Playfulness in Shakespearean Adaptations Marina Gerzic, Aidan Norrie, 2020-04-30 Four hundred years after William Shakespeare s death his works continue to not only fill playhouses around the world but also be adapted in various forms for consumption in popular culture including in film television comics and graphic novels and digital media Drawing on theories of play and adaptation Playfulness in Shakespearean Adaptations demonstrates how the practices of Shakespearean adaptations are frequently products of playful and sometimes irreverent engagements that allow new Shakespeares to emerge revealing Shakespeare s ongoing impact in popular culture Significantly this collection explores the role of play in the construction of meaning in Shakespearean adaptations adaptations of both the works of Shakespeare and of Shakespeare the man and contributes to the growing scholarly interest in playfulness both past and present The chapters in Playfulness in Shakespearean Adaptations engage with the diverse ways that play is used in Shakespearean adaptations on stage screen and page examining how these adaptations draw out existing humour in Shakespeare s works the ways that play is used as a pedagogical aid to help explain complex language themes and emotions found in Shakespeare s works and more generally how play and playfulness can make Shakespeare relatable relevant and entertaining for successive generations of audiences and readers Talent Identification and Development in Sports Performance Nuno Leite, Alberto Lorenzo

Calvo,Julio Calleja-Gonzalez,Bruno Gonçalves,Sean Cumming,2022-01-13 Peak Performance for Soccer Alex Calder,Adam Centofanti,2022-12-01 In this book over 40 of the world s leading practitioners working in elite soccer over 6 continents share advanced knowledge of the environment as well as a scientific understanding of the game and players This book explores those traits at an intricate level through shared experiences of some of the best performance coaches working in elite soccer The content in this book is derived from practical and evidence based concepts that have been applied at the elite level Uncovering the coaching strategies as well as contemporary issues in elite soccer this comprehensive textbook illustrates what it takes to thrive as a performance coach at the top level Collaborating with the industry leaders in soccer the chapters address a myriad of topics such as the multiple roles and responsibilities youth development strength and conditioning application nutrition and recovery strategies tracking and monitoring fitness and fatigue powerful communication methods and staff cohesion and return to play and injury prevention strategies Peak Performance for Soccer is essential reading for all coaches and practitioners at any level who work in soccer Alex Calder is the head of sports science with the Houston Dynamo competing in Major League Soccer MLS He is an accredited level 3 elite coach with the Australian Strength and Conditioning Association ASCA as well as holding accreditations through the National Strength and Conditioning Association NSCA and Collegiate Strength and Conditioning Coaches Association CSCCa Adam Centofanti is currently the head of fitness for the Seattle Sounders FC having previously served as the head of academy strength and conditioning for Houston Dynamo FC Formally with Melbourne City FC Adam held various roles with the club including conditioning coach sports scientist in the academy sector as well as overseeing the women s performance program achieving multiple championships International Journal of Management and Transformation , *Talent Identification and Development in Youth Soccer* Adam Kelly,2023-09-11 Talent development pathways in youth soccer provide opportunities for young players to realise their potential Such programmes have become increasingly popular throughout governing bodies professional clubs and independent organisations This has coincided with a rapid rise in sport science literature focused specifically on optimising player development towards expertise However the decreasing age of recruitment biases in selection inconsistencies in the language used underrepresented populations and large dropout rates from pathways have magnified the potential flaws of existing organisational structures and settings Moreover despite both the professionalisation of talent development pathways and growing research attention we still know little about the characteristics that facilitate accurate recruitment strategies into pathways and long term development outcomes Talent Identification and Development in Youth Soccer provides an all encompassing guide for both researchers and practitioners by gathering the existing literature to help better understand the current context of this discipline Chapters are contributed by a team of leading and emerging international experts examining topics such as technical tactical physical psychological social activities and trajectories career transitions relative age effects creativity and genetics with each chapter offering important considerations

for both researchers and practitioners With a dual emphasis on both theory and practice this book is an important text for any student researcher coach or practitioner with an interest in talent identification talent development youth soccer soccer coaching or expertise and skill acquisition European Sports Law Lars Halgreen,2004 *Birth Advantages and Relative Age Effects: Exploring Organisational Structures in Youth Sport* Adam Leigh Kelly,Jean Côté,Jennifer Turnnidge,David Hancock,2021-09-14 *Langenscheidt-UEFA-Praxiswörterbuch Fußball* Florian Simmen,2008
