

*To all golf course superintendents
who have heard their greens were too fast and too slow
— on the same day*

The Superintendent's Guide to Controlling

PUTTING Green Speed

Thomas A. Nikolai

The Superintendents Guide To Controlling Putting Green Speed

Jessica J Manson

The Superintendents Guide To Controlling Putting Green Speed:

The Superintendent's Guide to Controlling Putting Green Speed Thomas A. Nikolai, 2004-10-18 Let renowned expert Thomas Nikolai bring you up to speed on establishing and maintaining the best green speeds for your course. He covers it all: playability, environmental and weather factors, mowing, turfgrass species selection, every consideration that influences how fast and how far a given putt will go. Dr. Nikolai, turfgrass academic specialist at Michigan State and green speed specialist for The Golf Course Superintendents Association of America, distills a wealth of research and first-hand experience into easy-to-follow advice on how to deal with the common problems associated with green speed techniques on how to find the ideal speed for your greens and the correct use of current technology including the Stimpmeter. His non-technical language makes the information accessible whether you're a golf course superintendent or a student. Order your copy today. **Dave Pelz's Putting Bible** Dave Pelz, 2000-06-06 Combines step-by-step drawings and photographs with detailed instruction in the author's techniques to provide a master class in the art of putting and offers advice on everything from perfecting the set-up to reading a tricky green. **International Turfgrass Bulletin**, 2007 Tournament Management John C. Miller, 2009-01-20 Every year thousands of golf tournaments are held across the globe from high-profile majors like the PGA Championship and British Open to smaller regional amateur and member guest events. Superintendents are responsible for preparing the course in anticipation of a tournament and maintaining the course during the event. This book offers superintendents and allied professionals all the tools they need to prepare and maintain golf courses for tournaments. It offers practical guidelines for a successful tournament from how to prepare greens, tees, fairways, bunkers, and rough through cup cutting, pest management, and fertilization prior to and during the tournament to tips on managing professional events. **Golfdom**, 2010 *The Golf Superintendent*, 1978 *Golf Course Management*, 2007 The Golf Course Reporter, 1965 *Southern Golf*, 1989 Porous Pavements Bruce Ferguson, 2005-02-18 Pavements are the most ubiquitous of all man-made structures and they have an enormous impact on environmental quality. They are responsible for hydrocarbon pollutants, excess runoff, groundwater decline, and the resulting local water shortages, temperature increases in the urban heat island, and for the ability of trees to extend their roots in order to live. Porous pavements, despite their ability to mitigate these factors, remain the object of much skepticism and controversy. Written by a renowned expert with 25 years of experience in urban watershed management, *Porous Pavements* is the first comprehensive encyclopedia of porous pavement materials. The book begins with five chapters that lay a foundation for all porous pavement materials and applications, introducing the types of materials and arrangements, their roles in the urban environment, and the principles of pavement structure, hydrology, and rooting space. The following nine chapters outline the costs, maintenance requirements, advantages, and disadvantages for different applications, installation methods, sources of standard specifications, and performance levels for each family of porous pavement materials. Relying on case studies and factual data from observed experience and

containing abundant references for further information Porous Pavements gives responsible practitioners a complete toolbox from which to select the appropriate material for site specific conditions providing a green alternative to impervious pavements **The American City** Arthur Hastings Grant, Harold Sinley Bittenheim, 1923 **Golf Business** ,1960 **The Northwestern Miller** ,1921 **Brick and Clay Record** ,1912 *Brick* ,1912 **Research Publications and Professional Activities** Pennsylvania State University, 1980 *Paper Mill News* ,1941 *Research Publications and Other Contributions* Pennsylvania State University, 1982 Cincinnati Magazine ,2003-04 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region **Business Publication Advertising Rates and Data** Standard Rate & Data Service, 1969
