Schutte,2013-07-12 I explain Genesis 1 v 1 the beginning or birth of the Universe in terms of the Bible using not theology but mathematics I prove Genesis 1 verse 1 to be correct by using mathematics The Bible says IN THE BEGINNING OF CREATION 1 when God made heaven and earth 2 the earth was without form and void 3 with darkness over the face of the abyss Yes this I do explain mathematically and I manage this because I prove and explain four cosmic keys that build the Universe namely The Titius Bode Law The Lagrangian Points The Roche limit and Coanda Effect Everything in nature in the Universe applies these phenomena in how space forms The Titius Bode Law The Lagrangian Points The Roche Coanda Effect forms the Universe in as much as forming stars in spheres and forming galactica in circles These principles form space and materials This is a process that produces space and that is how the Universe began before the Universe began in space I take the cosmic birth back to before space came about as the Big Bang Universal Truth Dr. Peter C. Rogers,2011-10-18 This book unlocks many of the mysteries held throughout ancient times by introducing the reader to concepts and beliefs predating organized religion Universal Truth is an expose of hidden knowledge and truths practiced by adepts and spiritual masters since the beginning of time as we know it In this book Dr Rogers researches countless subjects dealing with metaphysical teachings to help readers gain a better understanding of the world in which live and the laws that govern it Universal Truth is the key to the kingdom for anyone who s not afraid to venture beyond the known into a world of secrecy and mystery that lay hidden from the common person But be for warned this is not a book for the religious at heart nor the conditioned thinker but rather this is a book for the open minded and the brave spirited You wont believe what s been hidden
