Kilbride,Collette A. Suda,Enos Njeru,2000-03-30 As kinship relationships and support networks across family lines weaken with modernization economic stressors take a great toll on children Kenya like some other nations in Africa and around the globe has witnessed a rapid rise in street children The street children in Nairobi come from single parent families which are mostly headed by women Another group are AIDS orphans This study documents how street children in Nairobi follow survival strategies including for boys collecting garbage and for girls prostitution Gender is emphasized throughout the book

Although impoverished families are the most likely to produce street children not all poor families have their children on the streets The problem of street children is a complex one that calls for a comprehensive and coordinated policy and program for intervention at all levels and in all sectors of society Alleviating poverty and rebuilding the family institution should be among the first steps in addressing the problem The Rough Guide to Kenya Rough Guides,2016-05-02 The Rough Guide to Kenya has been the most authoritative guide to the country since it was first published in 1987 The fully revised full colour 11th edition covers the country in fine detail Learn how to cope with and enjoy Nairobi visit the Maasai Mara without the crowds explore lesser known parks and conservancies and make the most of the Indian Ocean coast A wealth of practical information covers the highways and byways supported by the most thoroughly researched and reliable background coverage available Go on safari in Tsavo East Amboseli Samburu Reserve and Meru National Park Explore Rift Valley lakes Mount Kenya the Kakamega Forest and the Shimba Hills Enjoy the Indian Ocean not just at Diani Beach Mombasa and Watamu but also at Msambweni Tiwi and Kilifi Stop off in Machakos Nanyuki and Kisumu and visit local markets museums and wildlife sanctuaries Whether you re visiting for a safari and beach holiday or embarking on a longer stay The Rough Guide to Kenya is the ultimate travel guide *Cultural Anthropology & Human Experience* Katherine A. Dettwyler,2011-03-31 Katherine A Dettwyler author of the Margaret Mead Awardwinning *Dancing Skeletons* has written a compelling and original introductory text Cultural Anthropology understand that humans are primates with culture with a complex overlay of environmental and cultural influences appreciate how powerful cultural beliefs and practices can be in shaping human perceptions of the world realize that culture is not the same thing as social constructions of race ethnic identity or place of geographic origin understand why how cultural practices make sense within the cultures that practice them articulate how an anthropological perspective helps discern everyday situations and interactions at the local national and international levels understand that anthropology is not just an academic disciplineit is a way of looking at and understanding the world appreciate the ways cultural beliefs and practices social structures and human lifestyles contribute to a meaningful life Kenya National Assembly Official Record (Hansard) ,1987-06-09 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya **Extending Themselves** A. Graham Tipple,2000-01-01 Many countries have large stocks of government built housing which for various reasons are in poor physical conditions and or do not conform to the expectations of occupants The occupants of such housing frequently make unauthorized but quite considerable changes and extensions transformations to their dwellings This book examines user initiated transformations to government built housing in Bangladesh Egypt Ghana and Zimbabwe surveyed in a research program sponsored by the UK Department for International Development The 1600 dwellings surveyed show how relatively low income households are capable of supplying new rooms and services both to improve their own housing conditions and to supply rental rooms or accommodation for family members

living rent free The new construction is often of at least as good quality as the original structures and sometime envelopes the original in a new skin It is clear that transformation adds accommodation and services to existing housing upgrades the housing stock and creates variety out of uniformity The study leads to policy suggestions to encourage transformations for the renewal of government housing These include the provision of loan finance the encouragement of co operation between neighbors especially in multi storey housing and the planned colonization of open space next to the dwellings where plots are not provided For new housing it is clear that designs for new areas are only the beginning of an on going development process rather than a blueprint for once for all development
