Gender Differences and the Making of Liturgical History Professor Teresa Berger, 2013-06-28 Mapping uncharted territory in the study of liturgy s past this book offers a history to contemporary questions around gender and liturgical life Teresa Berger looks at liturgy s past through the lens of gender history understood as attending not only to the historically prominent binary of men and women but to all gender identities including inter sexed persons ascetic virgins eunuchs and priestly men Demonstrating what a gender attentive inquiry is able to achieve Berger explores both traditional fundamentals such as liturgical space and eucharistic practice and also new ways of studying the past for example by asking about the developing link between liturgical presiding and priestly masculinity Drawing on historical case studies and focusing particularly on the early centuries of Christian worship this book ultimately aims at the present by lifting a veil on liturgy s past to allow for a richly diverse notion of gender differences as these continue to shape liturgical life

Ritual Catherine Bell, 1997-11-20 From handshakes and toasts to chant and genuflection ritual pervades our social interactions and religious practices Still few of us could identify all of our daily and festal ritual behaviors much less explain them to an outsider Similarly because of the variety of activities that qualify as ritual and their many contradictory yet in many ways equally legitimate interpretations ritual seems to elude any systematic historical and comparative scrutiny In this book Catherine Bell offers a practical introduction to ritual practice and its study she surveys the most influential theories of religion and ritual the major categories of ritual activity and the key debates that have shaped our understanding of ritualism Bell refuses to nail down ritual with any one definition or understanding Instead her purpose is to reveal how definitions emerge and evolve and to help us become more familiar with the interplay of tradition exigency and self expression that goes into constructing this complex social medium

Spinks, 2016 This book calls attention to the importance of scholarly reflection on the writing of liturgical history The essays not only probe the impact of important shifts in historiography but also present new scholarship that promises to reconfigure some of the established images of liturgy's past Based on papers presented at the 2014 Yale Institute of Sacred Music Liturgy Conference Liturgy's Imagined Past/s seeks to invigorate discussion of methodologies and materials in contemporary writings on liturgy's pasts and to resource such writing at a point in time when formidable questions are being posed about the way in which historians construct the object of their inquiry *The Encycloedia of Christianity, Vol. 5* Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Written by leading scholars from around the world the articles in this volume range from sin Sufism and terrorism to theology in the 19th and 20th centuries Vatican I and II and the virgin birth *Foundations in Ritual Studies* Paul Bradshaw, John Melloh, 2007-09-01 The new field of ritual studies applies anthropological methodology to the study of religious actions The first collection of its kind Foundations in Ritual Studies offers students of Christian liturgy fresh insights from specialists in anthropology religious studies and Christian liturgy The list of contributors includes Romano Guardini Mark Seale John Witvliet Mary Douglas Victor Turner Nathan Mitchell Ronald Grimes Catherine Bell Margaret Mary Kelleher and Herbert Fingarette This one volume collection makes their landmark contributions available to professors graduate students theologians and biblical scholars *The Music and Dance of the World's Religions* E. when so much depends on instant gratification and in which institutional commitment is often held in contempt Searle's thinking provides an avenue for liturgical renewal that hinges upon a respect for and trust in ritual forms and behavior

Before Theological Study Harry O. Maier, Ashley John Moyse, Richard R. Topping, 2021-09-16 Before Theological Study will orient students to the aptitudes, knowledge, spirituality, imagination and dispositions that are appropriate to thoughtful, engaged and generous theological study. The book has the character of a modern theological enchiridion, handbook for engagement with the disciplines that are a part of preparation for ministry. It is characterized by the vision of the Vancouver School of Theology to prepare students for thoughtful, engaged and generous Christian ministry practiced in a way that is alert to the multi-religious contexts and the colonial legacy of mainline Christianity. The essays in this handbook are written in a variety of registers yet each remains accessible to the newcomer or potential newcomer to theological education. The book is not rooted in a unified orthodoxy but expresses the bandwidth of contemporary theological viewpoints
