**Poems for the Millennium, Volume Three** Jerome Rothenberg,Jeffrey C. Robinson,2009-01-19 The previous two volumes of this acclaimed anthology set forth a globally decentered revision of twentieth century poetry from the perspective of its many avant gardes Now editors Jerome Rothenberg and Jeffrey C Robinson bring a radically new interpretation to the poetry of the preceding century viewing the work of the romantic and post romantic poets as an international collective often utopian enterprise that became the foundation of experimental modernism Global in its range volume three gathers selections from the poetry and manifestos of canonical poets as well as the work of lesser known but equally radical poets Defining romanticism as experimental and visionary Rothenberg and Robinson feature prose poetry verbal visual experiments and sound poetry along with more familiar forms seen here as if for the first time The anthology also explores

romanticism outside the European orbit and includes ethnopoetic and archaeological works outside the literary mainstream. The range of volume three and its skewing of the traditional canon illuminate the process by which romantics and post-romantics challenged nineteenth-century orthodoxies and propelled poetry to the experiments of a later modernism and avant-gardism.

**The Poet and the Fly** Robert Hudson, 2020-07-28. Flies are the most ubiquitous of insects, buzzing minuscule and seemingly insignificant; they've been both plagues and minor annoyances for millennia. Rather than ignore these incredibly mundane and seemingly insignificant creatures, poets spanning centuries from the seventeenth to the twentieth and continents from North America to Asia have found that these ordinary bugs in fact illuminate deep spiritual mysteries. In this revelatory book, Robert Hudson considers seven poets, each of whom wrote a provocative poem about a fly. These poets, all mystics in their own way, ponder the simple fly and come to astounding conclusions. Considering Emily Dickinson, William Blake, and several other poets, *The Poet and the Fly* brings together the poetry, the flies, and the poets' own lives to explore the imaginative and often prophetic insights that come from the startling combination of poetry and flies. Ultimately, the message each poet offers to us through the fly is as relevant today as it was in their own time: the miracle of existence, the gift of mortality, the power of the imagination, the need for compassion, the existence of the soul, the mystery of everything around us, and the sacramental grace-giving power of story.
