The Story Of In God We Trust Discovering Our Nations Heritage:

Our Godly Heritage Rick Saccone, 2019-08-19 Contrary to what we've been told recently our history is by no means secular. It is rich with the influence of God's hand and God's word. His presence is apparent in the documents of our government, on the memorials we cherish most in our government buildings, in our art, and in the words and writings of our greatest leaders. In a time when our culture is spiraling downward into a moral abyss, we have lost touch with God. We have fashioned a moral vacuum into which all manner of depravity is allowed to rush in while any trace of virtue, God, or the Holy Scriptures is consciously sucked out. There has never been greater need than today for our people to hear the truth of our godly heritage. There has never been a greater need than today for our people to hear that truth reaffirmed by their leaders.

The Story of in God We Trust John Hudson Tiner, Tiner John Huds, 2003 Reveals the events that led to the phrase In God We Trust finding a place on American coins and currency. Tragic Consequences Oliver L North, David Goetsch, 2022-05-18 *Tragic Consequences* was written for Americans who are concerned about the cultural decline they see all around them, people who watch the nightly news and ask themselves, "What is happening to our country?" It seems we have become a nation of people who are offended by everything but sin. What is happening to our country is simple to explain but sad to observe. We are seeing what a culture of sin can do to a country. It is a culture of darkness and depravity, a culture lacking in moral restraint and a culture where life has little value. When a nation rejects God and accepts sin, the lurid stories carried on nightly news programs are the inevitable result. Within the problem is the solution: Biblical morality reestablished in America by an uprising of God's people standing for righteousness will bring God's forgiveness and our healing.

Christodemocracy and the Alternative Democratic Theory of America's Christian Right Gabriel S. Hudson, 2016-06-25 This book evaluates the democratic theory of America's Christian Right (CR). The CR has been examined extensively in academic literature. However, most analyses focus on its origins, policy preferences, or successful mobilization. Hudson instead examines the normative assumptions about governance that inform CR activism. The CR has its own answers to the core questions asked in democratic theory, such as "What legitimizes power?" and "What is the proper relationship between the state and the individual?" The author outlines ten normative assumptions of the CR and compares each to its counterpoint in liberal democratic theory. Much of what the CR believes about democracy comes from the same authors as modern and postmodern democratic theory but differs in its interpretation and application. The book describes in detail the theory of CR and demonstrates how the CR operates from a different view of governance than is usually associated with the United States. **In God We Trust** Timothy Crater, Ranelda Mack Hunsicker, 1997 Fifty inspiring stories of historical figures who, due to their faith in God, contributed to the founding and development of America. **The Way of Catechesis** Gerard F.
