UBUNTU Contributionism Michael Telling, 2013 UBUNTU Contributionism A Blueprint For Human Prosperity The path that brought us here as a species is not only filled with lies and deception of unimaginable proportion but also with continuous manipulation of the human race that goes back thousands of years all controlled by money Michael Telling has come full circle since his epic *Slave Species of God* in 2006 by proposing a blueprint for the emancipation of the slave species called humanity Telling exposes the previously misunderstood origins of money and the rise of the royal banking elite that have controlled the world for millennia and continue to do so today through the modern banking families He points out that money did not evolve from thousands of years of barter and trade but that it was maliciously introduced to the human race as a tool of absolute control and enslavement Telling makes a strong case that if we do not understand our human origins we cannot come to terms with why the world is so messed up in the 21st century He demonstrates that our current situation presents us with a unique opportunity to change the course of our destiny Michael Telling describes how the ancient African philosophy of UBUNTU will allow us to seamlessly move from a divided money driven society to united communities driven by people their passion for life and their God given talents Coming to terms with our enslavement as a species is critical to discovering the path to full enlightenment UBUNTU Contributionism presents a solid foundation for a new social structure to take us into a new era of true freedom from financial tyranny and real prosperity on every level of human endeavour Find out about the UBUNTU Movement's plan of action called ONE SMALL TOWN Will Change The World Get involved and become a seed of consciousness and real change in your community www.ubuntuplanet.org *The Self-Explorer's Handbook* Caspar de Rijk, 2015-12-21 This book offers a new and simplified approach to explore the mind with the imagination The book is Volume 1 of a planned series with the title Multi Genius Technology for Consciousness The main thesis is that by use of the imagination any and all limiting mental conditions can be resolved and consciousness itself can be infinitely expanded The book opens with a sketch of the underlying philosophical principles defines a multiple viewpoint system and concepts such as absolute consciousness truth the true self causation and reality The general science and theory is given in the second part of this book answering questions and covering subjects like the following Is there a science of consciousness or mind What is known about the subject What can we be sure of What is the structure of consciousness and minds What do we know about thought the self the unconscious A view is presented of an ideal state of man as well as a theory of personal harmony and the cause of distress Different methods are described in detail but it is also made clear that some training will be needed for most to practice the type of self exploration advised in the book Meditation is stripped to the bare bone essentials of pure perception which the author calls Basic Meditation Stressed is the importance and quality of communication in processing The main technique is called Universal Imagination Processing and uses principles going back to Freud and Jung's active imagination The term Quantitative Easing known otherwise from central bank monetary policy is

given an entirely new meaning in the context of reprocessing unfortunate past experiences Self exploration is given a programmed sequence of steps and techniques which are called Consciousness Exploration Routes which culminate in an approach to unity consciousness The final part of the book shows how a heightened consciousness would translate over into life and introduces concepts of integral beingness and integral thinking

The Top Books of the Year Ubuntu Contributionism A Blueprint For Human Prosperity Exposing The Global Banking Fraud

The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Let's delve into the realm of top-selling books, exploring the captivating narratives that have captivated audiences this year.

Ubuntu Contributionism A Blueprint For Human Prosperity Exposing The Global Banking Fraud : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph.

Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery.

Ubuntu Contributionism A Blueprint For Human Prosperity Exposing The Global Banking Fraud : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting.

These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts.

The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
