Two Peas In A Separated Pod A True Story Of Adoption:

Two Peas in a Separated Pod Jeannie Lachman, Carole Sanguedolce, 2015-04-30 Two Peas In A Separated Pod is a true story Take a journey with two women on the road to discoveries and realizations Jeannie and Carole write about their lives growing up Each is unaware of the other Jeannie is raised in the Bronx New York She grows up knowing that she is adopted and loved She feels connected yet there is a void Carole grows up an only child in a small rural community in Northern Ontario Canada When their worlds collide the book is written in each woman s version of events After years of searching Jeannie discovers who her birth mother is and makes contact She wonders if she is doing the right thing by disrupting other people s lives Carole is shocked to learn she has a sister but stands by her mother s side The two families meet and relationships develop quickly There is still a lingering question Who is Jeannie s birth father Jeannie tries desperately to get information on her birth father but it seems to be a taboo subject Even on her deathbed her birth mother is unwilling to reveal who he is While visiting her mom in the hospital Carole stumbles on a key clue It seemed that fate intervened With this discovery Carole must choose whether to keep the secret that has stayed hidden for so many years or tell Jeannie who her father is The decision Carole makes reflects the true bonds of sisterhood [Our Family Secret, My Mother's Lie](#) John N. Reynolds, 2010-02-17 This is a story about adoption It is about direct adoption and family adoption It also involves keeping a secret from one of those who is adopted It forms a family secret that defines and destroys as it gets passed along It is the story of my mother and her sister who get cast out into the cold and are taken in by family However they are split up by the family and live in two separate worlds My mother is taken to California and never told the secret Dorothy mom s sister knows she is adopted and knows she has a sister My mother is raised as the only child of the Haughts She knows she was born in Ohio but knows nothing else This is the way Norden and Mabel want it to be They would be the only ones knowing the family secret Mabel is paranoid that someone would find out and attempt to take Zona away from them After mother learns the truth she takes on that paranoia She lives and breathes it and it eventually takes over her life Everything is done to protect that secret Yet when I turn 17 she decides it is time to tell me the secret and to take me back to meet my real aunt and uncle and cousins This is a story of how the family secret transcends time and touches many lives It is a story of how people react differently when told the secret My cousins David Barbara and Joe are amazed that I just found out about them a few months before meeting them They have known about me all their lives They knew who I was and where I was and what all was going on For me all of that was shut out I had to ask them tons of questions to find out about them Even when doing my final research for this book I was still asking questions to all that were still alive I am glad I went when I did because death would take the ones who knew the answers Imagine if I would just now be finding all of this out at the ripe old age of 60 There would now be only a handful of people left to tell me and they would only have part of the knowledge This secret has led me on many adventures I am glad that I know the secret but sure wish it had come about differently But then I would not have
