The Stuffed Owl D.B. Wyndham Lewis, Charles Lee, 2003-04-30 The editors of this legendary and hilarious anthology write It would seem at a hasty glance that to make an anthology of Bad Verse is on the whole a simple matter On the contrary Bad Verse has its canons like Good Verse There is bad Bad Verse and good Bad Verse It has been the constant preoccupation of the compilers to include in this book chiefly good Bad Verse Here indeed one finds the best of the worst of the greatest poets of the English language masterpieces of the maladroitness by Dryden Wordsworth and Keats among many others together with an index Maiden feathered uncontrolled appetites of 59 Manure adjudged a fit subject for the Muse 91 that is itself an inspired work of folly

The Long and Short of It Gary Morson,2012-04-04 Brevity may be the soul of wit but it is also much more In this exploration of the shortest literary works wise sayings proverbs witticisms sardonic observations about human nature pithy evocations of mystery terse statements regarding ultimate questions Gary Saul Morson argues passionately for the importance of these short genres not only to scholars but also to general readers We are fascinated by how brief works evoke a powerful sense of life in a few words which is why we browse quotation anthologies and love to repeat our favorites Arguing that all short genres are short in their own way Morson explores the unique form of brevity that each of them develops Apothegms Heraclitus Lao Tzu Wittgenstein describe the universe as ultimately unknowable offering not answers but ever deeper questions Dicta Spinoza Marx Freud create the sense that unsolvable enigmas have at last been resolved Sayings from sages and sacred texts assure us that goodness is rewarded while sardonic maxims Ecclesiastes Nietzsche George Eliot uncover the self deceptions behind such comforting illusions Just as witticisms display the power of mind witlessisms William Spooner Dan Quayle the persona assumed by Mark Twain astonish with their spectacular stupidity Nothing seems further from these short works than novels and epics but the shortest genres often set the tone for longer ones which in turn contain brilliant examples of short forms Morson shows that short genres contribute important insights into the history of literature and philosophical thought Once we grasp the role of aphorisms in Herodotus Samuel Johnson Dostoevsky and even Tolstoy we see their masterpieces in an entirely new light

Interruptions Gerald L. Bruns,2018-04-10 A history of fragmentary or interrupted writing in avant garde poetry and prose by a renowned literary critic In *Interruptions The Fragmentary Aesthetic in Modern Literature* Gerald L Bruns explores the effects of parataxis or fragmentary writing as a device in modern literature Bruns focuses on texts that refuse to follow the traditional logic of sequential narrative He explores numerous examples of self interrupting composition starting with Friedrich Schlegel s inaugural theory and practice of the fragment as an assertion of the autonomy of words and their freedom from rule governed hierarchies Bruns opens the book with a short history of the fragment as a distinctive feature of

literary modernism in works from Gertrude Stein to Paul Celan to present day authors The study progresses to the later work of Maurice Blanchot and Samuel Beckett and argues controversially that Blanchot's writings on the fragment during the 1950s and early 1960s helped to inspire Beckett's turn toward paratactic prose The study also extends to works of poetry examining the radically paratactic arrangements of two contemporary British poets J H Prynne and John Wilkinson focusing chiefly on their most recent and arguably most abstruse works Bruns also offers a close study of the poetry and poetics of Charles Bernstein Interruptions concludes with two chapters about James Joyce First Bruns tackles the language of Finnegans Wake namely the break up of words themselves its reassembly into puns neologisms nonsense and even random strings of letters Second Bruns highlights the experience of mirrors in Joyce's fiction particularly in Dubliners Portrait of the Artist as a Young Man and Ulysses where mirrored reflections invariably serve as interruptions discontinuities or metaphorical displacements and proliferations of self identity

Collecting as Modernist Practice Jeremy Braddock, 2012-01-18 In this highly original study Jeremy Braddock focuses on collective forms of modernist expression the art collection the anthology and the archive and their importance in the development of institutional and artistic culture in the United States Using extensive archival research Braddock's study synthetically examines the overlooked practices of major American art collectors and literary editors Albert Barnes Alain Locke Duncan Phillips Alfred Kreymborg Amy Lowell Ezra Pound Katherine Dreier and Carl Van Vechten He reveals the way collections were devised as both models for modernism's future institutionalization and culturally productive objects and aesthetic forms in themselves Rather than anchoring his study in the familiar figures of the individual poet artist and work Braddock gives us an entirely new account of how modernism was made one centered on the figure of the collector and the practice of collecting Collecting as Modernist Practice demonstrates that modernism's cultural identity was secured not so much through the selection of a canon of significant works as by the development of new practices that shaped the social

meaning of art Braddock has us revisit the contested terrain of modernist culture prior to the dominance of institutions such as the Museum of Modern Art and the university curriculum so that we might consider modernisms that could have been Offering the most systematic review to date of the Barnes Foundation an intellectual genealogy and analysis of The New Negro anthology and studies of a wide range of hitherto ignored anthologies and archives Braddock convincingly shows how artistic and literary collections helped define the modernist movement in the United States John Xiros Cooper The University of British Columbia **The Columbia Granger's Index to Poetry in Anthologies** ,2007 Among Our Books Carnegie Library of Pittsburgh,1929 **The New York Times Book Review** ,1987 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback **The Publishers Weekly** ,1946-04 **The New York Times Book Review Index, 1896-1970: Category index** ,1973 **The New York Times Book Review Index, 1896-1970: Author index** ,1973 **New York Times Saturday Review of Books and Art** ,1973 **Books in Print** ,1962 World Authors, 1900-1950 Martin Seymour-Smith,1996 Representing a broad range of ethnic diversity these in depth profiles present fascinating accounts of lives and careers the circumstances under which works were produced and their literary significance Each profile also includes critical evaluation a list of the author s principal works with date first published a list of major critical works and a portrait or photograph where available **Saturday Review of Literature** ,1929 *The New York Times Book Review Index, 1896-1970: Byline index* ,1973
