Women Poets Of China New Directions Paperbook:

Women Poets of China Kenneth Rexroth, Ling Zhong, 1982 The poetry proves again that stereotypes mislead Chinese verse is supposedly cool and distant detached and dispassionate The opposite seems true poets are exalted or downcast drunk with wine or in the case of women frankly sensuous Nothing stands still in this poetry the wind blows the trees the lake water ripples and the ever present road runs in and out of the hills America Tian Wen Yuan Qu, 1986 Relatively unknown in the West Tian Wen A Chinese Book of Origins is a fascinating though often baffling archaic collection of 186 questions about the origins of life and the meanings of a wide variety of happenings startling and mundane earthly and celestial Because the poem has no single narrative thread the most informed speculation posits group authorship by a number of roving Taoist scholars each contributing riddles about the history and legends of his own province as well as ironically posed inquiries into the nature of the universe The enigmatic and sometimes Sphinxlike conundrums may have been originally intended for debate to give the popular and prominent dialecticians of over 2 300 years ago a tool for honing their convoluted responses But however the poem took on its present shape and content it remains the single most comprehensive catalogue of ancient Chinese mythology and pre Imperial legend in existence This translation by Stephen Field of The College of William and Mary combines sound scholarship with an artful grace to produce the 186 questions in couplets that both tease and enchant In addition to a historical introduction that clearly explains what is known and not known about the poem Field provides extensive notes to help the English speaking reader understand the basic Chinese myths alluded to in the questions *Kenneth Rexroth* ,2009 Sigismund Lars Gustafsson, 1985 King Sigismund the seventeenth century Polish monarch learns how to live simultaneously in the past present and the future **Classics Revisited** Kenneth Rexroth, 1986 Rexroth Classics Revisited Humorous and insightful essays on Classic literature Works on Paper, 1980-1986 Eliot Weinberger, 1986 Essayist Eliot Weinberger sets his sights on the Bush team with brilliant thought provoking funny consequences **The Arts in America: New Directions** , **Selected Poems** Robert Duncan, 1997 Bertholf s selections are so attuned to the essentials of Duncan s writing that even those familiar with the whole body of Duncan s work will become more sensitized to his recurring imagery and consistency of thought pattern throughout this collection Publishers Weekly *Three Italian Chronicles* Stendhal, 1991 Three novellas of Italian passion by the great French author tell of the infamous trial of a young Roman noblewoman for the murder of her father the illicit liaison and subsequent trial of an abbess and the fortunes of a Roman aristocrats daughter who falls in love with a wounded soldier **Women in the World** Lyn Reese, Jean Wilkinson, 1987 A truly useful reference or curriculum development tool THE BOOK REPORT Selection of books and authors was wonderful I would give this book a 4 star rating and highly recommend it to teachers at the Junior and Senior high level Catherine Ahmad Center for Middle Eastern Studies University of Texas at Austin Strongly recommended for collection development in both school and public libraries EMERGENCY LIBRARIAN
