Haruki Murakami Matthew C. Strecher, Paul L. Thomas, 2016-03-22 Japanese writer Haruki Murakami has achieved incredible popularity in his native country and world wide as well as rising critical acclaim Murakami in addition to receiving most of the major literary awards in Japan has been nominated several times for the Nobel Prize Yet his relationship with the Japanese literary community proper known as the Bundan has not been a particularly friendly one One of Murakami's central and enduring themes is a persistent warning not to suppress our fundamental desires in favor of the demands of society at large Murakami's writing over his career reveals numerous recurring motifs but his message has also evolved creating a catalogue of works that reveals Murakami to be a challenging author Many of those challenges lie in Murakami's blurring of genre as well as his rich blending of Japanese and Western mythologies and styles all while continuing to offer narratives that attract and captivate a wide range of readers Murakami is as e Kenzabur once contended not a Japanese writer so much as a global one and as such he merits a central place in the classroom in order to confront readers and students but to be challenged as well Reading teaching and studying Murakami serves well the goal of rethinking this world It will open new lines of inquiry into what constitutes national literatures and how some authors in the era of blurred national and cultural boundaries seek now to transcend those boundaries and pursue a truly global mode of expression

Writing Journeys across Cultural Borders Elena V. Shabliy, Kimarie Engerman, 2021-10-13 Narratives of journeys voyages and pilgrimages often guide readers to questions about humanism and humanity from a holistic perspective The chapters in this volume explore narratives of both real and imagined journeys and examine their religious psychological psychoanalytical philosophical educational and historical implications What emerges is an understanding of narratives of journeys across cultural borders as powerful educational tools that can model and contribute to meaningful dialogue with other states cultures and civilizations

Multimodal Stylistics of the Novel Nina Nørgaard, 2018-10-08 This book advocates for a new analytical framework that extends our understanding of multimodal meaning making in the novel Integrating theoretical traditions from stylistics

and the influential social semiotic approach to multimodal communication developed by Kress and van Leeuwen N rgaard applies this method of analysis in order to build on existing stylistic practices that look at linguistic features in the novel to encompass other semiotic resources found in the form such as typography layout images paper and book cover design The volume grounds the discussion with supporting examples from novels that feature experimentation with multiple semiotic resources as well as more traditional novels furthering the argument that all novels are inherently multimodal Offering new insights and tools for unpacking multimodal meaning making in this critical literary genre this volume is an indispensable resource for graduate students and researchers in multimodality stylistics and literary studies Beats: Book Reviews 2014

Manuel Augusto Antão,2015-03-06 What it means to me to be a critic reviewer For a lot of readers a reviewer or critic is an embittered failed novelist or worse a barely restrained serial rapist Book critics may take the form of a dilettante theorist essayist or even historian but almost never reviewers who sometimes lack the distancing from the text required by the demands of academia synthesis **Play Among Books** Miro Roman,Alice _ch3n81,2021-12-06 How does coding change the way we think about architecture This question opens up an important research perspective In this book Miro Roman and his AI Alice_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on digital architecture and computer science **Dragon Palace** Hiromi Kawakami,2023-09-19 Included in The New Yorker s Best Books of 2023 Stories from a Japanese master of transformative fiction where reality myth and human foibles meet shifting dimensions of gender biology and destiny From the bestselling author of Strange Weather in Tokyo comes this otherworldly collection of eight stories each a masterpiece of transformation infused with humor sex and the universal search for love and beauty in a world where the laws of time and space and even species boundaries don t apply Meet a shape shifting con man a goddess who uses sex to control her followers an elderly man possessed by a fox spirit a woman who falls in love with her 400 year old ancestor a kitchen god with three faces in a weasel infested apartment block moles who provide underground sanctuary for humans who have lost the will to live a man nurtured through life by his seven extraordinary sisters and a woman who is handed from husband to husband until she is finally able to return to the sea **The Palgrave Handbook to Horror Literature** Kevin

Corstorphine,Laura R. Kremmel,2018-11-07 This handbook examines the use of horror in storytelling from oral traditions through folklore and fairy tales to contemporary horror fiction Divided into sections that explore the origins and evolution of horror fiction the recurrent themes that can be seen in horror and ways of understanding horror through literary and cultural theory the text analyses why horror is so compelling and how we should interpret its presence in literature Chapters explore historical horror aspects including ancient mythology medieval writing drama chapbooks the Gothic novel and literary

Modernism and trace themes such as vampires children and animals in horror deep dark forests labyrinths disability and imperialism Considering horror via postmodern theory evolutionary psychology postcolonial theory and New Materialism this handbook investigates issues of gender and sexuality race censorship and morality environmental studies and literary versus popular fiction

The Cinematic Novel and Postmodern Pop Fiction Décio Torres Cruz, 2019-12-05 D cio Torres Cruz approaches connections between literature and cinema partly through issues of gender and identity and partly through issues of reality and representation In doing so he looks at the various ways in which people have thought of the so called cinematic novel tracing the development of that genre concept not only in the French cin roman and film scenarios but also in novels from the United States England France and Latin America The main tendency he identifies is the blending of the cinematic novel with pop literature through allusions to Pop Art and other postmodern cultural trends His prime exhibits are a number of novels by the Argentinian writer Manuel Puig Betrayed by Rita Hayworth Heartbreak Tango The Buenos Aires Affair Kiss of the Spider Woman and Pubis angelical Bringing in suggestive sociocultural and psychoanalytical considerations Cruz shows how in Puig s hands the cinematic novel resulted in a pop collage of different texts films discourses and narrative devices which fused reality and imagination into dream and desire

Multimodal Poetics in Contemporary Fiction Thomas Mantzaris, 2024-10-24 This book explores the growing body of multimodal literary texts books that creatively experiment with the potential of design to represent narrative content Examining five North and Central American novels from the first two decades of the twenty first century this study draws attention to texts that combine verbal text writing with non verbal elements photographic images varied typography maps color etc as integral parts of their narratives Their experimentation both reconfigures the potential for print based and born digital fiction in the future and holds a mirror to past practices of design and typography that were rendered invisible or which received limited attention by authors publishers and readers By placing the five case studies and related texts within a broader history of experimentation in literature this book demonstrates how multimodal novels have changed the conceptualization of narrative content in literary texts and ushered in a new era for fiction

The Third Love Hiromi Kawakami, 2025-10-21 A time bending story of love desire and destiny that sways between Japan s past and its present from a courtesan of Yoshiwara in Edo to a serving lady of the Heian period to a wife and mother in the twenty first century by one of our most brilliant and sensitive contemporary novelists Having married her childhood sweetheart Riko now finds herself trapped in a relationship soured by infidelity One day she runs into her old friend Mr Takaoka who offers friendship love and an unusual escape he teaches her the trick of living inside her dreams Now each night she sinks into another life first as a high ranking courtesan in the seventeenth century and then as a serving lady to a princess in the late Middle Ages As she experiences desire and heartbreak in the past so Riko comes to reconsider her life as a twenty first century woman as a wife as a mother and as a lover and to ask herself whether after loving her husband and loving Mr Takaoka she is ready for her third great love

Spirit Matters Philip Gabriel,2006-01-01 Spirit Matters is a ground breaking work the first to explore a broad range of writings on spirituality in contemporary Japanese literature It draws on a variety of literary works from enormously popular fiction Miura Ayako s HyEten and Shiokari Pass and the novels of Murakami Haruki to more problematic serious fiction Ee KenzaburE s Somersault to nonfiction meditations on martyrdom and miracles Sono Ayako s Kiseki and the dynamics of religious cults Murakami s interviews with members of Aum ShinrikyE in Underground The first half of the volume focuses on the work of two women Christian writers Miura Ayako and Sono Ayako Combining a decidedly evangelistic bent with the formulas of the popular novel Miura s 1964 novel HyEten Freezing Point and its sequel are entertaining perennial bestsellers but also treat spiritual issues like original sin that are largely unexplored in modern Japanese literature Sono s Kiseki Miracles and Miura s Shiokari Pass focus on the meaning of self sacrifice and the miraculous and survey both the paths by which people come to faith and the spiritual doubts that assail them Perhaps most striking for Western readers Gabriel reveals how Miura s novel shows the lingering resistance to Christianity and its oppositional nature in Japan and how in Kiseki Sono considers the kind of spiritual struggles many Japanese Christians experience as they try to reconcile their belief in a minority faith
