CHRISTOPHER MECKSTROTH

The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change

John Robertson

The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change:

The Struggle for Democracy Christopher Meckstroth, 2015-07-01 Revolutionaries counter revolutionaries and reformers the world over appeal to democracy to justify their actions But when political factions compete over the right to act in the people's name who is to decide Although the problem is as old as the great revolutions of the seventeenth and eighteenth centuries events from the Arab Spring to secession referendums suggest that today it is hardly any closer to being solved This book defends a new theory of democratic legitimacy and change that provides an answer Christopher Meckstroth shows why familiar views that identify democracy with timeless principles or institutions fall into paradox when asked to make sense of democratic founding and change Solving the problem he argues requires shifting focus to the historical conditions under which citizens work out what it will mean to govern themselves in a democratic way The only way of sorting out disputes without faith in progress is to show in Socratic fashion that some parties' claims to speak for the people cannot hold up even on their own terms Meckstroth builds his argument on provocative and closely argued interpretations of Plato Kant and Hegel suggesting that familiar views of them as foundationalist metaphysicians misunderstand their debt to a method of radical doubt pioneered by Socrates Recovering this tradition of antifoundational argument requires rethinking the place of German idealism in the history of political thought and opens new directions for contemporary democratic theory The historical and Socratic theory of democracy the book defends makes possible an entirely new way of approaching struggles over contested notions of progress popular sovereignty political judgment and democratic change

The Struggle for Democracy Christopher Meckstroth, 2015 When political factions compete over the right to act in the people's name who is to decide This problem was left unresolved by the great seventeenth and eighteenth century theorists of popular sovereignty and their critics and it is little closer to being solved today This book defends a new democratic theory that finally provides an answer It argues that familiar attempts to define democracy in terms of timeless principles or institutions can only fall into paradox when faced with struggles over democratic founding and change

Resumé de l'auteur *The Struggle for Democracy* Christopher Meckstroth, 2015 Revolutionaries counter revolutionaries and reformers the world over appeal to democracy to justify their actions But when political factions compete over the right to act in the people's name who is to decide Although the problem is as old as the great revolutions of the seventeenth and eighteenth centuries events from the Arab Spring to secession referendums suggest that today it is hardly any closer to being solved This book defends a new theory of democratic legitimacy and change that provides an answer Christopher Meckstroth shows why familiar views that identify democracy with timeless principles or institutions fall into paradox when asked to make sense of democratic founding and change Solving the problem he argues requires shifting focus to the historical conditions under which citizens work out what it will mean to govern themselves in a democratic way The only way of sorting out disputes without faith in progress is to show in Socratic fashion that some parties' claims to speak for the people cannot hold up even on their own terms Meckstroth

builds his argument on provocative and closely argued interpretations of Plato Kant and Hegel suggesting that familiar views of them as foundationalist metaphysicians misunderstand their debt to a method of radical doubt pioneered by Socrates Recovering this tradition of antifoundational argument requires rethinking the place of German idealism in the history of political thought and opens new directions for contemporary democratic theory The historical and Socratic theory of democracy the book defends makes possible an entirely new way of approaching struggles over contested notions of progress popular sovereignty political judgment and democratic change *Freedom of Expression* Ioanna Tourkochoriti,2021-11-11 A comparison of French and American approaches to freedom of expression with reference to the historical social and philosophical contexts *Beyond Origins* Angélica Maria Bernal,2017-06-30 The foundings of constitutional democracies are commonly traced to singular moments In turn these moments of national origin are characterized as radical political innovations notable for their civic unity perfect legitimacy and binding authority This common view is attractive as it suggests original founding events actors and ideals that can be evoked to legitimize state authority and unify citizens Angélica Maria Bernal challenges this view of foundings however explaining that it is ultimately dangerous misguided and unsustainable Beyond Origins argues that the ascription of a universal authority to original founding events is problematic because it limits our understanding of subsequent foundational changes political transformation and innovation This singular view also confounds our ability to account for all of the actors and venues through which foundation building and constitutional transformation occurs Because such understandings of national foundings obscure the many power struggles at work in them these origin stories are troubling and unhelpful In the wake of these limited views of founding Bernal develops an alternate approach founding beyond origins Rather than asserting that founding events are authoritatively settled and relegated to history this framework redefines foundings as contentious uncertain and incomplete Indeed the book looks at a wide variety of contexts early imperial Rome revolutionary Haiti and France the mid 20th century racially segregated United States and contemporary Latin America to reconsider political foundings as a contestatory and ongoing dimension of political life Bridging classic and contemporary political and constitutional theory with historical readings Bernal reorients approaches to foundings arguing that it is only through context specific and pragmatist understandings of political origins that we can realize the potential for radical democratic change **Beyond Origins** Angélica Maria Bernal,Angélica Reyna Bernal,2017 Beyond Origins challenges the common view of foundings as singular extraordinary moments of political origin and creation Engaging with cases of founding across political traditions from classical Greece to contemporary Latin America the book argues that it is only through pragmatist understandings of democratic origins that we can realize the potential for radical democratic change Hegel's Social Ethics Molly Farneth,2017-08-02 Hegel's Social Ethics offers a fresh and accessible interpretation of G W F Hegel's most famous book the Phenomenology of Spirit Drawing on important recent work on the social dimensions of Hegel's theory of knowledge Molly Farneth shows how his account of

how we know rests on his account of how we ought to live Farneth argues that Hegel views conflict as an unavoidable part of living together and that his social ethics involves relationships and social practices that allow people to cope with conflict and sustain hope for reconciliation Communities create contest and transform their norms through these relationships and practices and Hegel's model for them are often the interactions and rituals of the members of religious communities The book's close readings reveal the ethical implications of Hegel's discussions of slavery Greek tragedy early modern culture wars and confession and forgiveness The book also illuminates how contemporary democratic thought and practice can benefit from Hegelian insights Through its sustained engagement with Hegel's ideas about conflict and reconciliation Hegel's Social Ethics makes an important contribution to debates about how to live well with religious and ethical disagreement

The ^AVirtues of Violence Kevin Duong, 2020-03-19 The Virtues of Violence studies a pervasive but misunderstood image of violence in modern French thought popular violence as social regeneration It argues that this vision of violence was not a niche phenomenon but central to the momentous developments of modern French politics It appealed to thinkers across the spectrum because it answered fundamental dilemmas at the heart of democratization Understanding its pervasive appeal Duong argues reveals how democracy was never simply a struggle for justice or a new legal regime but also liberating visions of the social bond

Time, History, and Political Thought John Robertson, 2023-06-22 Between the cliché that a week is a long time in politics and the aspiration of many political philosophers to give their ideas universal timeless validity lies a gulf which the history of political thought is uniquely qualified to bridge For that history shows that no conception of politics has dispensed altogether with time and many have explicitly sought legitimacy in association with forms of history Ranging from Justinian's law codes to rival Protestant and Catholic visions of political community after the Fall from Hobbes and Spinoza to the Scottish Enlightenment and from Kant and Savigny to the legacy of German Historicism and the Algerian Revolution this volume explores multiple ways in which different conceptions of time and history have been used to understand politics since late antiquity Bringing together leading contemporary historians of political thought Time History and Political Thought demonstrates just how much both time and history have enriched the political imagination

Back Over the Sexual Contract Lorenzo Rustighi, 2021-12-27 Is patriarchy an illness of democratic societies or a structural problem To answer this dilemma Back Over the Sexual Contract A Hegelian Critique of Patriarchy examines the dilemma of patriarchy in modern European political theory by reopening the question of the sexual contract Through a study of the thought of Thomas Hobbes John Locke Jean Jacques Rousseau and Immanuel Kant Lorenzo Rustighi argues that the conceptual roots of male patriarchal entitlement should be sought in the logic of authorized power that underpins the modern understanding of both the state and the family Challenging the mainstream distinction between the private and the public Rustighi provocatively suggests that patriarchy is not something that undermines democracy as an alien threat but is rather inscribed in the intrinsically anti-democratic effects of the concept of democracy construed by the modern rationale of the social contract He puts forward a

Hegelian argument to propose an unconventional constitutional approach to feminist political theory that helps us rethink democracy beyond its inherent impasses **Facing Authority** Thomas Fossen, 2023-10-24 Political protest is often at least partially about the question of legitimacy How can we distinguish whether a regime is legitimate or merely purports to be so In *Facing Authority* Thomas Fossen develops a new philosophical approach to political legitimacy interweaving analyses of key concepts including representation identity and temporality with examples of real life struggles for legitimacy from the German Autumn to the Arab Spring Instead of asking what makes authorities legitimate in the abstract Fossen investigates how the question of legitimacy manifests itself in practice The result is a pragmatist alternative to predominant moralist and realist approaches to legitimacy in political philosophy **The Court of Reason** Beatrix Himmelmann, Camilla Serck-Hanssen, 2021-11-08 The Proceedings present the contributions to the 13th International Kant Congress which was held at the University of Oslo August 6-9 2019 The congress which hosted speakers from more than thirty countries and five continents was dedicated to the topic of the court of reason The idea that reason stands before itself as a tribunal characterizes the whole of Kant's critical project Without such a court reason falls into conflict with itself With such a court in place however it may succeed in establishing the possibility and limits of metaphysics ethics aesthetics law and science The idea of reason being its own judge is not only pivotal to a proper understanding of Kant's philosophy but can also shed light on the burgeoning fields of meta philosophy and philosophical methodology The 2019 Kant Congress put special emphasis on Kant's methodology his account of conceptual critique and the relevance of his ideas to current issues in especially political philosophy and the philosophy of law Additional sections discussed a wide range of topics in Kant's philosophy The Proceedings will provide anyone who is interested in exploring the variety of present day work on Kant and Kantian themes with a wealth of fruitful inspiration *Hegel and the Representative Constitution* Elias Buchetmann, 2023-04-20 *Hegel and the Representative Constitution* provides the first comprehensive historical discussion of the institutional dimension of G W F Hegel's political thought Elias Buchetmann traces this much neglected aspect in unprecedented contextual detail and makes the case for reading the *Philosophy of Right* from 1820 as a contribution to the lively and widespread public debate on the constitutional question in contemporary Central Europe Drawing on a broad range of primary source material this volume illuminates the wider political discourse in post Napoleonic Germany carefully locates Hegel's institutional commitments within their immediate cultural and political context and reveals him as something closer to a public intellectual By exploring this indispensable thinker's demand for the constitutional protection of popular participation in government it contributes beyond Hegel scholarship to shed new light on the history of democratic theory in early nineteenth century Europe and encourages critical reflection on questions of representation today *Constituent Power and the Law* Joel Colón-Ríos, 2020-03-26 Constituent power is the power to create new constitutions Frequently exercised during political revolutions it has been historically associated with extra legality and violations of the established

legal order This book examines the relationship between constituent power and the law It considers the place of constituent power in constitutional history focusing on the legal and institutional implications that theorists politicians and judges have derived from it Commentators and citizens have relied on the concept of constituent power to defend the idea that electors have the right to instruct representatives to negate the doctrine of parliamentary sovereignty and to argue that the creation of new constitutions must take place through extra legislative processes including primary assemblies open to all citizens More recently several Latin American constitutions explicitly incorporate the theory of constituent power and allow citizens acting through popular initiative to trigger constitution making episodes that may result in the replacement of the entire constitutional order Constitutional courts have also at times employed constituent power to justify their jurisdiction to invalidate constitutional amendments that alter the fundamental structure of the constitution and thus amount to a constitution making exercise Some governments have used it to defend the legality of attempts to transform the constitutional order through procedures not contemplated in the constitution s amendment rule but considered participatory enough to be equivalent to the people in action sometimes sanctioned by courts Building on these findings Constituent Power and the Law argues that constituent power unlike sovereignty should be understood as ultimately based on a legal mandate to produce a particular type of juridical content In practice this makes it possible for a constitution making body to be understood as legally subject to popularly ratified substantive limits

The Spirit of Democracy Sofia

Näsström,2021-06-20 How does one revitalize democracy in times of crisis Democracy is today challenged by populism and elitism as well as by the resurgence of new forms of authoritarianism The Spirit of Democracy Corruption Disintegration Renewal shows that while we have good reasons to worry about the corruption of democratic practices and ideals these worries are often attributable to questionable assumptions about what democracy is Drawing on Montesquieu s classical work on the spirit of laws the book sets out to reconceive the ways in which we understand and conceptualise modern democracy from sovereignty to spirit According to Montesquieu different political forms are animated and sustained by different spirits a republic by virtue a monarchy by honour and a despotic form by fear This book argues that modern democracy is a sui generis political form animated and sustained by a spirit of emancipation The removal of divine natural and historical authorities in political affairs unleashes a fundamental uncertainty about the purpose and direction of society In a democracy we respond to that uncertainty by sharing and dividing it equally It emancipates us from a state of self incurred tutelage Based on this argument the book develops a new theoretical framework for studying the corruption disintegration and renewal of democracy what it is how it begins and where in society it plays out

The Oxford

Handbook of Populism Cristóbal Rovira Kaltwasser,Paul A. Taggart,Paulina Ochoa Espejo,Pierre Ostiguy,2017 The Oxford Handbook of Populism presents the state of the art of research on populism from the perspective of Political Science The book features work from the leading experts in the field and synthesizes the main strands of research in four compact

sections concepts issues regions and normative debates Due to its breadth The Oxford Handbook of Populism is an invaluable resource for those interested in the study of populism but also forexperts in each of the topics discussed who will benefit from accounts of current discussions and research gaps as well as a map of new directions in the study of populism

Legitimacy in Liberal Democracies Benjamin M. Studebaker, 2024-11-30 In this book Studebaker develops a theory of legitimacy to explain the crisis of liberal democracy in established democracies like the United Kingdom and the United States In these countries there is deep dissatisfaction with political procedures yet no credible alternatives have emerged Without alternatives the crisis cannot produce revolution Instead Studebaker suggests that the disagreements that ordinarily lead to political violence instead proliferate throughout the state and society As the distinction between legitimacy and ideology blurs efforts to generate legitimacy instead generate greater inequality pluralism and gridlock As different factions try to save democracy in radically different ways diverse advocates of democracy get in each other s way and even begin to appear authoritarian to one another In *Legitimacy in Liberal Democracies* Studebaker depicts a legitimacy crisis rife with state capacity problems in which citizens tell each other many conflicting legitimization stories as they search for ways to live with a dissatisfying political system they cannot replace The result is a legitimization hydra a state that is burdened by an excess of narratives that struggles to take any action at all

After Kant Michael Sonenscher, 2023-07-11 A reflection on the legacy of money law and history in modern political thought

The Chronic Crisis of American Democracy Benjamin Studebaker, 2023-03-17 This book argues that American democracy is in crisis The economic system is slowly subjecting Americans of nearly all income levels and backgrounds to enormous amounts of stress The United States lacks the state capacity required to alleviate this stress and politicians increasingly find that if they promise to solve economic problems they are likely to disappoint voters Instead they encourage voters to blame each other The crisis cannot be solved the economy cannot be set right and democracy cannot be saved But American democracy cannot be killed either Americans can t imagine any compelling alternative political systems And so American democracy continues on in a deeply unsatisfying way Americans invent ever more elaborate coping mechanisms in a desperate bid to go on But it becomes increasingly clear that the way is shut The American political system was made by those who are dead and the dead keep it

Liberal Disorder, States of Exception, and Populist Politics Valur Ingimundarson, Sveinn Jóhannesson, 2020-12-20 Liberal democracy is in trouble This volume considers the crosscutting causes and manifestations of the current crisis facing the liberal order Over the last decade liberal democracy has come under mounting pressure in many unanticipated ways In response to seemingly endless crisis conditions governments have turned with alarming frequency to extraordinary emergency powers derogating the rule of law and democratic processes The shifting interconnections between new technologies and public power have raised questions about threats posed to democratic values and norms Finally the liberal order has been challenged by authoritarian and populist forces promoting anti pluralist agendas Adopting a synoptic perspective that puts liberal disorder

at the center of its investigation this book uses multiple sources to build a common historical and conceptual framework for understanding major contemporary political currents The contributions weave together historical studies and conceptual analyses of states of exception emergency powers and their links with technological innovations as well as the tension ridden relationship between populism and democracy and its theoretical ideological and practical implications The book will be of interest to scholars and students of a number of disciplines in the humanities and social sciences history political science philosophy constitutional and international law sociology cultural studies anthropology and economics

When somebody should go to the books stores, search introduction by shop, shelf by shelf, it is essentially problematic. This is why we provide the ebook compilations in this website. It will completely ease you to look guide **The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change** as you such as.

By searching the title, publisher, or authors of guide you truly want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections. The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change has opened up a world of possibilities. Downloading The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent

platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change is one of the best book in our library for free trial. We provide copy of The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change. Where to download The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change online for

free? Are you looking for The Struggle For Democracy Paradoxes Of Progress And The Politics Of Change PDF? This is definitely going to save you time and cash in something you should think about.
