through the Gospel s coming to grips with Jesus the poet David Sten Herrstrom prefers sparking the imagination to arguing a thesis as he explores John s own obsessions such as image light symbol water sign water to wine shapeliness symmetry loves Peter Mary s and above all words the Word the body of Jesus The result is a heady literary engagement not afraid of wit and paradox For anyone who loves literature or whose business is interpretation ministers and teachers this book blossoms with fresh revelations about the many voices of Jesus living in the House of the Interpreter and interacting with another interpreter Nicodemus as well as about John the interpreter who continually pauses to explain Jesus motives metaphors and the meaning of his death This meditation on John s Gospel takes the goat s leaping approach to the craggy language of John and Jesus rather than the methodical rock climber s And along the way to help him find footholds on the how and why of John s strategies the author calls on other poets from William Blake to Emily Dickinson and Miguel de Unamuno The result a poet s rather than a preacher s theologian s or scholar s reading of John s book one which crosses the borders of disciplines Throughout The Book of Unknowing David Herrstrom is unsettled and exhilarated by the peculiar orneriness and fragrance of John s book by its strange particulars that grab him by the throat and call lives into question As William Blake has said Exuberance is Beauty and this is an exuberant book Over the Wall/after the Fall Sibelan Elizabeth S. Forrester, Magdalena J. Zaborowska, Elena Gapova,2004 Annotation A rich and appealing tour of post communist cultures in Eastern Europe as seen from East and West
