Secret Chambers Robert Hales,2024-09-30 In past decades individuals and organizations have worked silently and steadily to weaken our freedoms and liberties Seeking to erode the nation s sovereignty and the citizens loyalty they first implant socialistic and woke concepts in the minds of the rising generation to eliminate historical and foundational commitment of the rising generation They inject their theories concepts and anti American ideals into the primary middle and higher educational systems Seeking removal and erosion of rights specified in the bill of rights and as outlined in the Declaration of Independence they attack infringe and assault basic American privileges Today those who previously sought to destroy from the shadows have come into the light and are blatantly and offensively promoting what they call the evils of the Founding Fathers the past and present actions of their concept of racists and the inequality of opportunity in this land Secret Chambers is an examination of the steps used to persuade otherwise freedom loving and patriotic citizens to turn away from

historically held concepts of liberty and sovereignty By understanding their methods of operation it is hoped that the reader will recognize a secret combination organization and sound the alarm for others to become aware of their deceptive processes

Post-9/11 Cinema John Markert, 2011-08-05 In contemporary society cinema has become a primary way in which people gain knowledge about events taking place in the world Films often go beyond news reports by showing in depth behind the scenes footage whether in a documentary or recreated in fictional features More than fleeting scenes of events shown on the nightly news a film can influence people's feelings about war and what our political leaders should do about it This has certainly been the case since the attack on 9/11 and the subsequent incursions into Iraq and Afghanistan In Post 9/11 Cinema Through a Lens Darkly John Markert takes a close look at the films depicting these events Covering cinematic portrayals of 9/11 and the attacks that followed this book examines both dramas and documentaries that depict what some have termed Bush's war as well as rebuttal films films about terrorist activities and films seen from the vantage point of journalists and military personnel Post 9/11 Cinema not only shows how motion pictures reflect societal values but also how such works can influence social attitudes and thus promote change In addition Markert appraises the film industry and critiques how images are manipulated to sway the viewer to appreciate the side being advocated Examining such dramas as *The Messenger* *Stop Loss* *The Lucky Ones* *In the Valley of Elah* and *The Hurt Locker* as well as documentaries including *Fahrenheit 9/11* *Soldiers of Conscience* and *Taxi to the Dark Side* Post 9/11 Cinema is a valuable read for professors of media and mass communication popular culture and film studies as well as cultural sociologists

Terrorist Assemblages Jasbir K. Puar, 2018-01-26 Tenth Anniversary Expanded Edition Ten years on Jasbir K Puar's pathbreaking *Terrorist Assemblages* remains one of the most influential queer theory texts and continues to reverberate across multiple political landscapes activist projects and scholarly pursuits Puar argues that configurations of sexuality race gender nation class and ethnicity are realigning in relation to contemporary forces of securitization counterterrorism and nationalism She examines how liberal politics incorporate certain queer subjects into the fold of the nation state shifting queers from their construction as figures of death to subjects tied to ideas of life and productivity This tenuous inclusion of some queer subjects depends however on the production of populations of Orientalized terrorist bodies Heteronormative ideologies that the U.S. nation state has long relied on are now accompanied by what Puar calls homonationalism a fusing of homosexuality to U.S. pro war pro imperialist agendas As a concept and tool of biopolitical management homonationalism is here to stay Puar's incisive analyses of feminist and queer responses to the Abu Ghraib photographs the decriminalization of sodomy in the wake of the Patriot Act and the profiling of Sikh Americans and South Asian diasporic queers are not instances of a particular historical moment rather they are reflective of the dynamics saturating power sexuality race and politics today This Tenth Anniversary Expanded Edition features a new foreword by Tavia Nyong'o and a postscript by Puar entitled *Homonationalism in Trump Times* Nyong'o and Puar recontextualize the book in light of the current political moment while reposing its original

questions to illuminate how Puar's interventions are even more vital and necessary than ever

Terrorism and Organized Hate Crime Michael R. Ronczkowski, 2006-11-14 Traditionally law enforcement agencies react to isolated crimes in insulated jurisdictions. With the rise of terrorism, law enforcement agencies can no longer afford to operate blindly. The only way to maintain an edge on this nebulous and insidious enemy is through proactive intervention. Law enforcement must gather good raw data, transform it, and use it to prevent future attacks.
