Genealogies of Mahāyāna Buddhism Joseph Walser, 2018-06-28 Genealogies of Mahāyāna Buddhism offers a solution to a problem that some have called the holy grail of Buddhist studies the problem of the origins of Mahāyāna Buddhism In a work that contributes both to a general theory of religion and power for religious studies as well as to the problem of the origin of a Buddhist movement Walser argues that it is the neglect of political and social power in the scholarly imagination of the history of Buddhism that has made the origins of Mahāyāna an intractable problem Walser challenges commonly held assumptions about Mahāyāna Buddhism offering a fascinating new take on its genealogy that traces its doctrines of emptiness and mind only from the present day back to the time before Mahāyāna was Mahāyāna In situating such concepts in their political and social contexts across diverse regimes of power in Tibet China and India the book shows that what was at stake in the Mahāyāna championing of the doctrine of emptiness was the articulation and dissemination of court authority across the rural landscapes of Asia This text will be of interest to undergraduate and postgraduate students and scholars of Buddhism religious studies history and philosophy

Two Esoteric Sutras: The Adamantine Pinnacle Sutra, The Susiddhikara Sutra, 2001 **Chán Buddhism in Dūnhuáng and Beyond** Christoph Anderl, Christian Wittern, 2020-11-04 Chán Buddhism in Dūnhuáng and Beyond A Study of Manuscripts Texts and Contexts in Memory of John R McRae is dedicated to the memory of the eminent Chán scholar John McRae and investigates the spread of early Chán in a historical multi lingual and interreligious context Combining the expertise of scholars of Chinese Tibetan Uighur and Tangut Buddhism the edited volume is based on a thorough study of manuscripts from Dūnhuáng Turfan and Karakhoto tracing the particular features of Chán in the Northwestern and Northern regions of late medieval China

Esoteric Buddhism in Mediaeval Maritime Asia Andrea Acri, 2016-09-05 This volume advocates a trans regional and maritime focused approach to studying the genesis development and circulation of Esoteric or Tantric Buddhism across Maritime Asia from the seventh to the thirteenth centuries ce The book lays emphasis on the mobile networks of human agents Masters textual sources Texts and images Icons through which Esoteric Buddhist traditions spread Capitalising on

recent research and making use of both disciplinary and area focused perspectives this book highlights the role played by Esoteric Buddhist maritime networks in shaping intra Asian connectivity In doing so it reveals the limits of a historiography that is premised on land based transmission of Buddhism from a South Asian homeland and advances an alternative historical narrative that overturns the popular perception regarding Southeast Asia as a periphery that passively received overseas influences Thus a strong point is made for the appreciation of the region as both a crossroads and rightful terminus of Buddhist cults and for the re evaluation of the creative and transformative force of Southeast Asian agents in the transmission of Esoteric Buddhism across mediaeval Asia Discourse and Ideology in Medieval Japanese Buddhism

Richard K. Payne,Taigen Dan Leighton,2006-04-18 The medieval period of Japanese religious history is commonly known as one in which there was a radical transformation of the religious culture This book suggests an alternate approach to understanding the dynamics of that transformation One main topic of analysis focuses on what Buddhism its practices and doctrines its traditions and institutions meant for medieval Japanese peoples themselves This is achieved by using the notions of discourse and ideology and juxtaposing various topics on shared linguistic practices and discursive worlds of medieval Japanese Buddhism Collating contributions from outstanding scholars in the field of Buddhist Studies the editors have created an important work that builds on preliminary work on rethinking the importance and meaning of Kamakura Buddhism published recently in English and adds greatly to the debate *Buddhism and the Senses* Robert DeCaroli,Donald S. Lopez Jr.,Donald S Lopez Jr,2024-09-24 Across Buddhist traditions the five senses sight sound smell taste and touch are perceived both positively and negatively Share our eminent scholars fascination and deep insight into what makes a sensuous experience good or bad Following on the exhibition Encountering the Buddha Art and Practice across Asia at the National Museum of Asian Art ten eminent scholars present their insights into Buddhism s fascinating relation with the five senses sight sound smell taste and touch which careens between delight and disgust rarely finding a middle way While much of Buddhist literature is devoted to overcoming the attachment that dooms us to rebirth in samsara primarily by deprecating sense experience and showing that whatever brings us sensual pleasure leads only to physical and mental pain in texts such as the Lotus Sutra sensory powers do not offer sensory pleasure but rather knowledge clear observation and ability to teach the Dharma Considering such religiously and historically contingent ambiguity this volume presents each of the five senses in two instantiations the good and the bad opening up the discourse on the senses across Buddhist traditions Just as the museum departed from tradition to incorporate sensory experiences into the exhibition this volume is a new direction in scholarship to humanize Buddhist studies by foregrounding sensory experience and practice inviting the reader to think about the senses in a focused manner and shifting our understanding of Buddhism from the conceptual to the material or practical from the idealized to the human from the abstract to the grounded from the mind to the body **Yoga Powers** Knut A. Jacobsen,2011-09-30 The book offers a number of new insights in the history of yoga powers in the South Asian

religious traditions analyzes the position of the powers in the salvific process and in conceptions of divinity and explores the rational explanations of the powers provided by the traditions **Apocryphal Scriptures** ,2005-06 This volume contains five scriptural texts that have been especially important and influential in the East Asian Buddhist tradition The Bequeathed Teaching Sutra The Ullambana Sutra The Sutra of Forty two Sections The Sutra of Perfect Enlightenment and The Sutra on the Profundity of Filial Love **Pramāṇakīrtiḥ** ,2007
