Gonzalo de Berceo and the Latin Miracles of the Virgin Robert Boenig, 2016-04-22. In Gonzalo de Berceo and the Latin Miracles of the Virgin, Patricia Timmons and Robert Boenig present the first English translation of a twelfth-century Latin collection of miracles that Berceo, the first named poet in the Spanish language, used as a source for his thirteenth-century Spanish collection, *Milagros de Nuestra Señora*. Using the MS Thott 128, close to the one Berceo must have used, Timmons and Boenig provide both translation and analysis, exploring the Latin Miracles, suggesting how it was used as a sacred text and placing it within the history of Christians' evolving understanding of the Virgin's role in their lives. In addition, this volume explores Berceo's reaction to the Latin Miracles, demonstrating that he reacted creatively to his source texts as well as to changes in Church culture and governance that occurred between the composition of the Latin Miracles and the thirteenth-century translating it across both language and culture. Accessible and useful to students and scholars of medieval and Spanish studies, this book includes the original Latin text, translations of the Latin Miracles, including analyses of Saint Peter and the Lustful Monk, The Little Jewish Boy, and The Jews of Toledo.

Johannine Christianity D. Moody Smith, 2006-04-01. Brings together ten important essays on the sources, setting, and theology of the Gospel of John. This book provides an overview of the setting for Johannine Christianity and a survey of the different approaches that scholars have used to integrate these three aspects of the gospel.

Jesus and the Miracle Tradition Paul J. Achtemeier, 2008-01-01. Working with selected miracles of Jesus from the canonical Gospel traditions and with background studies in the general understanding of miracles in the Greco-Roman world of the Hellenistic period, this collection of essays shows how we may understand the theological reasons why the early followers of Jesus included these stories in their traditions that constituted the canonical Gospels. Using individual stories from the Gospels, three of the essays demonstrate how literary critical analysis can show the theological intent of the miracle story. A second set of three essays examines the way Mark and Luke view the miracle tradition within their larger task of writing the story of Jesus. A final set of three articles examines the Hellenistic background of such stories and the way they were used in secular and Jewish sources to gain perspective on what the early Christians intended with the miracle stories of Jesus.
